RADICAL CHANGES FROM PRESENT SYSTEM

A call has been issued by County Chairman McNutt for a meeting of the Republican county central committee to be held at Lisbon October 3.

The committee appointed some time ago to revise the rules and change the manner of selecting party candidates has made its report, and it will be submitted to the county committee on the date mentioned.

The members of the county central committee are divided as to their approval of the rules, and the meeting promises to be an unusually interesting one. The new plan submitted by the special committee is as follows:

First—Primary elections for the selection of delegates to a county convention to nominate candidates for county and district offices and to select delegates to district and state conventions, and for the selection of three central committeemen for each election precinct shall be held on Friday, ——— ——, between the hours of 11:30 a. m. and 5:30 p. m., central time, in the different election precincts in the county.

THE ASSESSMENTS UPON CANDIDATES

Third—Committeemen of each election precinct shall take charge of and deliver the poll books and tally sheets to the secretary of the county executive committee, who shall deliver them to the secretary of the county convention which shall be held in Lisbon at 10 a. m. on the Saturday following the date of the primary.

Fourth—The convention shall be called to order by the county chairman and shall at once proceed to the election of a president, vice president, secretary and assistant secretaries and the election of committees on credentials, rules and order of business and resolutions.

EXPERT'S REPORT ON CITY LIGHTS

It Is Said to Be Decidedly Favorable to the United Power Company.

CONTRACT LIVED UP TO

Council at its regular meeting tomorrow evening will have an unusually large amount of business to dispose of. Action will be called for on the report of the expert electrician on the electric lights of this city, the contract with the Sanitary Reduction company will be brought up and the body will be implored to make an appropriation for the benefit of several municipal funds.

Though it has not been given out officially, the report on the light question, which has been the subject of endless comment for many months, will amount to very little. It is understood that the electrician employed by the board of public service to determine whether or not the city was getting that for which it paid, in his report, favors the United Power company. It is said that after a careful examination he concluded that the lights are equal to the provisions of the contract and that they are furnished with the required amount of voltage, the only fault discovered in connection with them being the kind of a shade overhanging them and the negligence of the lamp cleaner. The expert thinks that a different shade would have a wonderful effect and that if the lamp cleaner would keep the globes in perfect condition there would be but little room for objection. Whether or not council will accept the report as final is not known.

City Auditor Davidson states that action is expedient by council relative to the appropriation of money for the several funds. The police, fire, street, garbage and health funds are all considerably short and something must be done if council wishes to prevent a re-currence of conditions that existed a short time ago when the officials of the city were compelled to go for weeks without receiving their money. However, council will find it a difficult task to re-imburse the funds with only $7,000 to draw from. That is the amount left at the disposal of the body, and there will be none at hand before the first of January. For this reason it is also urged that the members take immediate action on the sale of the $92,925 worth of bonds. With that money in their hands the councilmen can give relief to all funds and save the city many a dollar, that is being paid daily for interest.

The garbage contract has been drafted and will no doubt be fully considered.

THE WIFE IS ACCUSED OF EXTREME CRUELTY

Lisbon, September 21.—(Special.)—The usual order of divorce suits is reversed in a petition filed here today by Thomas Pierce, of East Liverpool, in which the plaintiff asks legal separation from Laura Pierce on grounds of extreme cruelty, habitual drunkenness and infidelity.

They were married three years ago in East Liverpool and have no children. The husband charges that on September 30, 1900, just two months after their marriage, while he was asleep in bed at their home in East Liverpool, his wife came home in an intoxicated condition and struck him several times on the body, head and arms, breaking the little finger of his left hand, and again on July 4, 1902, at Cleveland, with the assistance of a man unknown to him, she beat him on the head, cutting his ear, blacking his eye and otherwise injuring him. She is also alleged to have been unfaithful at Cleveland with a man whose name is not known to the plaintiff.

Mr. Pierce says he has not been living with his wife for two years and her place of residence is not known. McGarry & McGarry, of East Liverpool, are the plaintiff's attorneys.

DENIAL ENTERED

Senator Hanna Will Not Retire as Republican National Chairman.

Cleveland, September 21.—(Special.)—Senator Hanna denies the report that he is to resign as chairman of the Republican national committee on account of ill health.

THE PUBLIC BUILDING SITE

Brunt Property, Fifth Street and Broadway, Decided Upon—Building Work Cannot Start Before Spring of 1905.

Washington, September 21.—(Special)—The supervising architect of the treasury today accepted as a site for the public building at East Liverpool the property at the corner of Fifth and Broadway, containing 13,000 square feet, and offered to the government by William Brunt. The price is $30,000.

The procedure from this point is for Mr. Brunt to forward to the United States district attorney at Cleveland the deeds and title of the property and he will send it on to the department of justice, where it will be passed upon by the attorney general. If the papers are found to be all right and a clear title to the land is shown the attorney general will certify these facts to the secretary of the treausry and the money will be paid to Mr. Brunt.

The matter of appropriating money for a building will come before the next congress. At present provision only for the site has been made. But supposing an appropriation is made at the first session of this coming congress, it will not be possible for the supervising architect of the treasury to begin work upon the building before the spring of 1905, and possibly not until the fall of that year.

There are now about 150 public buildings authorized in various sections of the country, and they are taken up in the order that title is obtained to the sites. But although the site at East Liverpool may be transfered to the government this fall, there being no money appropriated for the building, nothing can be done in the way of preparing plans, etc., until congress authorizes the expenditure of the money.

East Liverpool is not alone in this matter as there are many other cities in the same fix, and though the sites are provided the preparation of plans cannot begin until congress makes appropriations for building.

The selection of the Brunt site was strongly urged by most of the business interests of East Liverpool and the decision will be hailed with general satisfaction. After the announcement was made of the date on which the matter was ti be decided, scores of letters were written by local business men and firms, urging the treasury department to choose the Brunt property.

SUIT FOR $10,000 HAS BEEN BEGUN

JAMES DEAKIN'S ACTION AGAINST UNITED POWER COMPANY.

Says He Was Knocked Down By a Street Car and Permanently Injured.

Lisbon, September 21.—(Special)—Another heavy damage suit against the United Power company, of East Liverpool, was filed here today, the plaintiff, James Deakin, asking $10,000 for injuries sustained May 7 last.

The plaintiff says that on the date named he was crossing East Market street in East Liverpool when he was run into by one of the company's cars and knocked down on the track, the wheels passing over his right foot and necessitating amputation. Deakin charges that the accident was due solely to the negligence of the street car company and its employes. In the consideration of the long suffering expense, loss of time and impaired ability to work, resulting from the accident, the plaintiff thinks he has been damaged to the amount sued for. He is a potter and can no longer follow that occupation.

Hill & Davidson are the plaintiff's attorneys.

OFFICER JAY FISHER BITTEN BY A DOG

Officer Jay Fisher, of the East End, will probably leave for Pittsburg this evening, where he will undergo treatment to prevent blood poisoning, which it is thought possible as the result of his being bitten by a mad dog Saturday afternoon.

Fisher was called to the McClure home on Andrews avenue to assist in dispatching a dog which was supposed to be mad. He had the dog muzzled and together with Mr. McClure started toward the river bank to kill the animal. The animal suddenly sprang at the officer and bit a piece of flesh, the size of a dollar, from the calf of his right leg. The officer had a most exciting experience in loosing the dog from its hold. He beat it repeatedly on the head with his mace before it let go. The dog was shot. The officer then went to the office of Dr. Marshall and had the wound cauterized. Friends advised him to go to Pittsburg to take the Pasteur treatment and he has decided to go.

MAYOR WEAVER WILL BE PRESENT

Accepts the Invitation to Address the Ohio State Liquor League.

BIG CONVENTION EXPECTED

The opening of the twelfth annual convention of the Ohio State Liquor League at Turner hall tomorrow morning at 10 o'clock promises to be most auspicious. Every arrangement is complete for the affair and the local members of the league who have had the preparation in hand feel that not a stone has been left unturned that would assist in any manner with the success of the gathering.

It is expected that nearly 150 members of the league from every section of the state will be present when President John Koerber, of Akron, calls the meeting to order. After this duty has been performed Mayor W. A. Weaver will make the address of welcome, having been accorded the invitation by the local committee, which carried out a custom that has been in vogue with the league since its organization. The remarks of the Prohibition mayor will no doubt be full of interest.

Delegates from all over the state commenced to arrive in the city this morning and it is thought that before night at least 100 will be present. They are being met at the depot by the reception committee, Joseph Turnbull, Ambrose Weber, T. O. Carman and Fred Oeschmann, who have made it a point to escort them to the places designated for them as their places of abode while within the city.

The convention will be in session until Wednesday evening, Thursday having been set as the date for the delegates to return to their homes. On Wednesday evening the delegates will be handsomely entertained by the local members at Turner hall by a banquet, for which money and care have not been spared. It is the object of local members to make this the most enjoyable feature of the convention, and it will not be their fault if the anticipations are not carried out. While the mass of delegates are in the city they will be entertained in numerous ways, a committee having arranged for an extensive program.

The committee on arrangements to whom the visitors will be particularly obligated is composed of Joseph W. Geon, W. E. Morrow, A. J. Kenney, William Dailey, John Ecker, Robert Maxwell and David Barnhart. The local delegates to the convention are: Joseph W. Geon, W. E. Morrow, A. J. Kenney, T. O. Carman. The alternates are David Barnhart, John Rigot, Robert Sodaker, Robert Dorsey and Henry Hetzel. While the above are the delegates, practically every member of the association living in the city is expected to attend.

It is the intention of the Y. M. C. A. to place the strongest possible eleven in the field this fall and arrange a number of games with the elevens of nearby towns. The success of the base ball season just closen has proved that athletic contests conducted under the direction of the association are popular with the lovers of sports.

HIGHER WAGES FOR SCHOOL TEACHERS

Commissioner Bonebrake Proposes to Fix the Minimum Wage At $40.

Columbus, September 21.—(Special)—State School Commissioner L. D. Bonebrake says that the wages of the school teachers of Ohio are too low, and he intends to frame a bill, which he will offer to the next legislature, fixing a standard of wages for teachers commensurate with the services given.

The minimum will be fixed at $40, which is what it is in West Virginia.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Tocsin Sounded and Republicans Called to Battle for Good Government and Progress.

HOLLOW PRETENSES OF THE JOHNSON CROWD

Chillicothe, September 21.—There were distinctive features in connection with the opening meeting of the Republican state campaign here Saturday outside of those which always mark meetings of such a character. While thousands cheered the distinguished guests, while bands tooted and filled the air with melody, and while a parade displayed political clubs from every portion of the state, the real significant feature of it all was the underlying, but visible, unanimity of purpose and belief which was seen and heard on every hand—a purpose to carry on a vigorous, clean, manly campaign, free from those things which have already marked the Democratic fight, and belief in a sweeping, overwhelming victory. In these things the Republican leaders who met here found cause for congratulation and reason for mutual joy.

The meeting was held in Yocatonge park, at which Governor Nash presided, and speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor; Warren G. Harding, candidate for lieutenant governor, and others. Scott Bonham, president of the Ohio League of Republican clubs, who were here taking part in the demonstrations, said that special invitations were sent to over 300 clubs after Chairman Dick had written them, "that the only fear this year was the spirit of over-confidence prevalent among Republican workers in Ohio," and in response the demonstration was the largest in the history of the Ohio league. The decorations were as elaborate as at the recent Ohio Centennial celebration.

Hon. Albert Douglas acted as temporary chairman and introduced Governor George K. Nash in a happy style and in turn the latter introduced Colonel Myron T. Herrick, Senator Hanna, Senator Foraker and Hon. Warren G. Harding.

Senator Foraker was the first speaker introduced. He said:

"We are to elect a governor and other important state officials, and elect a legislature that will choose a United States senator. It would be enough to make this election important if nothing more were involved than merely a choice of men for these responsible posts of duty. But more important by far than the question of what man shall hold any one of these places is the great, broad question of a choice between political parties. Is Ohio to go Democratic or Republican is what everybody wants to know, not only here, but all over the country? What we do this year will indicate what we are likely to do next year. A vote for Herrick now means a vote for Roosevelt then. Herrick's election will mean that this great central commonwealth with its vast influence upon the politics of the country, approves and supports the policies of the Republican party now, in the election

TELEPHONE WAR GROWING LIVELY

Columbiana Cuts the Bell's Figures Ten Per Cent at Lisbon.

AT AN INTERESTING STAGE

Lisbon, September 21.—(Special.)—The telephone controversy promises to assume a new and interesting phase in Lisbon today which may compel the members of the business association to have two 'phones in their places of business. Four solicitors for the Columbiana Telephone company are expected here this afternoon to commence at once a canvass of the city, with an offer of telephone service which will go the Bell company's figures better by a 10 per cent rebate. The Columbiana solicitors will offer a rate of $24 to business houses and $18 to residences; which, when the 10 per cent rebate is taken advantage of by early payment of dues, will be reduced to $21.60 and $16.20, respectively. This contract will provide for a strictly local service, the same as the Bell company's contract provides for.

Lisbon officials of the Columbiana company claim to have already secured 70 signatures to contracts under the advanced rate. The company has at present 260 subscribers in Lisbon and it is alleged that the Bell company is

FOUR OF THE ARBITRATORS ON POTTERS' WAGE SCALE

The arbitrators who, under the terms of the agreement reached at the hiladelphia conference between the operatives and manufacturers are to settle the two questions in the wage scale the two committees could not agree upon, have been selected and announcement to this effect was made this morning.

The arbitrafors are James S. Hilbert, Rev. C. G. Jordan and Justice H. P. McCarron, of this city, and Circuit Judge John M. Cook, of Steubenville. None of them are connected with the potting industry either as operatives or manufacturers.

The gentlemen named received notice of their appointment this morning, and it is thought all of them will accept. Two of them have already signified their intention of doing so.

The first meeting of the arbitrators will be held some night this week, probably tomorrow, when they will select the fifth arbitrator. The meetings to consider the questions at issue will be arranged later.

The personnel of the committee warrants the assertion that both sides will receive the fairest of treatment.

HIGHER WAGES FOR SCHOOL TEACHERS

Columbus, September 21.—(Special)—State School Commissioner L. D. Bonebrake says that the wages of the school teachers of Ohio are too low, and he intends to frame a bill, which he will offer to the next legislature, fixing a standard of wages for teachers commensurate with the services given.

The minimum will be fixed at $40, which is what it is in West Virginia.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Tocsin Sounded and Republicans Called to Battle for Good Government and Progress.

HOLLOW PRETENSES OF THE JOHNSON CROWD

Chillicothe, September 21.—There were distinctive features in connection with the opening meeting of the Republican state campaign here Saturday outside of those which always mark meetings of such a character. While thousands cheered the distinguished guests, while bands tooted and filled the air with melody, and while a parade displayed political clubs from every portion of the state, the real significant feature of it all was the underlying, but visible, unanimity of purpose and belief which was seen and heard on every hand—a purpose to carry on a vigorous, clean, manly campaign, free from those things which have already marked the Democratic fight, and belief in a sweeping, overwhelming victory. In these things the Republican leaders who met here found cause for congratulation and reason for mutual joy.

The meeting was held in Yocatonge park, at which Governor Nash presided, and speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor; Warren G. Harding, candidate for lieutenant governor, and others. Scott Bonham, president of the Ohio League of Republican clubs, who were here taking part in the demonstrations, said that special invitations were sent to over 300 clubs after Chairman Dick had written them, "that the only fear this year was the spirit of over-confidence prevalent among Republican workers in Ohio," and in response the demonstration was the largest in the history of the Ohio league. The decorations were as elaborate as at the recent Ohio Centennial celebration.

Hon. Albert Douglas acted as temporary chairman and introduced Governor George K. Nash in a happy style and in turn the latter introduced Colonel Myron T. Herrick, Senator Hanna, Senator Foraker and Hon. Warren G. Harding.

Senator Foraker was the first speaker introduced. He said:

"We are to elect a governor and other important state officials, and elect a legislature that will choose a United States senator. It would be enough to make this election important if nothing more were involved than merely a choice of men for these responsible posts of duty. But more important by far than the question of what man shall hold any one of these places is the great, broad question of a choice between political parties. Is Ohio to go Democratic or Republican is what everybody wants to know, not only here, but all over the country? What we do this year will indicate what we are likely to do next year. A vote for Herrick now means a vote for Roosevelt then. Herrick's election will mean that this great central commonwealth with its vast influence upon the politics of the country, approves and supports the policies of the Republican party now, in the election

SEEKS TO RECOVER VALUABLE PROPERTY

Widow of a Salem Man Enters Suit For Dower Interest in the Estate.

Lisbon, September 21.—(Special)—Mrs. Rebecca Bossert, widow of the late Jeremiah Bossert, of Salem, is plaintiff in a suit filed here today by her attorneys, Potts & Wells, of Lisbon, asking that her dower interest in valuable real estate left by her husband be assigned to her. The defendants named in the petition are Martin L. and Mary Bossert, Blanche Royer, Ora Green, Grace Bossert, Jeremiah Bossert, an infant, Harriet Fawcett, Isabella Green, Charles Fawcett and Judge J. C. Boone, the latter as executor of the estate.

Mrs. Bossert says that on September 12, 1882, she was married to Mr. Bossert, who died in June last, and that during their married life he became the owner of two tracts of real estate by inheritance, a lot in the city of Salem and 402.80 acres in Salem township. It is alleged that coal is being mined from the second tract at the rate of 4,000 tons a month. This coal is being taken from what is known as No. 3 vein, while below it lies vein No. 4. Mrs. Bossert alleges that vein No. 3 is worth $5,000, but that all of the property in question is claimed by the executor, Judge Boone, who is holding it in trust for the defendants.

TELEPHONE WAR GROWING LIVELY

Columbiana Cuts the Bell's Figures Ten Per Cent at Lisbon.

AT AN INTERESTING STAGE

Lisbon, September 21.—(Special.)—The telephone controversy promises to assume a new and interesting phase in Lisbon today which may compel the members of the business association to have two 'phones in their places of business. Four solicitors for the Columbiana Telephone company are expected here this afternoon to commence at once a canvass of the city, with an offer of telephone service which will go the Bell company's figures better by a 10 per cent rebate. The Columbiana solicitors will offer a rate of $24 to business houses and $18 to residences; which, when the 10 per cent rebate is taken advantage of by early payment of dues, will be reduced to $21.60 and $16.20, respectively. This contract will provide for a strictly local service, the same as the Bell company's contract provides for.

Lisbon officials of the Columbiana company claim to have already secured 70 signatures to contracts under the advanced rate. The company has at present 260 subscribers in Lisbon and it is alleged that the Bell company is

FOUR OF THE ARBITRATORS ON POTTERS' WAGE SCALE

The arbitrators who, under the terms of the agreement reached at the hiladelphia conference between the operatives and manufacturers are to settle the two questions in the wage scale the two committees could not agree upon, have been selected and announcement to this effect was made this morning.

The arbitrafors are James S. Hilbert, Rev. C. G. Jordan and Justice H. P. McCarron, of this city, and Circuit Judge John M. Cook, of Steubenville. None of them are connected with the potting industry either as operatives or manufacturers.

The gentlemen named received notice of their appointment this morning, and it is thought all of them will accept. Two of them have already signified their intention of doing so.

The first meeting of the arbitrators will be held some night this week, probably tomorrow, when they will select the fifth arbitrator. The meetings to consider the questions at issue will be arranged later.

The personnel of the committee warrants the assertion that both sides will receive the fairest of treatment.

News and Notes About The Potteries

CARROLLTON NOTES.

Two kilns of saggers were fired this week.

Will Hackney, the mouldmaker, has been on the sick list the past week.

There are now 35 potters employed and 10 more will be added to the payroll by the first of next week.

During the past week over 20 persons from Lisbon, East Liverpool and Sebring have arrived here in quest of work.

The first biscuit kiln will be placed Monday. It will contain about 1,800 saggers, and each sagger will contain on an average of six pieces.

John Clark and his assistants will be here the first of the coming week to complete the lining of the decorating kilns, the fire brick having arrived.

The mule pulleys have not arrived yet, but the foreman, "Big Bill" Kane, was equal to the emergency and rigged up some substitute which will answer until the real things arrive.

The pottery committee states that there is still due about $5,000 on the loan, and the subscribers are earnestly requested to "make good" at the earliest possible moment. The money is needed. The pottery officials have done more than their part, and the subscribers should take pleasure in "whacking."

IMPROVEMENTS AT BURFORD'S.

Burford Brothers are spending several thousands of dollars in improvements to their plant and when the work now in progress is completed they will have one of the best arranged potteries in the city. Up until a short time ago the clay bins and slip departments were at the east side of the building and could not be reached except through a narrow alley, causing a great deal of labor and expense in unloading cars of clay and other material. When it was found impossible to build a switch so that cars could be set in near the bins the firm decided to devise some arrangement whereby the cost of unloading could be lessened. The plan decided upon was the construction of an elevator at the west side of the building and a tramway across the roof of the building to the bins. This work has been completed and the tram is in successful operation. The firm is using coal for biscuit kiln firing and a device may be arranged by which the fuel can be transported from the cars to the kiln shed.

Ninth—The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "County Delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precinct; the ballots for each election precinct shall be put up in pads securely fastened together.

(b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.

NONE BUT OFFICIAL BALLOTS ARE LEGAL

The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.

No elector shall be allowed to take any ballot from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

Eleventh—After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge who will examine it and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the person voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors present and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names on the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.

Fourteenth—No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.

Fifteenth—All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.

Sixteenth—No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.

Seventeenth—At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.

Eighteenth—In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.

MANNER OF HOLDING PRECINCT CAUCUSES

The precinct central committeemen shall advertise said caucus by publication or by posting at least five notices in different conspicuous places, stating the place of holding the caucus and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons so selected to the secretary of the county central committee and such names appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow the voters the privilege of voting for others.

When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.

Nineteenth—There shall be three central committeemen elected in each precinct at the county primary each year, the committeemen so elected in all the precincts of the county shall constitute the county central committee.

The central committee of each township shall organize by the election of a chairman, secretary and treasurer.

The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.

Twentieth—Any central committeeman may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.

THOSE QUALIFIED TO VOTE AT PRIMARIES

Twenty-first—Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.

Twenty-second—Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.

Twenty-third—No person shall loiter or solicit votes within 75 feet of the polling place.

Twenty-fifth—These rules shall govern all Republican primaries in the county so far as applicable.

Twenty-sixth—Amendments to these rules must be presented in writing signed by two or more members of the county central committee, and can only be adopted by a majority vote at a regularly called meeting of such committee.

PROPOSED NEW RULES TO GOVERN PRIMARIES

Continued from First Page.

the primary elections shall be published in some Republican newspaper printed and of general circulation in said county, stating the authority by which it is published, the purpose, time, manner, conditions and places of holding of such elections, and prescribing the qualification of the persons entitled to vote at such election.

Ninth—The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "County Delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precinct; the ballots for each election precinct shall be put up in pads securely fastened together.

HOW THE ELECTIONS SHALL BE CONDUCTED

Tenth—At the hour appointed for the poll to open, the officers being present shall open the room in which the election is to be held, prepare the ballot box by placing it in a position in plain view of each voter, see that the box is securely locked and the booths in proper condition; they shall have charge of all matters connected with receiving and counting the votes; they shall deliver to each qualified elector who requests the same, one ballot; the voter shall forthwith and without leaving the room, retire alone to one of the voting shelves and without undue delay unfold and mark his ballot; no elector shall be allowed to occupy a voting shelf already occupied by another, or to occupy a shelf for more than five minutes; all marks on the ballot must be made by black lead pencil; if any elector soil or deface a ballot so that it cannot be used, he may obtain another, providing he return the ballot soiled or defaced, which shall be immediately destroyed.

The elector shall observe the following rules in marking his ballot:

(a) Make an X mark to the left of and opposite the name of each and every candidate for whom he desires to vote, in the blank space provided therefor, or

(b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.

NONE BUT OFFICIAL BALLOTS ARE LEGAL

After marking his ballot, he shall carefully fold the same so as to conceal the marks thereon, but show the endorsement and fac simile signatures of the proper offices and keep the same so folded until he has delivered the ballot to the election judge. The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.

No elector shall be allowed to take any ballot from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

Eleventh—After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge who will examine it and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the person voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors present and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names in the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.

ELECTION OFFICERS AND THEIR DUTIES

Twelfth—The election officials shall certify the result in their precinct and promptly seal and send certificate to the secretary of the committee calling the primary, and shall forthwith deliver a copy of the certificate of the result in their precinct to the chairman of the township central committee, who shall immediately issue credentials to the delegates elected.

Thirteenth—No person shall act as judge or clerk whose name appears on the ticket as a candidate for any office except central committeemen.

Fourteenth—No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.

Fifteenth—All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.

Sixteenth—No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.

Seventeenth—At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.

Eighteenth—In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.

MANNER OF HOLDING PRECINCT CAUCUSES

The precinct central committeemen shall advertise said caucus by publication or by posting at least five notices in different conspicuous places, stating the place of holding the caucus and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons so selected to the secretary of the county central committee and such names appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow the voters the privilege of voting for others.

When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.

Nineteenth—There shall be three central committeemen elected in each precinct at the county primary each year, the committeemen so elected in all the precincts of the county shall constitute the county central committee.

The central committee of each township shall organize by the election of a chairman, secretary and treasurer.

The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.

Twentieth—Any central committeeman may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.

THOSE QUALIFIED TO VOTE AT PRIMARIES

Twenty-first—Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.

Twenty-second—Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.

Twenty-third—No person shall loiter or solicit votes within 75 feet of the polling place.

Twenty-fourth—The central committee for each precinct shall provide the room, booths and ballots for each polling place in their respective precincts. All other supplies for county primaries shall be furnished by the county central committee.

Twenty-fifth—These rules shall govern all Republican primaries in the county so far as applicable.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Continued from First Page

of a governor, and intends to do the same thing next year in the election of a president.

"Under the administration of Governor Nash the last dollar of our state debt has been paid. Our public institutions have been conducted with economy and efficiency and our taxes for state purposes have been reduced to the lowest rate that we have ever known.

"There may not be the same unanimity with respect to national affairs, but there should be, for all must concede that under Republican policies we are enjoying the most satisfactory results. We are having unexampled prosperity. We have never before experienced such universal business activity. It extends to all occupations. It pervades all sections, and dispenses its rich rewards to all classes of people. Our revenues were never so ample, nor ever so little burdensome. The American name was never so honored throughout the world. Our wealth and our strength are everywhere acknowledged and our diplomacy is everywhere successful. It has commanded the good will and excited the admiration of all the peoples of the earth.

"Instead of voting for a change, Ohio should "stand pat." The election of Col. Herrick will not only insure a continuation of the wise and satisfactory administration of Governor Nash, but it will place at the head of our state one of the ablest and most deserving of our fellow citizens, who has ever been a staunch and faithful representative of the highest and best type of Republicanism; and a Republican legislature will insure to the nation for another term the invaluable services of Senator Hanna.

"We have never had a representative in the United States senate who has better earned this honor. His defeat would be a national disappointment and a state humiliation. With victory this year for Herrick and Hanna, Ohio will then be ready to head the column for Roosevelt next year."

Colonel Myron T. Herrick, Republican candidate for governor this year in his opening speech of the campaign gives a luminous exposition of the tax laws of Ohio. He dwelt especially upon railway taxation, as this is a fad of his opponent, Tom Johnson.

Regarding railway taxation, the average citizen who has been listening to the Johnsonian lucubrations will be surprised to find how little basis there is for charges to fraud in assessment, and on the part of the state board of equalization. Since the present laws in this subject were enacted, there have been four Democratic governors and five Democratic legislatures; but none of them has found fraud, nor felt that these statutes needed revision. The total taxes on Ohio railroads last year averaged $433.30 a mile, an increase of 22 per cent over the previous year. Besides the taxes on their property all railroads pay an excise tax to the state of 1 per cent on their gross earnings. It is difficult to find a substantial basis for the charge that they are not paying their share of Ohio taxes. The Johnson cry for two cents a mile fare curiously enough, meets the fact that the average rate received by the railroads from all their passengers last year was exactly two cents per mile.

Col. Herrick set forth, clearly and correctly, the fact that the only real taxation issue is whether we shall retain the same general system of taxation as at present, which is common to all the states, differing only in matters of detail, or whether we shall abandon all the experience of the past and enter upon a new and untried plan, based upon Henry George's imaginings. Johnson is an avowed advocate of the "single tax." This means that all taxes shall be based upon land, and land alone. The improvements thereon are not to be taxed. The man with $20,000 worth of buildings on his farm of 160 acres is to pay no more tax than the farmer with 160 acres and only a log cabin thereon.

It is time the honest voters of Ohio realized the sinister schemes of this socialist, Johnson, that they may administer a deserved rebuke at the polls next November.

Hon. Warren G. Harding, Republican candidate for lieutenant governor gave a splendid example of his powers In one terse statement he set forth the Republican issues in the Ohio campaign—"Practice rather than pretense; performance rather than promise; facts, rather than fads, fancies and frauds; records of things accomplished for the betterment of the people."

Mr. Harding meets the Democratic appeal to state issues in a succinct resume of Republican accomplishment. The Republican state administrations have changed the reficit in the state treasury left by the last Democratic one to a balance of three millions on hand. They have paid nearly two millions of state bonds and extinguished that debt. They have added six million dollars to the improvement of state charitable and educational institutions; and there is not even a hint of extravagance or misappropriation.

The Johnson cry of tax reform is shown to have no adequate basis of fact. There is no well-founded charge on which to appeal for a change. During the present administration of Governor Nash, there has been a tax reduction of three million dollars on realty and personal property. Under this new taxation legislation of last year, more than half the state taxation was lifted from the homes and farms of the people by shifting the burdens where it should go. The purpose is to complete the work of abolishing all taxes on real estate and personalty for state purposes, leaving local taxes only. The limitations of the state constitution stand in the way to an extent; but the proposed constutitional amendment in this subject, if ratified by the people, will open the way for this, and for an equalization of taxation.

Senator Hanna said in part:

"Our ticket this fall, my friends, is well chosen. The personnel of that ticket never has been excelled by either party since I have known anything about state politics.

"As his running mate we have for Colonel Herrick, another young man who has risen by his own individual efforts and ability and secured for himself a position in this state as a legislator second to none. A man who will honor the position and who will make such a record and return to the people who send him there as that they will want to give him something higher next time. (Great applause.)

"Mr. Clarke, whether he did it thoughtlessly or intentionally, in a public utterance at Akron, I believe it was, made this statement: 'This country is on the verge of a financial and industrial collapse.' He sounded that note of danger. Why, God only knows. But to my mind it was a criminal act because it is not true. As far as the financial and industrial interests of this country are concerned, they never have been in any better shape than today. There is nothing to interfere with the onward progress of this development, except one thing, and that one thing is to shake the confidence of the people in the principles and policies exercised by the party in power. (Great applause.)

"Either Mr. Clarke knows absolutely nothing about business affairs or else that single utterance, standing alone, as affecting the results of this campaign, should condemn him and the party he represents to oblivion forever.

"It is worse than criminal. A man who assumes to speak for a great party and who has at heart the best interests of the men who have been associated with that party and who are inclined to take the utterances that fall from the lips of their leaders as truth, is, I say, worse than a criminal to thus deceive ignorant men.

"Mr. Clarke qualifies his position on the tariff by saying that he would take the tariff entirely off every article manufactured by trusts. What does that mean? Every iron and steel industry in the United States, everything connected with the metal trades, with the cotton trades, and in fact nearly all of our great industries would come within the scope of his proposition.

"Absolute free trade, through all the schedules of our tariff, would shut up 75 per cent of the industrial institutions of the United States until we could get labor down to the price where we could compete with Europe. That is what you are up against, boys.

"I say the whole country has its eyes upon Ohio, knowing that this is the skirmish battle for 1904, and I join with Senator Foraker in making the appeal to our people, under these circumstances, to send a word of greeting and confidence to the young president at Washington, and let him know that Ohio never falters in the right, and will not this time, and that we will lead in the campaign of 1904." (Long continued applause.)

OF GREAT INTEREST

Was the Communion Service on Sunday at the Second U. P. Church.

The communion service, observed Sunday morning at the Second U. P. church, was of particular interest to the members of the congregation. The individual communion service was used for the first time. The service consists of more than 300 individual glasses, with holders sufficient for six glasses, attached to the rear of each seat.

At the evening service Rev. Willis Hotchkiss, of Cleveland, who has been a missionary from the church to Central Africa for a number of years, delivered an interesting lecture to one of the largest congregations that ever gathered within the edifice. This discourse was highly entertaining and instructive and greatly enjoyed by all. Rev. Mr. Hotchkiss left this morning for Indianapolis, leaving assurances that he would return to the East End before returning to Africa.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Continued from First Page

of a governor, and intends to do the same thing next year in the election of a president.

"Under the administration of Governor Nash the last dollar of our state debt has been paid. Our public institutions have been conducted with economy and efficiency and our taxes for state purposes have been reduced to the lowest rate that we have ever known.

"There may not be the same unanimity with respect to national affairs, but there should be, for all must concede that under Republican policies we are enjoying the most satisfactory results. We are having unexampled prosperity. We have never before experienced such universal business activity. It extends to all occupations. It pervades all sections, and dispenses its rich rewards to all classes of people. Our revenues were never so ample, nor ever so little burdensome. The American name was never so honored throughout the world. Our wealth and our strength are everywhere acknowledged and our diplomacy is everywhere successful. It has commanded the good will and excited the admiration of all the peoples of the earth.

"Instead of voting for a change, Ohio should "stand pat." The election of Col. Herrick will not only insure a continuation of the wise and satisfactory administration of Governor Nash, but it will place at the head of our state one of the ablest and most deserving of our fellow citizens, who has ever been a staunch and faithful representative of the highest and best type of Republicanism; and a Republican legislature will insure to the nation for another term the invaluable services of Senator Hanna.

"We have never had a representative in the United States senate who has better earned this honor. His defeat would be a national disappointment and a state humiliation. With victory this year for Herrick and Hanna, Ohio will then be ready to head the column for Roosevelt next year."

Colonel Myron T. Herrick, Republican candidate for governor this year in his opening speech of the campaign gives a luminous exposition of the tax laws of Ohio. He dwelt especially upon railway taxation, as this is a fad of his opponent, Tom Johnson.

Regarding railway taxation, the average citizen who has been listening to the Johnsonian lucubrations will be surprised to find how little basis there is for charges to fraud in assessment, and on the part of the state board of equalization. Since the present laws in this subject were enacted, there have been four Democratic governors and five Democratic legislatures; but none of them has found fraud, nor felt that these statutes needed revision. The total taxes on Ohio railroads last year averaged $433.30 a mile, an increase of 22 per cent over the previous year. Besides the taxes on their property all railroads pay an excise tax to the state of 1 per cent on their gross earnings. It is difficult to find a substantial basis for the charge that they are not paying their share of Ohio taxes. The Johnson cry for two cents a mile fare curiously enough, meets the fact that the average rate received by the railroads from all their passengers last year was exactly two cents per mile.

Col. Herrick set forth, clearly and correctly, the fact that the only real taxation issue is whether we shall retain the same general system of taxation as at present, which is common to all the states, differing only in matters of detail, or whether we shall abandon all the experience of the past and enter upon a new and untried plan, based upon Henry George's imaginings. Johnson is an avowed advocate of the "single tax." This means that all taxes shall be based upon land, and land alone. The improvements thereon are not to be taxed. The man with $20,000 worth of buildings on his farm of 160 acres is to pay no more tax than the farmer with 160 acres and only a log cabin thereon.

It is time the honest voters of Ohio realized the sinister schemes of this socialist, Johnson, that they may administer a deserved rebuke at the polls next November.

Hon. Warren G. Harding, Republican candidate for lieutenant governor, gave a splendid example of his powers. In one terse statement he set forth the Republican issues in the Ohio campaign—"Practice rather than pretense; performance rather than promise; facts, rather than fads, fancies and frauds; records of things accomplished for the betterment of the people."

Mr. Harding meets the Democratic appeal to state issues in a succinct resume of Republican accomplishment. The Republican state administrations have changed the reficit in the state treasury left by the last Democratic one to a balance of three millions on hand. They have paid nearly two millions of state bonds and extinguished that debt. They have added six million dollars to the improvement of state charitable and educational institutions; and there is not even a hint of extravagance or misappropriation.

The Johnson cry of tax reform is shown to have no adequate basis of fact. There is no well-founded charge on which to appeal for a change. During the present administration of Governor Nash, there has been a tax reduction of three million dollars on realty and personal property. Under this new taxation legislation of last year, more than half the state taxation was lifted from the homes and farms of the people by shifting the burdens where it should go. The purpose is to complete the work of abolishing all taxes on real estate and personalty for state purposes, leaving local taxes only. The limitations of the state constitution stand in the way to an extent; but the proposed constutitional amendment in this subject, if ratified by the people, will open the way for this, and for an equalization of taxation.

Senator Hanna said in part:

"Our ticket this fall, my friends, is well chosen. The personnel of that ticket never has been excelled by either party since I have known anything about state politics.

"As his running mate we have for Colonel Herrick, another young man who has risen by his own individual efforts and ability and secured for himself a position in this state as a legislator second to none. A man who will honor the position and who will make such a record and return to the people who send him there as that they will want to give him something higher next time. (Great applause.)

"Mr. Clarke, whether he did it thoughtlessly or intentionally, in a public utterance at Akron, I believe it was, made this statement: 'This country is on the verge of a financial and industrial collapse.' Coroner—D. J. JONES.

The Republican campaign opening at Chillicothe on Saturday was characterized by harmony, earnestness and enthusiasm. The issues of the campaign were ably stated by Senators Foraker and Hanna, State Senator Warren G. Harding, and Gubernatorial Candidate Myron T. Herrick. There was no disposition shown to dodge or evade, but instead a vigorous determination to attack the enemy in every vulnerable spot and to carry on a vigorous warfare. The Republican position is impregnable. The record of the party in the state is the best possible argument in favor of continuing the party in power. The state election in Ohio this fall is a most important one, and its results will go far toward foreshadowing the results in the national election in 1904. Overwhelming victory for the entire state ticket, the adoption of the important constitutional amendments and the re-election of Senator Hanna to the United States senate are certain. The extent of the majority for the Republican ticket will depend upon the extent to which the voters are aroused. It rests with the people to say whether the majority shall be sweeping or feeble. A decreased Republican plurality for the head of the ticket will inspire the Democracy, now putting forth its most strenuous efforts, to renewed exertion another year. It will also encourage Democrats in other states than Ohio. The whole country is watching the Buckeye state Republicans. If they do their duty and turn out and vote as they can and ought, Tom Johnson and his gang will be buried past all hope of resurrection. The Republicans should make the short campaign a hot and earnest one. Victory is assured, but we ought to make the victory so sweeping as to leave the enemy no ground on which to rally for another assault.

The navy department has officially declared the "Star Spangled Banner" to be the national anthem, and officers and men are to stand at "attention" when it shall be played. Whether the war department will follow the naval example, as to a national anthem for the army, remains to be seen. Probably it will. The anthem has been in use since 1814 and is as captivating now as it was then.

The Johnson cry of tax reform is based on nothing. The Republicans of Ohio have been the only tax reformers the state has ever had, and their work has progressed so well that the state is out of debt and the burdens of state tax almost entirely lifted from the shoulders of the people. No state controlled by Democrats can point to such a record.

Out at Kenosha, Wis., a school principal has declared that no boy who smokes cigarettes shall attend school, and the school board is backing him. They consider it wasted effort to try to educate boys who have so little sense as to take up the cigarette habit, and refuse to let go.

If accounts are to be trusted, something over 50,000 Macedonian inhabitants have been massacred by the Turks. How many Turkish people have been massacred in retaliation is not announced. And still Europe looks on without making a move.

Very appropriately, the Beaver Falls papers always speak of their town as "this place." Until a town has climbed out of the "place" class and become either a city or a village there is little hope for it.

Our friends in the Sixteenth congressional district have an interesting problem to solve. But whatever their solution, a strong Republican will continue to represent the district in congress.

Wall street is credited with a determination to defeat Roosevelt for the presidency. Wall street is powerful, but it does only a small part of the voting.

Sir Thomas is not going to leave both the yachting trophy and his vermiform appendix on this side of the wter—not if he can help it.

STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

MISSIONARY LIFE IN DARKEST AFRICA

Rev. Willis Hotchkiss Tells of the Trials That Beset Gospel Teachers.

HIS LIFE WAS IN PERIL

On Numerous Occasions, But He Kept on at His Work—God Protects His People — Duty of Christians to Spread Light And Joy.

Rev. Willis Hotchkiss, a missionary from Africa, talked to a large congregation at the First U. P. church yesterday. He was introduced by Dr. Taggart and gave a most interesting discourse. In part he said:

"What the world wants is angels here on earth, as well as in heaven. There is so much squalor, sin, darkness and despair here below that there is need of great labor. A man willing all his property to institutions for good cannot atone for a long life of sin. There is a fountain for the foulness of the world and in all parts of the earth men are conscious of God. In the meanest hut in Africa the occupants are constantly striving to answer the question, 'What shall I do to be saved?' Superstitious rites and forms of idols are testimonials to the universal sense of the need of God. Robert Ingersoll, the world's greatest infidel, standing over his dead brother, uttered these words: 'Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry alone and the only answer is the echo of our wailing cry. My brother, mistaking the approach of death for the return of health, whispered with his last breath, "'I am better now."'

"Let us beneve in spite of doubts and fears and tears and creeds and dogmas that these dear words are true of all the countless dead—that they are better now. In the night of death hope sees a star and listening love can hear the rustle of a wind."

The speaker then told of his life in Central Africa. "I was 600 miles in the interior and about 60 miles from Lake Victoria. The tribe of Negroes with whom I labored number one million. They wear absolutely no clothing, shave the hair from their heads and file their teeth and live in miserable huts of grass and mud. The entrance to the huts is so small that the owners and occupants have to crawl into them." Rev. Mr. Hotchkiss related how he was called one night to attend a sick man and found him lying in one of these huts with eleven other persons and 15 goats—the hut being less than a dozen feet in diameter. "A man becomes like his associates and no wonder of the sin and filth and nakedness of Africa?"

Several times the life of the missionary was attempted. Once at a council of war, or palaver, he was given three days to leave the country. He did not go and the reason the natives did not take his life he attributes to the protecting power of God. Then an edict was issued that he should be starved to death and any one caught taking him food was to be summarily dealt with. For months an old woman, who worked in the fields, dropped a tapioca root near his hut and upon the soup of that he existed until the order for his starvation was revoked. He was 30 times stricken with the terrible fever of the place. He related one incident when a huge lioness was bounding toward himself and a companion, their shots having no effect in the ferocious beast. When their ammunition was exhausted they kneeled on the ground and with upraised hunting knives awaited the final leap of the infuriated animal. When about 70 feet from them the lioness turned and going in another direction was soon lost to view.

Rev. Mr. Hotchkiss closed with an appeal for the people "to treat Christ right" by giving of their goods and wealth sufficiently that the light and joy of the gospel might be carried to the remotest regions of the earth."

THE HARVEST HOME AT ST. JOHN'S CHURCH

Impressive And Beautiful Services. Excellent Music And Eloquent Sermons.

St. John's Lutheran church was beautifully decorated yesterday and an impressive musical program, along with excellent preaching and other impressive exercises were features of the Harvest Home celebration. Rev. Mr. Reinartz preached a grand sermon in the morning from the text, "Seek ye first the kingdom of God and His righteousness."

In the evening the pastor took for his text "The Harvest Is Past, the Summer Is Ended And Many Souls Are Not Saved," the immortal words found in Jeremiah viii:10. He spoke of the endurance of early impressions and the impulses of youth, showing that when the seed is planted in the home training, the sowing time, there would be a fruitful harvest if it were watched and nourished in the early days. Without a foundation it is hard to build, and it is necessary at all times that the child be nourished in the way of the Lord. The minister eloquently pointed out the harvest time when too late, habits and impressions having been formed, the man sees the error of his way. His sermon was scholarly, logical and intensely interesting.

A large offering was taken for home missions, the people responding with a liberality seldom seen. In particular can this be said of the childen. It was a wonderful series of services.

On the Wages of Sin.

Rev. C. G. Jordan preached a strong sermon at the First Presbyterian church last evening from the text, "The Wages of Sin Is Death." A fast life fills an early grave. Men's sins find them out, and business and professional men and politicians who lead sinful lives fail of true success and invite a miserable fate. Rev. Mr. Jordan will preach his farewell sermon here next Sunday.

Gospel Meetings Continue.

So great is the interest in the gospel meetings in the tent on Fifth street that they will continue another week with bible readings every afternoon at 2:30 o'clock and preaching at 7:30 every night. Rev. Mr. Taylor will remain here during the entire week.

FIVE PRETTY GAMES COMING THIS WEEK

Homestead Will Contest With the Y. M. C. A.—Strong Local Lineup.

That the lovers of base ball are going to have the opportunity to witness five of the prettiest games ever played in this vicinity before the end of the week is evidenced by the lineup that has been arranged for by the management of the local team. The visiting teams will be Homestead on Tuesday and Wednesday and Warren the last three days of the week.

Everyone knows the reputation of the visiting aggregations and with the following lineup against them, the locals will surely give the independent professionals a hard rub: Klintworth, of Wheeling, catcher; Miller, of Wheeling, known and admired by every local fan, pitcher; Godwin, East Liverpool's pride, short stop; Rising, who is admired by everyone who has had the chance to see him play, in middle; Fred Heckathorn, first base. Webb, second; Brown, third; Gibson, left; Wallace, right.

Senator, second term—C. C. CONNELL.
Senator, first term—J. C. HEINLEIN.

Prosecuting Attorney—M. J. M'GARRY.

Coroner—D. J. JONES.

The Republican campaign opening at Chillicothe on Saturday was characterized by harmony, earnestness and enthusiasm. The issues of the campaign were ably stated by Senators Foraker and Hanna, State Senator Warren G. Harding, and Gubernatorial Candidate Myron T. Herrick. There was no disposition shown to dodge or evade, but instead a vigorous determination to attack the enemy in every vulnerable spot and to carry on a vigorous warfare. The Republican position is impregnable. The record of the party in the state is the best possible argument in favor of continuing the party in power. The state election in Ohio this fall is a most important one, and its results will go far toward foreshadowing the results in the national election in 1904. Overwhelming victory for the entire state ticket, the adoption of the important constitutional amendments and the re-election of Senator Hanna to the United States senate are certain. The extent of the majority for the Republican ticket will depend upon the extent to which the voters are aroused. It rests with the people to say whether the majority shall be sweeping or feeble. A decreased Republican plurality for the head of the ticket will inspire the Democracy, now putting forth its most strenuous efforts, to renewed exertion another year. It will also encourage Democrats in other states than Ohio. The whole country is watching the Buckeye state Republicans. If they do their duty and turn out and vote as they can and ought, Tom Johnson and his gang will be buried past all hope of resurrection. The Republicans should make the short campaign a hot and earnest one. Victory is assured, but we ought to make the victory so sweeping as to leave the enemy no ground on which to rally for another assault.

The navy department has officially declared the "Star Spangled Banner" to be the national anthem, and officers and men are to stand at "attention" when it shall be played. Whether the war department will follow the naval example, as to a national anthem for the army, remains to be seen. Probably it will. In the evening the pastor took for his text "The Harvest Is Past, The Summer Is Ended And Many Souls Are Not Saved," the immortal words found in Jeremiah viii:10. He spoke of the endurance of early impressions and the impulses of youth, showing that when the seed is planted in the home training, the sowing time, there would be a fruitful harvest if it were watched and nourished in the early days. Without a foundation it is hard to build, and it is necessary at all times that the child be nourished in the way of the Lord. The minister eloquently pointed out the harvest time when too late, habits and impressions having been formed, the man sees the error of his way. His sermon was scholarly, logical and intensely interesting.

A large offering was taken for home missions, the people responding with a liberality seldom seen. In particular can this be said of the children. It was a wonderful series of services.

On the Wages of Sin.

Rev. C. G. Jordan preached a strong sermon at the First Presbyterian church last evening from the text, "The Wages of Sin Is Death." A fast life fills an early grave. Men's sins find them out, and business and professional men and politicians who lead sinful lives fail of true success and invite a miserable fate. Rev. Mr. Jordan will preach his farewell sermon here next Sunday.

Gospel Meetings Continue.

So great is the interest in the gospel meetings in the tent on Fifth street that they will continue another week with bible readings every afternoon at 2:30 o'clock and preaching at 7:30 every night. Rev. Mr. Taylor will remain here during the entire week.

FIVE PRETTY GAMES COMING THIS WEEK

Homestead Will Contest With the Y. M. C. A.—Strong Local Lineup.

That the lovers of base ball are going to have the opportunity to witness five of the prettiest games ever played in this vicinity before the end of the week is evidenced by the lineup that has been arranged for by the management of the local team. The visiting teams will be Homestead on Tuesday and Wednesday and Warren the last three days of the week.

Everyone knows the reputation of the visiting aggregations and with the following lineup against them, the locals will surely give the independent professionals a hard rub: Klintworth, of Wheeling, catcher; Miller, of Wheeling, known and admired by every local fan, pitcher; Godwin, East Liverpool's pride, short stop; Rising, who is admired by everyone who has had the chance to see him play, in middle; Fred Heckathorn, first base. WELLSVILLE

THE VICTIM OF TERRIBLE ASSAULT

KNOCKED DOWN AND LEFT UNCONSCIOUS ON THE TRACK.

Albert Baddeley Murderously Attacked By Unknown Thugs at Wellsville.

As the result of a vicious assault made upon him by highwaymen, Alfred Baddeley, aged 25, married, who has been employed at the plant of the Wellsville China company, lies at his home on Eleventh street, Wellsville, suffering terrible agony with the chances somewhat against his recovery.

Baddeley was found in an unconscious condition on the C. & P. railroad track, near the Vulcan brick works, about 3 o'clock Sunday morning. A long, deep gash in the top of his head caused immediate suspicion of attempted murder and after the apparently inanimate body was removed to the office of a physician the Wellsville police officers instituted a search for those who had committed the deed. While they were working on the case Baddeley recovered consciousness for a few minutes and muttered a few words, stating that he had been attacked by negroes. The officers then went to the quarters of a gang of negroes in the West End and arrested three men, giving as their names Al Jones, Ben Carter and J. H. Lee, on suspicion.

It was thought yesterday that the injured man could not possibly recover. The physicians could not give any hope for him and as he did not become conscious the report gained wide circulation many times that he had died. However, he rallied this morning and there is a possibility of his winning in the desperate struggle against death.

Though rational at times today Baddeley was unable to give an account of the dastardly assault, telling only that negroes committed the deed. He drew $25 Saturday night and it is supposed that the men who felled him so cowardly robbed him and then threw him on the track. This it is thought was done because they feared they had killed Baddeley and they wanted to divert suspicion of murder by having the train grind him into numberless pieces.

BOTH LEGS CRUSHED BY LOCOMOTIVE

Brakeman Jordan Run Down While Trying to Evade a Freight Train and Terribly Mangled.

E. A. Jordan, a brakeman on the Cleveland & Pittsburg road, was struck by a switch engine in the yards here at 7 o'clock this morning and seriously injured, both of his legs having been cut off.

Jordan was walking along the main track, and in an attempt to get out of the way of an approaching engine, he stepped directly in front of a moving switch engine, which struck him down and both of his legs were cut off at the knee.

He was carried to the Twelfth street station by brakemen, and Dr. Noble was called. The remaining portion of the legs were carefully dressed. He was taken to the Alliance hospital, and is not likely to recover.

BIDS WERE RECEIVED

For Paving of Third and Steubenville Streets—A. B. Clark May Get Contract.

At the special meeting of the board of public service held at noon Saturday, bids were opened on the contract for the paving of Third and Steubenville streets, adjacent to the Burgess company stilt works.

The bids received were as follows: A. B. Clark, $1.25 per square yard; Rinehart Bros., $1.50 per square yard. It is believed that Mr. Clark's bid will prove the lowest of the two bids.

WEDGWOOD TAKEN TO A HOSPITAL

INSANE MAN CAUSED ALARM AND WAS LOCKED UP.

His Condition Believed to Be Due to the Loss of a Large Sum of Money.

Hopelessly insane Thomas Wedgwood, who was arrested at Beaver Falls on Friday and brought to this city Saturday evening, was taken to Lisbon this afternoon by relatives. Thinking that through medical treatment he may become some better the relatives are going to place him under the care of physicians at the hospital at Lisbon for a few days, and if medical science fails to bring about the desired result, the unfortunate man will be taken before the probate court and subsequently to the Massillon asylum. Dr. C. B. Ogden thinks that his case is incurable for the present at least.

It will be remembered that Wedgwood became violently insane at Beaver Falls. Word was received by Mayor Weaver Saturday to the effect that Wedgwood was arrested at Beaver Falls and the mayor immediately communicated with Thomas Copestick, a son-in-law of Wedgwood, who left at once for the Pennsylvania town. He experienced no difficulty whatever in getting Wedgwood to return and upon their arrival in the city the unfortunate man was escorted to the home of his daughter in the East End. Wedgwood on Saturday evening gave the members of the household no trouble sleeping soundly, but yesterday he began to rave, and at about 12 o'clock last night it was decided best to have him locked up at central station. After he had been committed to a cell Dr. C. B. Ogden was summoned and he administered a sedative. Dr. Ogden appeared at the city hall early this morning and after another examination pronounced Wedgwood in a bad condition. While talking to Dr. Ogden the demented man spoke of having been a candidate for president of the United States. At other times he labored under many different hallucinations, and to his many friends who have known him for the 23 years of his existence in this city, his case is a sad one.

It is said that Wedgwood's insanity is the result of the ill-advised expenditure of some $2,000 which he had received from selling a piece of property.

SOUTH SIDE

A BIG HONOR GIVEN TO CHESTER

This Town Gets the Next State Council of the Junior American Mechanics.

The next meeting of the state council Jr. O. U. A. M. of West Virginia, will be held in Chester. At the last convention, held at Martinsburg, there were half a dozen candidates for the next annual meeting. Among the most aggressive of these were Morgantown, Wheeling, Charleston and Chester.

The claims of Chester to the honor of the next convention city were presented by State Councilor O. O. Allison and the delegation from the Panhandle. Chester won the final vote with eight to the good.

Preparations will be made for the entertainment of about 200 delegates and visitors. The work will fall upon the members of the Chester council, and it will be commenced early enough that nothing will be omitted. It is expected that hotel accommodations will have to be arranged for in East Liverpool and Wellsville, and these matters will be left in the hands of competent committees. The business sessions will probably be held in the Jr. Mechanics' new hall.

SPEED ORDINANCE IS OBJECTED TO

Panhandle Railroad Will Oppose a Measure Proposed By Town of Chester.

Officials of the Panhandle Railroad company are preparing to oppose an ordinance which the council intends to enact within the next few weeks. The measure is calculated to regulate the speed of trains within the corporation, to declare it a misdemeanor to make flying switches and to cease certain other irregularities in the manner of running trains through the city.

The railroad people claim they have carried over 50,000 people into Chester during the present season, and not an accident has occurred. It will be remembered that a boy from Canonsburg fell from an excursion train while it was in motion and sustained a broken collar bone. The representatives of the Pennsylvania company claim the tracks through Chester are perfectly safe and will fight any attempt to restrict the running of trains.

Will Drill for Gas.

Drilling machinery is being placed on the ground at the James Murray property at Louisiana avenue and Fifth street. Mr. Murray means to develop the land near his home, with a view to securing sufficient gas to supply his own needs. The gentleman is a man of wide experience in the oil and gas business and will give the territory a thorough test. He is of the opinion there is both oil and gas in Chester and will go ahead with the work at once.

Ready for a New Well.

Harry Conkle, one of the best known oil men in Hancock county, went to Collier's this morning, where he will dress tools for the Stewart interests in the well they are about to drill there. Edward Stewart will leave this afternoon for Collier's and has with him all the drilling apparatus necessary for the development of the field. It will be set up at once and the drilling commenced.

Nimrods' Poor Success.

R. S. Brown, manager of the bridge, and T. R. Williams were hunting in the vicinity of Fredericktown Saturday. Each had informed the other that he was a hunter and both had expected to come home loaded down with game. When they got to town Saturday evening the only thing they bagged was a "grinny," and the men kept that in the background.

Broke His Shoulder.

A serious accident befell Benjamin Cochran Saturday evening. The gentleman is very old, and has been a cripple for years. While stepping from the doorstep at his home on Carolina avenue he accidentally fell, breaking his shoulder blade. Owing to his advanced age it is feared the accident will prove serious.

Gas for Congo.

The residents of Congo have at last been given the assurance that the gas mains will be extended to that town, and all are congratulating themselves in consequence. The pipes will be connected for the Congo supply near the Howard homestead, and work upon the line will be commenced at once.

Contract Let.

The contract has been let for the erection of a fine new dwelling house for Freshwater Bros., on Fifth street. The building will be completed within a few weeks.

Robinson, of Ravenna, to the effect that he has given a decision dissolving a temporary injunction in the case of Mrs. Caroline Deemer, of Columbiana, versus the First National bank of that city. WAYNESBURG WON THE THIRD GAME

A Strenuous Battle Which Resulted in Defeat For the Y. M. C. A.

VASBINDER WAS RATTLED

And the Visitors Had Things Pretty Much Their Own Way After They Got Onto His Curves—The Local Lineup Not Strong.

In the presence of more than 800 shivering fans, Capt. Reark and his aggregation of local ideals fell hard before Waynesburg Saturday afternoon in West End park, losing by the score of 12 to 3. It was the unkindest fall of all. Such a crowd of royal enthusiasts, nearly every man within the gates representing two bits, has never graced the bleechers or grand stand during the season, and for them to be greeted with the exhibition which followed the fifth inning is a rank shame.

Overflowing with joyous anticipation of the hardest fought contest ever pulled off in West End park, every man in the city with even the ear marks of sporting blood in his veins filed to the play ground. They knew that the first two games of the series were par excellence and thought that the last would be a most bitter struggle.

That the game was not what it should have been was due primarily to Vasbinder, who, notwithstanding that he did all within his power to prevent it, exerting himself to the utmost and going into the game with the determination of shutting the visitors out, went into the air in the sixth inning. He made a desperate attempt to regain his composure, but all his strenuousness amounted to naught. The visitors seemingly landed on his delivery at will. He increased his speed at every toss, but the Pennsylvanians had found him and they, like a tenacious bull terrier, hung on until just eight hits were scored against the pride of Salineville, and nearly as many runs. Not alone was Vasbinder responsible for the sudden turn of conditions. The management comes in for a share of the criticism. The lineup placed against the visitors was the worst by many points of the series. The infield was weakened to a great extent, the batting bunch was missing and in fact the aggregation went onto the grounds defeated. Had they won, it would have been a case of "pork."

The air encircling the park was biting cold. The fans stood and sat as close together as possible to counteract the merciless winds and when the game was called the umpire's voice was hardly audible for the chattering of molars and the cracking of knees. For the first four innings a run was not scored by either side, one hit only was made by the locals and only two by the visitors. Everyone was beginning to think that it was the Pittsburg Nationals against New York. In the fifth there was a slight deviation, the visitors coming to the front with a single and a run and the locals made it two runs and one more hit.

When the sixth was started Grandpa Heckathorn was heard to chirp, "At him old man, you can't tell what might happen." It is dollars to doughnuts that if the locals had been aware of what was really going to happen the game would have been called immediately on the account of cold weather. Comfort started the avalanche by getting a free pass. Haller steps forth and places a pretty little hit out in center. Reark fell around in every conceivable direction and before the ball was finally settled Comfort had scored. L. McKeown singled. Morehead did the same stunt. He was followed with a two bagger by J. McKeown, which sent three runs bounding over the plate. The runs were being scored seemingly by the dozen. Vasbinder was all in, hits were dropping in all corners of the lot and Reark commenced to think something should be done. Emmerling retired after having his first finger on the right hand badly mutilated. Webb was sent in to take his place. Reark went to second, Gibson trotted out to middle and a moment later to left, while Jarvis went to short and Barker took the slab. The lightning change had some effect, the next two men up going down in order, but that did nit end it. Three more hits in rapid succession were made with as many runs before Morehead put one into the hands of Gibson. At the conclusion of that inning it was all day for the locals. They could not recover even to a small degree. The visitors had their batting eyes well trimmed for any old thing that started across the plate and though Barker did great work, he was pounded. In the eighth the visitors piled up four more runs and then all the interest, if there was any left after the sixth, disappeared.

Notes on the Game.

Christy Matthewson could not have stopped the avalanche of runs and hits after the first four men in the sixth made their stunts.

Vasbinder never tried harder in his life to win. He deserves credit for his loyal efforts. Being accustomed to a raised pitcher's box was the cause of his inability to furnish the goods.

With Rising and Houser out of the game it was all off for the locals. Both will appear this week, thank goodness, and a different tale may be related.

The fans were rejoiced to see Barker in harness. He has the prettiest delivery of any twirler that ever appeared on a local diamond and his numberless friends hailed his appearance with loud applause.

After suffering two defeats, Waynesburg telegraphed Youngstown that they could not play on Monday and Tuesday, owing to a crippled team. After winning Saturday's game they telegraphed that their men had recovered and they would fill the dates.

RACES AT SALEM

Big Entry List and Promise of Fast Going Cause Much Interest in Meeting.

Smith's Ferry Won.

The Pleasant Heights base ball club, one of the strongest aggregations in the city, made the trip to Smith's Ferry Saturday afternoon, where a game was played with the team at that place. The game was one of the best ever played on the Smith's Ferry grounds, and had the umpire been strictly on the square the Pleasant Heights boys would have won easily. As it was the judgment was poor and some of the decisions of the rankest character. The Smith's Ferry team won by a score of 9 to 6. The favored team realized their opponents were being given much the worst of the deal, and for that reason refused to arrange for another game. A plan is under way just now, however, whereby a final contest may be arranged and if it succeeds the game will be played on the Pleasant Heights grounds.

Athletics Beat Salem.

The closing game of the season on the Salem grounds was played Saturday afternoon between East Liverpool Athletics and Salem, and was a fair game. Score: R. H. E.
Liverpool .3 0 0 1 0 0 0 0 1—5 9 2
Salem ....0 0 0 1 0 0 0 0 0—1 9 5

May Finish With Waynesburg.

Harry Barker left with Waynesburg Saturday to play with that team against the Ohio Works, of Youngstown. He will pitch. He may finish the season with Waynesburg.

The Monarchs Won.

The Monarchs on Saturday afternoon beat the Northside Stars in a game at Park place, 8 to 3. Batteries, Walsh and Purinton, Grim and Kelly.

Empire on Top.

The Marines lost to Empire by a score of 9 to 9. The East Liverpool boys claim the umpire was not square.

SPORTING MISCELLANY.

Dan Patch, the great pacer, has been assessed at a valuation of $261.

Edge Hill, 2:25½, the famous old trotter and sire, died at Youngstown Friday.

Will Lyman, a well known Kent ball player, and Miss Helena Hessert, of Ravenna, were married at the bride's home.

In the Pittsburg-Brooklyn game at Pittsburg Saturday Paul Kruger was struck by a pitched ball and rendered senseless. He is in a hospital in a serious condition.

According to statements made by G. W. Bement, Jr., president of the Central league, South Bend will be awarded the pennant when the directors meet at Fort Wayne on October 3.

Major Delmar made another endeavor to lower his trotting record of 2:00¼ at the Philadelphia driving park Friday. The track was in fair shape, but the best he could do was 2:06½.

"Young Corbett," the world's featherweight champion and Tim Callahan, the Philadelphia featherweight, are matched to meet in a six-round contest in the Quaker City the first week in October. They will meet at 128 pounds.

The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections, item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

REALM OF SPORTS

WAYNESBURG WON THE THIRD GAME

A Strenuous Battle Which Resulted in Defeat For the Y. M. C. A.

VASBINDER WAS RATTLED

And the Visitors Had Things Pretty Much Their Own Way After They Got Onto His Curves—The Local Lineup Not Strong.

In the presence of more than 800 shivering fans, Capt. Reark and his aggregation of local ideals fell hard before Waynesburg Saturday afternoon in West End park, losing by the score of 12 to 3. It was the unkindest fall of all. Such a crowd of royal enthusiasts, nearly every man within the gates representing two bits, has never graced the bleechers or grand stand during the season, and for them to be greeted with the exhibition which followed the fifth inning is a rank shame.

Overflowing with joyous anticipation of the hardest fought contest ever pulled off in West End park, every man in the city with even the ear marks of sporting blood in his veins filed to the play ground. They knew that the first two games of the series were par excellence and thought that the last would be a most bitter struggle.

That the game was not what it should have been was due primarily to Vasbinder, who, notwithstanding that he did all within his power to prevent it, exerting himself to the utmost and going into the game with the determination of shutting the visitors out, went into the air in the sixth inning. He made a desperate attempt to regain his composure, but all his strenuousness amounted to naught. The visitors seemingly landed on his delivery at will. He increased his speed at every toss, but the Pennsylvanians had found him and they, like a tenacious bull terrier, hung on until just eight hits were scored against the pride of Salineville, and nearly as many runs. Not alone was Vasbinder responsible for the sudden turn of conditions. The management comes in for a share of the criticism. The lineup placed against the visitors was the worst by many points of the series. The infield was weakened to a great extent, the batting bunch was missing and in fact the aggregation went onto the grounds defeated. Had they won, it would have been a case of "pork."

The air encircling the park was biting cold. The fans stood and sat as close together as possible to counteract the merciless winds and when the game was called the umpire's voice was hardly audible for the chattering of molars and the cracking of knees. For the first four innings a run was not scored by either side, one hit only was made by the locals and only two by the visitors. Everyone was beginning to think that it was the Pittsburg Nationals against New York. In the fifth there was a slight deviation, the visitors coming to the front with a single and a run and the locals made it two runs and one more hit.

When the sixth was started Grandpa Heckathorn was heard to chirp, "At him old man, you can't tell what might happen." It is dollars to doughnuts that if the locals had been aware of what was really going to happen the game would have been called immediately on the account of cold weather. Comfort started the avalanche by getting a free pass. Haller steps forth and places a pretty little hit out in center. Reark fell around in every conceivable direction and before the ball was finally settled Comfort had scored. L. McKeown singled. Morehead did the same stunt. He was followed with a two bagger by J. McKeown, which sent three runs bounding over the plate. The runs were being scored seemingly by the dozen. Vasbinder was all in, hits were dropping in all corners of the lot and Reark commenced to think something should be done. Emmerling retired after having his first finger on the right hand badly mutilated. Webb was sent in to take his place. Reark went to second, Gibson trotted out to middle and a moment later to left, while Jarvis went to short and Barker took the slab. The lightning change had some effect, the next two men up going down in order, but that did nit end it. Three more hits in rapid succession were made with as many runs before Morehead put one into the hands of Gibson. At the conclusion of that inning it was all day for the locals. They could not recover even to a small degree. The visitors had their batting eyes well trimmed for any old thing that started across the plate and though Barker did great work, he was pounded. In the eighth the visitors piled up four more runs and then all the interest, if there was any left after the sixth, disappeared.

Notes on the Game.

Christy Matthewson could not have stopped the avalanche of runs and hits after the first four men in the sixth made their stunts.

Vasbinder never tried harder in his life to win. He deserves credit for his loyal efforts. Being accustomed to a raised pitcher's box was the cause of his inability to furnish the goods.

With Rising and Houser out of the game it was all off for the locals. Both will appear this week, thank goodness, and a different tale may be related.

The fans were rejoiced to see Barker in harness. He has the prettiest delivery of any twirler that ever appeared on a local diamond and his numberless friends hailed his appearance with loud applause.

After suffering two defeats, Waynesburg telegraphed Youngstown that they could not play on Monday and Tuesday, owing to a crippled team. After winning Saturday's game they telegraphed that their men had recovered and they would fill the dates.

RACES AT SALEM

Big Entry List and Promise of Fast Going Cause Much Interest in Meeting.

The entry list for the driving meeting to be held at Salem for four days, commencing tomorrow, is the largest in years, and the racing promises to be unusually fast and interesting. Manager P. J. Brennan expects the track records to be broken. The events follow:

Tuesday—2:30 trot, purse $300, 23 entries; 2:30 pace, purse $300, 18 entries; special race to be arranged from a division of one of the other classes in the entry list. Wednesday—2:16 pace, purse $400, 32 entries; 2:21 trot, purse $300, 22 entries; 2:19 pace, purse $400, 25 entries. Thursday—2:18 trot, purse $400, 14 entries; 2:13 pace, purse $400, 16 entries; 2:24 trot, purse $300, 27 entries. Friday—2:15 trot, purse $400, 8 entries; 2:24 pace, purse $300, 23 entries; special race to be arranged from a division of one of the classes.

Smith's Ferry Won.

The Pleasant Heights base ball club, one of the strongest aggregations in the city, made the trip to Smith's Ferry Saturday afternoon, where a game was played with the team at that place. The game was one of the best ever played on the Smith's Ferry grounds, and had the umpire been strictly on the square the Pleasant Heights boys would have won easily. As it was the judgment was poor and some of the decisions of the rankest character. The Smith's Ferry team won by a score of 9 to 6. The favored team realized their opponents were being given much the worst of the deal, and for that reason refused to arrange for another game. A plan is under way just now, however, whereby a final contest may be arranged and if it succeeds the game will be played on the Pleasant Heights grounds.

Athletics Beat Salem.

The closing game of the season on the Salem grounds was played Saturday afternoon between East Liverpool Athletics and Salem, and was a fair game. Score:

	R.	H.	E.
Liverpool	3	0	0 1 0 0 0 0 0 1—5	9	2
Salem	0	0	0 1 0 0 0 0 0 0—1	9	5

Batteries—East Liverpool, G. Emmerling and Emmerling; Salem, Faulk and Jones.

May Finish With Waynesburg.

Harry Barker left with Waynesburg Saturday to play with that team against the Ohio Works, of Youngstown. He will pitch. He may finish the season with Waynesburg.

The Monarchs Won.

The Monarchs on Saturday afternoon beat the Northside Stars in a game at Park place, 8 to 3. Batteries, Walsh and Purinton, Grim and Kelly.

Empire on Top.

The Marines lost to Empire by a score of 9 to 9. The East Liverpool boys claim the umpire was not square.

SPORTING MISCELLANY.

Dan Patch, the great pacer, has been assessed at a valuation of $261.

Edge Hill, 2:25½, the famous old trotter and sire, died at Youngstown Friday.

Will Lyman, a well known Kent ball player, and Miss Helena Hessert, of Ravenna, were married at the bride's home.

In the Pittsburg-Brooklyn game at Pittsburg Saturday Paul Kruger was struck by a pitched ball and rendered senseless. He is in a hospital in a serious condition.

According to statements made by G. W. Bement, Jr., president of the Central league, South Bend will be awarded the pennant when the directors meet at Fort Wayne on October 3.

Major Delmar made another endeavor to lower his trotting record of 2:00¼ at the Philadelphia driving park Friday. The track was in fair shape, but the best he could do was 2:06½.

"Young Corbett," the world's featherweight champion and Tim Callahan, the Philadelphia featherweight, are matched to meet in a six-round contest in the Quaker City the first week in October. They will meet at 128 pounds.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

MASSACRES TO END

Sultan Assures Ambassadors Excesses by Troops Will Not Be Repeated.

GUILTY ONES TO BE PUNISHED

Prince Ferdinand Gives Dinner to American Representative—Bulgaria Explains Recent Note to Powers. Turkish Garrison Besieged.

Constantinople, Sept. 21.—At an audience with M. Zinovieff, the Russian ambassador, Friday, the sultan expressed his regret at the excesses committed by the Turkish troops in the vilayets of Monastir and Adrianople. He said that orders had been sent to the authorities concerned to prevent their repetition and he gave the Russian ambassador to understand that the guilty parties would be punished.

The German ambassador, Baron Marschall Von Bieberstein, also had an audience with the sultan, who showed himself most optimistic, declaring that the insurrection was drawing to a close. In fact, it had already been suppressed in some districts and the porte would, therefore, immediately issue proclamations announcing the resumption of the application of the reform scheme.

Misunderstanding Explained.

Sofia, Bulgaria, Sept. 21.—Some apprehension having apparently been created owing to a misunderstanding in regarding the precise meaning of Bulgaria's last note to the powers, explanations have been given to some diplomatic agents here that the memorandum was not intended as an ultimatum, but was rather in the nature of an appeal for the intervention of the great powers before that intervention should be too late. The Bulgarian ministry, it was stated, was determined to maintain its attitude of neutrality up to the last moment, but it feels the impossibility of standing by indefinitely while the Turks exterminated the Bulgarian element in Macedonia.

The government's position is rendered increasingly difficult by the attitude of the Macedonian population in Bulgaria, which, vigorously backed up by the revolutionary committees, is persistently endeavoring to force the government's hand and provoke hostilities with Turkey.

American Guest at Dinner Party.

Prince Ferdinand Saturday evening gave a dinner party at the palace in honor of J. B. Jackson, who had presented his credentials as the first American diplomatic agent to Bulgaria. The guests included F. E. P. Elliot, the British diplomatic agent and the Bulgarian ministers and high officials. Prince Ferdinand proposed the health of President Roosevelt, speaking in English. Great satisfaction is expressed at America's action in establishing diplomatic relations with Bulgaria. The belief prevails that a great opportunity exists for developing a profitable export and import trade with the United States.

A dispatch from the monastery of Rila, Bulgaria, says the condition of the Turkish garrison of Melnik is believed to be critical. It is besieged by bands of insurgents under the leadership of Yankoff, Stoyanoff, Darvinghoff and Zograhoff, all of whom were formerly Bulgarian officers. The insurgents number 1,500, while the garrison is believed to consist of only one battalion.

Quiet During Absence of Troops.

Melnik is a very important strategic point in the mountains, commanding the road between Demirhissar and Razlog. The Turks have withdrawn nearly all their forces from the districts of Danaoumaia and Razlog to send to the relief of Melnik. As a consequence unusual tranquility prevails throughout the district of Razlog where the authorities, lacking the support of the troops, have ceased their policy of persecution and the beys are even furnishing bands with food. The Turkish population is described as being in a state of great consternation.

A company of Turkish soldiers and Bashi-Bazouks recently found the hiding place of a hundred families of refugees from the villages of Dupeni and Echia, near Resen. They captured the party, violated the women and committed other atrocities.

Forecasts Fearful Future.

London, Sept. 21.—The Daily Mail's correspondent at Sofia telegraphs: One of the revolutionary chiefs have informed me that the revolutionists are massing thousands of men at various points on the frontier and their laboratories are working incessantly to replenish their stock of bombs and explosives. They do not count much on war between Turkey and Bulgaria, but on the day they hear that the meeting between the czar and Emperor Francis Joseph has not had the desired result for Macedonia the world will witness the beginning of massacres, burnings and destruction compared with which the Turkish atrocities will seem child's play. "The banner of revolution," my informant says, "will be unfurled in all the border districts. Every city and village, whether the inhabitants are friends or foes, will be destroyed and such a state of anarchy will be caused that the Turks will step out voluntarily and leave the country to the Macedonian survivors. We have selected the frontier districts for the final operations so that Europe may hear the despairing cries of the dying nation which the Turks will settle."

DECAPITATED BY CAR.

Peculiar Accident Which Befell Michigan National Guardsmen.

Grand Rapids, Mich., Sept. 21.—John Delater had his head cut off and John Manni was fatally injured by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, Michigan national guard, and were returning from rifle practice at Berlin, riding on a Muskegon interurban line combination baggage and passenger coach.

They were sitting in the doorway of the baggage compartment swinging their feet when the car ran onto the bridge. Delater's feet caught on the iron work of the bridge and he was suddenly jerked from the doorway and thrown beneath the wheels of the car. He was decapitated. In falling he clutched at Manni and partially dragged him from the car. Manni had one leg broken and received other injuries that will be fatal.

Broken Levee Causes Flood.

Portage, Wis., Sept. 21.—The city levee on the west side of the Wisconsin river broke and the entire district on the west side of the bridge and the Baraboo river, covering a space of six miles, is one sea of water. Seven hundred feet of newly-built levee was washed away. Farm residences in the district are entirely surrounded. Hundreds of acres of potatoes, corn and millet are ruined.

Settle With Government for Land.

Pueblo, Col., Sept. 21.—The coal land contest between the government and the Colorado Fuel and Iron company, which has occupied the attention of the Pueblo land office and the Washington authorities for the last four months, has been settled by compromise. The steel company will pay $20 per acre, the price asked for the coal land, instead of $2.50 paid for timber and stone land claims. It is understood the Colorado Fuel and Iron company will pay about a half million dollars. The Victor Fuel company has also settled with the government on the same basis on a large number of coal land claims taken up under the timber and stone act.

Filipinos Detained at San Francisco.

San Francisco, Sept. 21.—The 31 Filipinos who arrived on the transport Sherman on their way to St. Louis, where they were to be employed in the construction of the Filipino houses and other buildings at the exposition are detained on board the transport by the immigration authorities because they are apparently liable to become public charges. Although armed with letters of identification from Manila, the Filipinos are all in poor financial straits and appear poorly equipped to continue on their journey to St. Louis.

Fatally Injured by Pitched Ball.

St. Paul, Sept. 21.—In a game of baseball between the Winnipeg team and the Algona (Ia.) team of colored players, W. W. Kelley, second baseman of the Winnipegs, was hit in the head by a pitched ball and probably fatally injured. He is at St. Joseph's hospital and is not expected to survive. Kelley is a brother of Manager Mike Kelley, of the St. Paul American association team, and his home is at Gardiner, Mass.

NEW LEASE OF LIFE

May Be Extended to Canal Negotiations With Colombian Government.

HAY-HERRAN TREATY IS DEAD

Interest Centers in Communications Submitted to State Department—Officials Cannot Make Matter Public. Treaty Favored by Panama.

Washington, Sept. 21.—Interest in the Panama canal situation now centers in the communication which Dr. Herran, the Colombian charge, recently submitted to the state department from his government. Just what the nature of this is Dr. Herran and the state department officials decline to say on the ground it is of a confidential character, but it is understood that it is in the nature of a proposition which will keep alive the canal negotiations with the Colombian government after the expiration of Sept. 22, at which time the existing treaty expires by limitation. Unless there should be a considerable revolution of feeling in the Colombian senate in favor of the Hay-Herran agreement, that is believed to be dead by Minister Beaupre at Bogota and by South American diplomats in Washington.

Panama, Sept. 21.—Senator Obaldia Sunday took over the functions of governor of Panama. The event was the occasion for great popular demonstrations by all parties. It is thought that the appointment of Governor Obaldia may perhaps exert influence against secessionist ideas, not only because he is a native of Panama, which fact engages for him the sympathies of all, but because his appointment apparently is part of a general plan, the result of which will be the election of General Reys to the presidency and the approval of a canal treaty satisfactory to the United States.

Governor Obaldia, in reply to Dr Florentine Goenaga, president of the high court of justice, said:

"I maintain, because they were well meditated, the sincere opinions I expressed as a senator of the republic. I consider that the interests of the world urgently demand the construction of a canal and they have a right to ask our co-operation. The concessions, the object of which is to serve these interests, though they may imply a sacrifice of sovereignty, are not against the national dignity. We cannot deny civilization what it requires from us to continue its victorious marches."

All the speeches delivered, not only by isthmians but by natives of the rest of the republic, demonstrated that all the inhabitants of Panama are in favor of the treaty.

New Bull Ring Inaugurated.

El Paso, Tex., Sept. 21.—The new $50,000 bull ring at Juarez, on the Mexican border, was formally opened in the presence of 10,000 people, chiefly Americans. Six bulls were tortured and put to death and several horses were slain by the bulls. Cervera, the famous Spanish bull fighter, is at the head of the troupe.

Coffee Men Organize.

San Juan, Sept. 21.—The coffee men of Porto Rico have organized themselves for trade purposes. The meeting—the first coffee convention in the history of the island—brought together 200 men interested in the industry, every bank being represented. All pledged themselves to aid the movement to bring about better conditions.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Mauly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

KILLED BY POLO BALL.

Blow on Player's Temple During Game Ends Fatally.

Chicago, Sept. 21.—Nathan Swift, son of Louis F. Swift, the packer, is dead from the effects of a blow on the temple with a polo ball at Onwentsia field during a game. The accident was at first thought to be trifling. Mr. Swift was playing in a contest in which his companions were Frederic McLaughlin, W. W. Rathbone, Walter Farwell, Sidney Love, Walter Keith, R. R. McCormick and Charles Garfield King.

The ball which struck Mr. Swift was one that went high in the air and from the mallet of Mr. Love. When the ball hit him he did not fall from his saddle and he was at first inclined to make light of the injury. He was induced to dismount, but walked without aid from the field. Arriving at home he complained of dizziness and later he went into a delirium which was followed by his death.

Posses Searching for Outlaw.

Chinook, Mont., Sept. 21.—Posses are scouring every section of the country in the vicinity of Bear Paw mountains after "Kid" Curry, the leader of the gang which held up two Great Northern express trains in July, 1901, and who escaped from Knoxville, Tenn., jail while awaiting transportation to the Ohio penitentiary to serve out a 20-years' sentence for forging signatures to the stolen bank bills obtained in the robbery. Curry has many friends in the country through which he is passing, and they will aid him to reach the rendezvous of his gang, where he will be safe in the fastnesses of the Bear Paw mountains from pursuit or capture.

Negro Convicts Escape from Jail.

Frankfort, Ky., Sept. 21.—A daring jail delivery was accomplished here. To accomplish it Chenault split the head of Deputy Jailer Merrit Williams with a bottle, seriously injuring him, and opened the doors for the others.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

SSS S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

MASSACRES TO END

Sultan Assures Ambassadors Excesses by Troops Will Not Be Repeated.

GUILTY ONES TO BE PUNISHED

Prince Ferdinand Gives Dinner to American Representative—Bulgaria Explains Recent Note to Powers. Turkish Garrison Besieged.

Constantinople, Sept. 21.—At an audience with M. Zinovieff, the Russian ambassador, Friday, the sultan expressed his regret at the excesses committed by the Turkish troops in the vilayets of Monastir and Adrianople. He said that orders had been sent to the authorities concerned to prevent their repetition and he gave the Russian ambassador to understand that the guilty parties would be punished.

The German ambassador, Baron Marschall Von Bieberstein, also had an audience with the sultan, who showed himself most optimistic, declaring that the insurrection was drawing to a close. In fact, it had already been suppressed in some districts and the porte would, therefore, immediately issue proclamations announcing the resumption of the application of the reform scheme.

Misunderstanding Explained.

Sofia, Bulgaria, Sept. 21.—Some apprehension having apparently been created owing to a misunderstanding in regarding the precise meaning of Bulgaria's last note to the powers, explanations have been given to some diplomatic agents here that the memorandum was not intended as an ultimatum, but was rather in the nature of an appeal for the intervention of the great powers before that intervention should be too late. The Bulgarian ministry, it was stated, was determined to maintain its attitude of neutrality up to the last moment, but it feels the impossibility of standing by indefinitely while the Turks exterminated the Bulgarian element in Macedonia.

The government's position is rendered increasingly difficult by the attitude of the Macedonian population in Bulgaria, which, vigorously backed up by the revolutionary committees, is persistently endeavoring to force the government's hand and provoke hostilities with Turkey.

American Guest at Dinner Party.

Prince Ferdinand Saturday evening gave a dinner party at the palace in honor of J. B. Jackson, who had presented his credentials as the first American diplomatic agent to Bulgaria. The guests included F. E. P. Elliot, the British diplomatic agent and the Bulgarian ministers and high officials. Prince Ferdinand proposed the health of President Roosevelt, speaking in English. Great satisfaction is expressed at America's action in establishing diplomatic relations with Bulgaria. The belief prevails that a great opportunity exists for developing a profitable export and import trade with the United States.

A dispatch from the monastery of Rila, Bulgaria, says the condition of the Turkish garrison of Melnik is believed to be critical. It is besieged by bands of insurgents under the leadership of Yankoff, Stoyanoff, Darvinghoff and Zograhoff, all of whom were formerly Bulgarian officers. The insurgents number 1,500, while the garrison is believed to consist of only one battalion.

Quiet During Absence of Troops.

Melnik is a very important strategic point in the mountains, commanding the road between Demirhissar and Razlog. The Turks have withdrawn nearly all their forces from the districts of Danaoumaia and Razlog to send to the relief of Melnik. As a consequence unusual tranquility prevails throughout the district of Razlog where the authorities, lacking the support of the troops, have ceased their policy of persecution and the beys are even furnishing bands with food. The Turkish population is described as being in a state of great consternation.

A company of Turkish soldiers and Bashi-Bazouks recently found the hiding place of a hundred families of refugees from the villages of Dupeni and Echla, near Resen. They captured the party, violated the women and committed other atrocities.

Forecasts Fearful Future.

London, Sept. 21.—The Daily Mail's correspondent at Sofia telegraphs: One of the revolutionary chiefs have informed me that the revolutionists are massing thousands of men at various points on the frontier and their laboratories are working incessantly to replenish their stock of bombs and explosives. They do not count much on war between Turkey and Bulgaria, but on the day they hear that the meeting between the czar and Emperor Francis Joseph has not had the desired result for Macedonia the world will witness the beginning of massacres, burnings and destruction compared with which the Turkish atrocities will seem child's play. "The banner of revolution," my informant says, "will be unfurled in all the border districts. Every city and village, whether the inhabitants are friends or foes, will be destroyed and such a state of anarchy will be caused that the Turks will step out voluntarily and leave the country to the Macedonian survivors. We have selected the frontier districts for the final operations so that Europe may hear the despairing cries of the dying nation which the Turks will settle."

DECAPITATED BY CAR.

Peculiar Accident Which Befell Michigan National Guardsmen.

Grand Rapids, Mich., Sept. 21.—John Delater had his head cut off and John Manni was fatally injured by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, Michigan national guard, and were returning from rifle practice at Berlin, riding on a Muskegon interurban line combination baggage and passenger coach.

They were sitting in the doorway of the baggage compartment swinging their feet when the car ran onto the bridge. Delater's feet caught on the iron work of the bridge and he was suddenly jerked from the doorway and thrown beneath the wheels of the car. He was decapitated. In falling he clutched at Manni and partially dragged him from the car. Manni had one leg broken and received other injuries that will be fatal.

Broken Levee Causes Flood.

Portage, Wis., Sept. 21.—The city levee on the west side of the Wisconsin river broke and the entire district on the west side of the bridge and the Baraboo river, covering a space of six miles, is one sea of water. Seven hundred feet of newly-built levee was washed away. Farm residences in the district are entirely surrounded. Hundreds of acres of potatoes, corn and millet are ruined.

Settle With Government for Land.

Pueblo, Col., Sept. 21.—The coal land contest between the government and the Colorado Fuel and Iron company, which has occupied the attention of the Pueblo land office and the Washington authorities for the last four months, has been settled by compromise. The steel company will pay $20 per acre, the price asked for the coal land, instead of $2.50 paid for timber and stone land claims. It is understood the Colorado Fuel and Iron company will pay about a half million dollars. The Victor Fuel company has also settled with the government on the same basis on a large number of coal land claims taken up under the timber and stone act.

Filipinos Detained at San Francisco.

San Francisco, Sept. 21.—The 31 Filipinos who arrived on the transport Sherman on their way to St. Louis, where they were to be employed in the construction of the Filipino houses and other buildings at the exposition are detained on board the transport by the immigration authorities because they are apparently liable to become public charges. Although armed with letters of identification from Manila, the Filipinos are all in poor financial straits and appear poorly equipped to continue on their journey to St. Louis.

Fatally Injured by Pitched Ball.

St. Paul, Sept. 21.—In a game of baseball between the Winnipeg team and the Algona (Ia.) team of colored players, W. W. Kelley, second baseman of the Winnipegs, was hit in the head by a pitched ball and probably fatally injured. He is at St. Joseph's hospital and is not expected to survive. Kelley is a brother of Manager Mike Kelley, of the St. Paul American association team, and his home is at Gardiner, Mass.

NEW LEASE OF LIFE

May Be Extended to Canal Negotiations With Colombian Government.

HAY-HERRAN TREATY IS DEAD

Interest Centers in Communications Submitted to State Department—Officials Cannot Make Matter Public. Treaty Favored by Panama.

Washington, Sept. 21.—Interest in the Panama canal situation now centers in the communication which Dr. Herran, the Colombian charge, recently submitted to the state department from his government. Just what the nature of this is Dr. Herran and the state department officials decline to say on the ground it is of a confidential character, but it is understood that it is in the nature of a proposition which will keep alive the canal negotiations with the Colombian government after the expiration of Sept. 22, at which time the existing treaty expires by limitation. Unless there should be a considerable revolution of feeling in the Colombian senate in favor of the Hay-Herran agreement, that is believed to be dead by Minister Beaupre at Bogota and by South American diplomats in Washington.

Panama, Sept. 21.—Senator Obaldia Sunday took over the functions of governor of Panama. The event was the occasion for great popular demonstrations by all parties. It is thought that the appointment of Governor Obaldia may perhaps exert influence against secessionist ideas, not only because he is a native of Panama, which fact engages for him the sympathies of all, but because his appointment apparently is part of a general plan, the result of which will be the election of General Reys to the presidency and the approval of a canal treaty satisfactory to the United States.

Governor Obaldia, in reply to Dr Florentine Goenaga, president of the high court of justice, said:

"I maintain, because they were well meditated, the sincere opinions I expressed as a senator of the republic. I consider that the interests of the world urgently demand the construction of a canal and they have a right to ask our co-operation. The concessions, the object of which is to serve these interests, though they may imply a sacrifice of sovereignty, are not against the national dignity. We cannot deny civilization what it requires from us to continue its victorious marches."

All the speeches delivered, not only by isthmians but by natives of the rest of the republic, demonstrated that all the inhabitants of Panama are in favor of the treaty.

New Bull Ring Inaugurated.

El Paso, Tex., Sept. 21.—The new $50,000 bull ring at Juarez, on the Mexican border, was formally opened in the presence of 10,000 people, chiefly Americans. Six bulls were tortured and put to death and several horses were slain by the bulls. Cervera, the famous Spanish bull fighter, is at the head of the troupe.

Coffee Men Organize.

San Juan, Sept. 21.—The coffee men of Porto Rico have organized themselves for trade purposes. The meeting—the first coffee convention in the history of the island—brought together 200 men interested in the industry, every bank being represented. All pledged themselves to aid the movement to bring about better conditions.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Injured Tourists Identified.

Havre, France, Sept. 21.—The American tourist, who with his wife was slightly injured in an automobile accident in Bolbec, has been identified as James Van Fleet Scudder, of Boston, Mass.

Roosevelt Has Quiet Sunday.

Oyster Bay, Sept. 21.—President Roosevelt passed a quiet Sunday at Sagamore Hill with his guest, President Nicholas Murray Butler, of Columbia university.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry.

KILLED BY POLO BALL.

Blow on Player's Temple During Game Ends Fatally.

Chicago, Sept. 21.—Nathan Swift, son of Louis F. Swift, the packer, is dead from the effects of a blow on the temple with a polo ball at Onwentsia field during a game. The accident was at first thought to be trifling. Mr. Swift was playing in a contest in which his companions were Frederic McLaughlin, W. W. Rathbone, Walter Farwell, Sidney Love, Walter Keith, R. R. McCormick and Charles Garfield King.

The ball which struck Mr. Swift was one that went high in the air and from the mallet of Mr. Love. When the ball hit him he did not fall from his saddle and he was at first inclined to make light of the injury. He was induced to dismount, but walked without aid from the field. Arriving at home he complained of dizziness and later he went into a delirium which was followed by his death.

Posses Searching for Outlaw.

Chinook, Mont., Sept. 21.—Posses are scouring every section of the country in the vicinity of Bear Paw mountains after "Kid" Curry, the leader of the gang which held up two Great Northern express trains in July, 1901, and who escaped from Knoxville, Tenn., jail while awaiting transportation to the Ohio penitentiary to serve out a 20-years' sentence for forging signatures to the stolen bank bills obtained in the robbery. Curry has many friends in the country through which he is passing, and they will aid him to reach the rendezvous of his gang, where he will be safe in the fastnesses of the Bear Paw mountains from pursuit or capture.

Negro Convicts Escape from Jail.

Frankfort, Ky., Sept. 21.—A daring jail delivery was accomplished here. Squire Hibler, Clayton Day and Frank Chenault, negroes, the first a convict and the others ex-convicts, all awaiting sentence to prison for murder and robbery, made good their escape. To accomplish it Chenault split the head of Deputy Jailer Merrit Williams with a bottle, seriously injuring him, and opened the doors for the others.

Girls Escape from State Home.

Trenton, N. J., Sept. 21.—Four inmates of the state home for girls in this city escaped from the institution. Two were captured at Bristol and the others are still at large. The home authorities say there was no occasion for the girls running away.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

SSS S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Firemen Called Out—A small fire occurred this morning at about 5 o'clock in the barn of John McLaughlin, West End. The fire department was summoned but before it arrived the flames, which had originated by the upsetting of a lamp on a bale of hay, had been extinguished.

Seriously Hurt—Mr. and Mrs. D. O. Webb, of 135 Avondale street, while returning from Canada, had an exciting experience near Jamestown, N. Y. Their automobile came in contact with a harse and buggy and Mrs. Webb had her side pierced by a thill and has since been suffering from shock.

New Books Received—A number of new books have been received in the high school library, among them being a set of Francis Parkman's American History, 18 volumes, and 10 volumes of the library of the World's Best Orations. These will be added to the large collection of reference books already in the high school.

Candidate for Adjutant General.

Columbus, September 21.—(Special)—Major A. B. Critchfield, commander of the third battalion of the Eighth regiment, is being touted as the successor of Adjutant General George R. Cyger, in the event of Col. Myron T. Herrick's election as governor. He is one of the oldest officers in the Ohio Guard, having been connected with the Eighth for almost 20 years.

An Unlucky Fall.

Lisbon, September 21.—(Special)—Elmer Henderson, of Washington street, this city, had a bad fall yesterday afternoon, while throwing down some hay from a mow. He was leaning against the door which gave way and precipitated him to the ground 20 or 30 feet below. No bones were broken but he was badly bruised and shaken up.

To lecture you upon your duties to yourself. Your own observation must have taught you that he is most respected, who most respects himself. AT THE THEATER

The Robison Stock company opens its engagement at the new Grand opera house tonight in "Salome," a southern romance of the civil war. The story of the play is one of love, war and intrigue, and in places is very thrilling, but not of the blood and thunder type. The period of 1861 to 1863 gives ample opportunity for pretty costuming, showing the quaint gowns worn at that time, and the scenic effects are equally as beautiful, the company carrying all their own scenery and accessories. Judging from the flattering press notices the attraction has received at Parkersburg and Newark during the past two weeks, the company is equal in every way to any repertoire organization on the road. The advance sale gives evidence of a large audience tonight.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Firemen Called Out—A small fire occurred this morning at about 5 o'clock in the barn of John McLaughlin, West End. The fire department was summoned but before it arrived the flames, which had originated by the upsetting of a lamp on a bale of hay, had been extinguished.

Seriously Hurt—Mr. and Mrs. D. O. Webb, of 135 Avondale street, while returning from Canada, had an exciting experience near Jamestown, N. Y. Their automobile came in contact with a harse and buggy and Mrs. Webb had her side pierced by a thill and has since been suffering from shock.

New Books Received—A number of new books have been received in the high school library, among them being a set of Francis Parkman's American History, 18 volumes, and 10 volumes of the library of the World's Best Orations. These will be added to the large collection of reference books already in the high school.

Candidate for Adjutant General.

Columbus, September 21.—(Special)—Major A. B. Critchfield, commander of the third battalion of the Eighth regiment, is being touted as the successor of Adjutant General George R. Cyger, in the event of Col. Myron T. Herrick's election as governor. He is one of the oldest officers in the Ohio Guard, having been connected with the Eighth for almost 20 years.

An Unlucky Fall.

Lisbon, September 21.—(Special)—Elmer Henderson, of Washington street, this city, had a bad fall yesterday afternoon, while throwing down some hay from a mow. He was leaning against the door which gave way and precipitated him to the ground 20 or 30 feet below. No bones were broken but he was badly bruised and shaken up.

AT THE THEATER

The Robison Stock company opens its engagement at the new Grand opera house tonight in "Salome," a southern romance of the civil war. The story of the play is one of love, war and intrigue, and in places is very thrilling, but not of the blood and thunder type. The period of 1861 to 1863 gives ample opportunity for pretty costuming, showing the quaint gowns worn at that time, and the scenic effects are equally as beautiful, the company carrying all their own scenery and accessories. Judging from the flattering press notices the attraction has received at Parkersburg and Newark during the past two weeks, the company is equal in every way to any repertoire organization on the road. The advance sale gives evidence of a large audience tonight.

PROPOSED NEW RULES TO GOVERN PRIMARIES

To Be Acted Upon at a Meeting of the County Committee on October 3.

RADICAL CHANGES FROM PRESENT SYSTEM

A call has been issued by County Chairman McNutt for a meeting of the Republican county central committee to be held at Lisbon October 3.

The committee appointed some time ago to revise the rules and change the manner of selecting party candidates has made its report, and it will be submitted to the county committee on the date mentioned.

The members of the county central committee are divided as to their approval of the rules, and the meeting promises to be an unusually interesting one. The new plan submitted by the special committee is as follows:

First—Primary elections for the selection of delegates to a county convention to nominate candidates for county and district offices and to select delegates to district and state conventions, and for the selection of three central committeemen for each election precinct shall be held on Friday, ——— ——, between the hours of 11:30 a. m. and 5:30 p. m., central time, in the different election precincts in the county.

THE ASSESSMENTS UPON CANDIDATES

Second—All prospective candidates at such convention shall file their names with, and pay an assessment of $25 each to the secretary of the county Republican executive committee by the noon hour of ——— ——.

Third—Committeemen of each election precinct shall take charge of and deliver the poll books and tally sheets to the secretary of the county executive committee, who shall deliver them to the secretary of the county convention which shall be held in Lisbon at 10 a. m. on the Saturday following the date of the primary.

Fourth—The convention shall be called to order by the county chairman and shall at once proceed to the election of a president, vice president, secretary and assistant secretaries and the election of committees on credentials, rules and order of business and resolutions.

Fifth—A majority of all the delegates to the convention shall be necessary to nominate any candidate for county office or to select delegates to district and state conventions.

Sixth—The county executive committee shall apportion the delegates to the different townships and precincts on the basis of one delegate for each fifty votes or fraction over twenty-five votes cast for the head of the Republican ticket at the preceding general election.

THE SELECTION OF THE DELEGATES

Seventh—The required number of canidates for delegates receiving the highest number of votes in any precinct shall be the accredited delegates for such precinct, and shall receive their credentials from the chairman of the township central committee.

Eighth—At least 10 days' notice of

EXPERT'S REPORT ON CITY LIGHTS

It Is Said to Be Decidedly Favorable to the United Power Company.

CONTRACT LIVED UP TO

Council at its regular meeting tomorrow evening will have an unusually large amount of business to dispose of. Action will be called for on the report of the expert electrician on the electric lights of this city, the contract with the Sanitary Reduction company will be brought up and the body will be implored to make an appropriation for the benefit of several municipal funds.

Though it has not been given out officially, the report on the light question, which has been the subject of endless comment for many months, will amount to very little. It is understood that the electrician employed by the board of public service to determine whether or not the city was getting that for which it paid, in his report, favors the United Power company. It is said that after a careful examination he concluded that the lights are equal to the provisions of the contract and that they are furnished with the required amount of voltage, the only fault discovered in connection with them being the kind of a shade overhanging them and the negligence of the lamp cleaner. The expert thinks that a different shade would have a wonderful effect and that if the lamp cleaner would keep the globes in perfect condition there would be but little room for objection. Whether or not council will accept the report as final is not known.

City Auditor Davidson states that action is expedient by council relative to the appropriation of money for the several funds. The police, fire, street, garbage and health funds are all considerably short and something must be done if council wishes to prevent a re-currence of conditions that existed a short time ago when the officials of the city were compelled to go for weeks without receiving their money. However, council will find it a difficult task to re-imburse the funds with only $7,000 to draw from. That is the amount left at the disposal of the body, and there will be none at hand before the first of January. For this reason it is also urged that the members take immediate action on the sale of the $92,925 worth of bonds. With that money in their hands the councilmen can give relief to all funds and save the city many a dollar, that is being paid daily for interest.

The garbage contract has been drafted and will no doubt be fully considered.

DENIAL ENTERED

Senator Hanna Will Not Retire as Republican National Chairman.

Cleveland, September 21.—(Special.)—Senator Hanna denies the report that he is to resign as chairman of the Republican national committee on account of ill health.

THE WIFE IS ACCUSED OF EXTREME CRUELTY

Lisbon, September 21.—(Special.)—The usual order of divorce suits is reversed in a petition filed here today by Thomas Pierce, of East Liverpool, in which the plaintiff asks legal separation from Laura Pierce on grounds of extreme cruelty, habitual drunkenness and infidelity.

They were married three years ago in East Liverpool and have no children. The husband charges that on September 30, 1900, just two months after their marriage, while he was asleep in bed at their home in East Liverpool, his wife came home in an intoxicated condition and struck him several times on the body, head and arms, breaking the little finger of his left hand, and again on July 4, 1902, at Cleveland, with the assistance of a man unknown to him, she beat him on the head, cutting his ear, blacking his eye and otherwise injuring him. She is also alleged to have been unfaithful at Cleveland with a man whose name is not known to the plaintiff.

Mr. Pierce says he has not been living with his wife for two years and her place of residence is not known. McGarry & McGarry, of East Liverpool, are the plaintiff's attorneys.

THE PUBLIC BUILDING SITE

Brunt Property, Fifth Street and Broadway, Decided Upon—Building Work Cannot Start Before Spring of 1905.

Washington, September 21.—(Special)—The supervising architect of the treasury today accepted as a site for the public building at East Liverpool the property at the corner of Fifth and Broadway, containing 13,000 square feet, and offered to the government by William Brunt. The price is $30,000.

The procedure from this point is for Mr. Brunt to forward to the United States district attorney at Cleveland the deeds and title of the property and he will send it on to the department of justice, where it will be passed upon by the attorney general. If the papers are found to be all right and a clear title to the land is shown the attorney general will certify these facts to the secretary of the treausry and the money will be paid to Mr. Brunt.

The matter of appropriating money for a building will come before the next congress. At present provision only for the site has been made. But supposing an appropriation is made at the first session of this coming congress, it will not be possible for the supervising architect of the treasury to begin work upon the building before the spring of 1905, and possibly not until the fall of that year.

There are now about 150 public buildings authorized in various sections of the country, and they are taken up in the order that title is obtained to the sites. But although the site at East Liverpool may be transfered to the government this fall, there being no money appropriated for the building, nothing can be done in the way of preparing plans, etc., until congress authorizes the expenditure of the money.

East Liverpool is not alone in this matter as there are many other cities in the same fix, and though the sites are provided the preparation of plans cannot begin until congress makes appropriations for building.

The selection of the Brunt site was strongly urged by most of the business interests of East Liverpool and the decision will be hailed with general satisfaction. After the announcement was made of the date on which the matter was ti be decided, scores of letters were written by local business men and firms, urging the treasury department to choose the Brunt property.

SUIT FOR $10,000 HAS BEEN BEGUN

JAMES DEAKIN'S ACTION AGAINST UNITED POWER COMPANY.

Says He Was Knocked Down By a Street Car and Permanently Injured.

Lisbon, September 21.—(Special)—Another heavy damage suit against the United Power company, of East Liverpool, was filed here today, the plaintiff, James Deakin, asking $10,000 for injuries sustained May 7 last.

The plaintiff says that on the date named he was crossing East Market street in East Liverpool when he was run into by one of the company's cars and knocked down on the track, the wheels passing over his right foot and necessitating amputation. Deakin charges that the accident was due solely to the negligence of the street car company and its employes. In the consideration of the long suffering expense, loss of time and impaired ability to work, resulting from the accident, the plaintiff thinks he has been damaged to the amount sued for. He is a potter and can no longer follow that occupation.

Hill & Davidson are the plaintiff's attorneys.

OFFICER JAY FISHER BITTEN BY A DOG

The Animal Was Supposed to Be Mad And the Wound Is a Serious One.

Officer Jay Fisher, of the East End, will probably leave for Pittsburg this evening, where he will undergo treatment to prevent blood poisoning, which it is thought possible as the result of his being bitten by a mad dog Saturday afternoon.

Fisher was called to the McClure home on Andrews avenue to assist in dispatching a dog which was supposed to be mad. He had the dog muzzled and together with Mr. McClure started toward the river bank to kill the animal. The animal suddenly sprang at the officer and bit a piece of flesh, the size of a dollar, from the calf of his right leg. The officer had a most exciting experience in loosing the dog from its hold. He beat it repeatedly on the head with his mace before it let go. The dog was shot. The officer then went to the office of Dr. Marshall and had the wound cauterized. Friends advised him to go to Pittsburg to take the Pasteur treatment and he has decided to go.

First of 13 to Die.

Lisbon, September 21.—(Special)—The funeral of Mrs. Thomas D. Stewart, at Bethel Presbyterian church in Wayne township, Saturday afternoon, was largely attended. Rev. Mr. Stewart, pastor of the United Presbyterian churches at Leetonia and West Beaver, officiated. Interment was in the cemetery at the church. Mrs. Stewart was aged 73 years and 7 months. She was the eldest of a family of six sons and seven daughters and was the first of 13 to pass away.

MAYOR WEAVER WILL BE PRESENT

Accepts the Invitation to Address the Ohio State Liquor League.

BIG CONVENTION EXPECTED

The opening of the twelfth annual convention of the Ohio State Liquor League at Turner hall tomorrow morning at 10 o'clock promises to be most auspicious. Every arrangement is complete for the affair and the local members of the league who have had the preparation in hand feel that not a stone has been left unturned that would assist in any manner with the success of the gathering.

It is expected that nearly 150 members of the league from every section of the state will be present when President John Koerber, of Akron, calls the meeting to order. After this duty has been performed Mayor W. A. Weaver will make the address of welcome, having been accorded the invitation by the local committee, which carried out a custom that has been in vogue with the league since its organization. The remarks of the Prohibition mayor will no doubt be full of interest.

Delegates from all over the state commenced to arrive in the city this morning and it is thought that before night at least 100 will be present. They are being met at the depot by the reception committee, Joseph Turnbull, Ambrose Weber, T. O. Carman and Fred Oeschmann, who have made it a point to escort them to the places designated for them as their places of abode while within the city.

The convention will be in session until Wednesday evening. Thursday having been set as the date for the delegates to return to their homes. On Wednesday evening the delegates will be handsomely entertained by the local members at Turner hall by a banquet, for which money and care have not been spared. It is the object of local members to make this the most enjoyable feature of the convention, and it will not be their fault if the anticipations are not carried out. While the mass of delegates are in the city they will be entertained in numerous ways, a committee having arranged for an extensive program.

The committee on arrangements to whom the visitors will be particularly obligated is composed of Joseph W. Geon, W. E. Morrow, A. J. Kenney, William Dailey, John Ecker, Robert Maxwell and David Barnhart. The local delegates to the convention are: Joseph W. Geon, W. E. Morrow, A. J. Kenney, T. O. Carman. The alternates are David Barnhart, John Rigot, Robert Sodaker, Robert Dorsey and Henry Hetzel. While the above are the delegates, practically every member of the association living in the city is expected to attend.

The executive officers of the league,

Seven Prominent Men Chosen By the Mayor for the Important Mission.

Mayor Weaver announced the following names this morning as those selected by him to represent the city of East Liverpool at the convention of the Ohio River Improvement association to be held at Evansville, Ind., October 14 and 15: W. THE FOOTBALL TEAM WILL BE A STRONG ONE

Manager Brown, of the Y. M. C. A., Proposes to Have It Embrace the Best Material.

Manager Charles Brown, of the Y. M. C. A. football team, has requested all candidates for positions on the eleven to report at the association parlors at 8 o'clock tonight. It is the hope of the manager to get a line on the best players in the city at this meeting so that he can proceed with the preparations for the opening of the season.

It is the intention of the Y. M. C. A. to place the strongest possible eleven in the field this fall and arrange a number of games with the elevens of nearby towns. The success of the base ball season just closen has proved that athletic contests conducted under the direction of the association are popular with the lovers of sports.

HIGHER WAGES FOR SCHOOL TEACHERS

Commissioner Bonebrake Proposes to Fix the Minimum Wage At $40.

Columbus, September 21.—(Special)—State School Commissioner L. D. Bonebrake says that the wages of the school teachers of Ohio are too low, and he intends to frame a bill, which he will offer to the next legislature, fixing a standard of wages for teachers commensurate with the services given.

The minimum will be fixed at $40, which is what it is in West Virginia.

Few Arrests Made.

Though Chief Wyman and his corps of policemen applied themselves vigorously during Saturday night and Sunday, but three arrests were made, the victims being Frank Sheridan, of Wellsville, James Boski and Adam Booth. The first two were charged with drunkenness and the latter with being disorderly at his home on Third street. Frank Booth, a son of Adam, was arrested today on a similar charge.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Tocsin Sounded and Republicans Called to Battle for Good Government and Progress.

HOLLOW PRETENSES OF THE JOHNSON CROWD

Chillicothe, September 21.—There were distinctive features in connection with the opening meeting of the Republican state campaign here Saturday outside of those which always mark meetings of such a character. While thousands cheered the distinguished guests, while bands tooted and filled the air with melody, and while a parade displayed political clubs from every portion of the state, the real significant feature of it all was the underlying, but visible, unanimity of purpose and belief which was seen and heard on every hand—a purpose to carry on a vigorous, clean, manly campaign, free from those things which have already marked the Democratic fight, and belief in a sweeping, overwhelming victory. In these things the Republican leaders who met here found cause for congratulation and reason for mutual joy.

The meeting was held in Yocatonge park, at which Governor Nash presided, and speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor; Warren G. Harding, candidate for lieutenant governor, and others. Scott Bonham, president of the Ohio League of Republican clubs, who were here taking part in the demonstrations, said that special invitations were sent to over 300 clubs after Chairman Dick had written them, "that the only fear this year was the spirit of over-confidence prevalent among Republican workers in Ohio," and in response the demonstration was the largest in the history of the Ohio league. The decorations were as elaborate as at the recent Ohio Centennial celebration.

Hon. Albert Douglas acted as temporary chairman and introduced Governor George K. Nash in a happy style and in turn the latter introduced Colonel Myron T. Herrick, Senator Hanna, Senator Foraker and Hon. Warren G. Harding.

Senator Foraker was the first speaker introduced. He said:

"We are to elect a governor and other important state officials, and elect a legislature that will choose a United States senator. It would be enough to make this election important if nothing more were involved than merely a choice of men for these responsible posts of duty. But more important by far than the question of what man shall hold any one of these places is the great, broad question of a choice between political parties. Is Ohio to go Democratic or Republican is what everybody wants to know, not only here, but all over the country? What we do this year will indicate what we are likely to do next year. A vote for Herrick now means a vote for Roosevelt then. Herrick's election will mean that this great central commonwealth with its vast influence upon the politics of the country, approves and supports the policies of the Republican party now, in the election

SEEKS TO RECOVER VALUABLE PROPERTY

Widow of a Salem Man Enters Suit For Dower Interest in the Estate.

Lisbon, September 21.—(Special)—Mrs. Rebecca Bossert, widow of the late Jeremiah Bossert, of Salem, is plaintiff in a suit filed here today by her attorneys, Potts & Wells, of Lisbon, asking that her dower interest in valuable real estate left by her husband be assigned to her. The defendants named in the petition are Martin L. and Mary Bossert, Blanche Royer, Ora Green, Grace Bossert, Jeremiah Bossert, an infant, Harriet Fawcett, Isabella Green, Charles Fawcett and Judge J. C. Boone, the latter as executor of the estate.

Mrs. Bossert says that on September 12, 1882, she was married to Mr. Bossert, who died in June last, and that during their married life he became the owner of two tracts of real estate by inheritance, a lot in the city of Salem and 402.80 acres in Salem township. It is alleged that coal is being mined from the second tract at the rate of 4,000 tons a month. This coal is being taken from what is known as No. 3 vein, while below it lies vein No. 4. Mrs. Bossert alleges that vein No. 3 is worth $5,000, but that all of the property in question is claimed by the executor, Judge Boone, who is holding it in trust for the defendants.

TELEPHONE WAR GROWING LIVELY

Columbiana Cuts the Bell's Figures Ten Per Cent at Lisbon.

AT AN INTERESTING STAGE

Lisbon, September 21.—(Special.)—The telephone controversy promises to assume a new and interesting phase in Lisbon today which may compel the members of the business association to have two 'phones in their places of business. Four solicitors for the Columbiana Telephone company are expected here this afternoon to commence at once a canvass of the city, with an offer of telephone service which will go the Bell company's figures better by a 10 per cent rebate. The Columbiana solicitors will offer a rate of $24 to business houses and $18 to residences; which, when the 10 per cent rebate is taken advantage of by early payment of dues, will be reduced to $21.60 and $16.20, respectively. This contract will provide for a strictly local service, the same as the Bell company's contract provides for.

Lisbon officials of the Columbiana company claim to have already secured 70 signatures to contracts under the advanced rate. The company has at present 260 subscribers in Lisbon and it is alleged that the Bell company is

FOUR OF THE ARBITRATORS ON POTTERS' WAGE SCALE

The arbitrators who, under the terms of the agreement reached at the Philadelphia conference between the operatives and manufacturers are to settle the two questions in the wage scale the two committees could not agree upon, have been selected and announcement to this effect was made this morning.

The arbitrafors are James S. Hilbert, Rev. C. G. Jordan and Justice H. P. McCarron, of this city, and Circuit Judge John M. Cook, of Steubenville. None of them are connected with the potting industry either as operatives or manufacturers.

The gentlemen named received notice of their appointment this morning, and it is thought all of them will accept. Two of them have already signified their intention of doing so.

The first meeting of the arbitrators will be held some night this week, probably tomorrow, when they will select the fifth arbitrator. The meetings to consider the questions at issue will be arranged later.

The personnel of the committee warrants the assertion that both sides will receive the fairest of treatment.

News and Notes About The Potteries

CARROLLTON NOTES.

Two kilns of saggers were fired this week.

Will Hackney, the mouldmaker, has been on the sick list the past week.

There are now 35 potters employed and 10 more will be added to the payroll by the first of next week.

During the past week over 20 persons from Lisbon, East Liverpool and Sebring have arrived here in quest of work.

The first biscuit kiln will be placed Monday. It will contain about 1,800 saggers, and each sagger will contain on an average of six pieces.

John Clark and his assistants will be here the first of the coming week to complete the lining of the decorating kilns, the fire brick having arrived.

The mule pulleys have not arrived yet, but the foreman, "Big Bill" Kane, was equal to the emergency and rigged up some substitute which will answer until the real things arrive.

The pottery committee states that there is still due about $5,000 on the loan, and the subscribers are earnestly requested to "make good" at the earliest possible moment. The money is needed. The pottery officials have done more than their part, and the subscribers should take pleasure in "whacking."

IMPROVEMENTS AT BURFORD'S.

Burford Brothers are spending several thousands of dollars in improvements to their plant and when the work now in progress is completed they will have one of the best arranged potteries in the city. Up until a short time ago the clay bins and slip departments were at the east side of the building and could not be reached except through a narrow alley, causing a great deal of labor and expense in unloading cars of clay and other material. When it was found impossible to build a switch so that cars could be set in near the bins the firm decided to devise some arrangement whereby the cost of unloading could be lessened. The plan decided upon was the construction of an elevator at the west side of the building and a tramway across the roof of the building to the bins. This work has been completed and the tram is in successful operation. The firm is using coal for biscuit kiln firing and a device may be arranged by which the fuel can be transported from the cars to the kiln shed.

On the affidavit of Mr. McCombe, of the American Sewer Pipe company's office at Pittsburg, filed before 'Squire Robert Love, of Steubenville, William H. Chatten has been arrested on a charge of embezzlement of $5,000. Chatten has been for eight or 10 years past connected with the office of the Central Sewer Pipe company at Steubenville, and recently purchased the business of the company from the directors, and while no information is given out as to what the embezzlement consists of, it is understood to be in connection with the bank account of the company.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

Continued from First Page.

the primary elections shall be published in some Republican newspaper printed and of general circulation in said county, stating the authority by which it is published, the purpose, time, manner, conditions and places of holding of such elections, and prescribing the qualification of the persons entitled to vote at such election.

Ninth—The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "County Delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precinct; the ballots for each election precinct shall be put up in pads securely fastened together.

HOW THE ELECTIONS SHALL BE CONDUCTED

(b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.

NONE BUT OFFICIAL BALLOTS ARE LEGAL

The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.

No elector shall be allowed to take any ballot from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

Eleventh—After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge who will examine it and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the person voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors present and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names on the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.

ELECTION OFFICERS AND THEIR DUTIES

Twelfth—The election officials shall certify the result in their precinct and promptly seal and send certificate to the secretary of the committee calling the primary, and shall forthwith deliver a copy of the certificate of the result in their precinct to the chairman of the township central committee, who shall immediately issue credentials to the delegates elected.

Thirteenth—No person shall act as judge or clerk whose name appears on the ticket as a candidate for any office except central committeemen.

Fourteenth—No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.

Fifteenth—All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.

Sixteenth—No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.

Seventeenth—At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.

Eighteenth—In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.

MANNER OF HOLDING PRECINCT CAUCUSES

The precinct central committeemen shall advertise said caucus by publication or by posting at least five notices in different conspicuous places, stating the place of holding the caucus and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons so selected to the secretary of the county central committee and such names appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow the voters the privilege of voting for others.

When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.

Nineteenth—There shall be three central committeemen elected in each precinct at the county primary each year, the committeemen so elected in all the precincts of the county shall constitute the county central committee.

The central committee of each township shall organize by the election of a chairman, secretary and treasurer.

The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.

Twentieth—Any central committeeman may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.

THOSE QUALIFIED TO VOTE AT PRIMARIES

Twenty-first—Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.

Twenty-second—Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.

Twenty-third—No person shall loiter or solicit votes within 75 feet of the polling place.

Twenty-fourth—The central committee for each precinct shall provide the room, booths and ballots for each polling place in their respective precincts. All other supplies for county primaries shall be furnished by the county central committee.

Twenty-fifth—These rules shall govern all Republican primaries in the county so far as applicable.

Twenty-sixth—Amendments to these rules must be presented in writing signed by two or more members of the county central committee, and can only be adopted by a majority vote at a regularly called meeting of such committee.

EAST END

OF GREAT INTEREST

Was the Communion Service on Sunday at the Second U. P. Church.

The communion service, observed Sunday morning at the Second U. P. church, was of particular interest to the members of the congregation. Instead of the usual sermon a roll of the members and adherents of the church was called, those present responding by reading a verse of scripture. The individual communion service was used for the first time. The service consists of more than 300 individual glasses, with holders sufficient for six glasses, attached to the rear of each seat.

At the evening service Rev. Willis Hotchkiss, of Cleveland, who has been a missionary from the church to Central Africa for a number of years, delivered an interesting lecture to one of the largest congregations that ever gathered within the edifice. This discourse was highly entertaining and instructive and greatly enjoyed by all. Rev. Mr. Hotchkiss left this morning for Indianapolis, leaving assurances that he would return to the East End before returning to Africa.

COLORED CAMPMEETING

Attracted a Large Attendance And the Exercises Were Deeply Interesting.

The first day of the camp meeting at Columbian park attracted an attendance of more than 500 people. The meetings, which are in charge of Rev. L. A. Upshaw, pastor of the African M. E. church, of Wellsville, promise to be of great interest. The music is being furnished by Steubenville and Wellsville choirs, with the addition of jubilee singers from Kentucky. A special service has been announced for next Thursday night, when Prof. Smallwood, principal of the public schools at Clairmont, Va., will talk upon the subject, "The Negro Problem."

At the meeting yesterday afternoon Rev. Mr. Ralston, of Steubenville, delivered the address and at the evening service Rev. Mr. Upshaw preached.

Church Social.

Announcement has been made that a social will be held at the new Second Presbyterian church, on Maple street, Tuesday evening of this week. A general good time is promised and a cordial invitation is extended to the general public. This is the first social attempted by the members of the new congregation and will be of more than ordinary interest.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Continued from First Page

of a governor, and intends to do the same thing next year in the election of a president.

"Under the administration of Governor Nash the last dollar of our state debt has been paid. Our public institutions have been conducted with economy and efficiency and our taxes for state purposes have been reduced to the lowest rate that we have ever known.

"There may not be the same unanimity with respect to national affairs, but there should be, for all must concede that under Republican policies we are enjoying the most satisfactory results. We are having unexampled prosperity. We have never before experienced such universal business activity. It extends to all occupations. It pervades all sections, and dispenses its rich rewards to all classes of people. Our revenues were never so ample, nor ever so little burdensome The American name was never so honored throughout the world. Our wealth and our strength are everywhere acknowledged and our diplomacy is everywhere successful. It has commanded the good will and excited the admiration of all the peoples of the earth.

"Instead of voting for a change, Ohio should "stand pat." The election of Col. Herrick will not only insure a continuation of the wise and satisfactory administration of Governor Nash, but it will place at the head of our state one of the ablest and most deserving of our fellow citizens, who has ever been a staunch and faithful representative of the highest and best type of Republicanism; and a Republican legislature will insure to the nation for another term the invaluable services of Senator Hanna.

"We have never had a representative in the United States senate who has better earned this honor. His defeat would be a national disappointment and a state humiliation. With victory this year for Herrick and Hanna, Ohio will then be ready to head the column for Roosevelt next year."

Colonel Myron T. Herrick, Republican candidate for governor this year, in his opening speech of the campaign, gives a luminous exposition of the tax laws of Ohio. He dwelt especially upon railway taxation, as this is a fad of his opponent, Tom Johnson.

Regarding railway taxation, the average citizen who has been listening to the Johnsonian lucubrations will be surprised to find how little basis there is for charges to fraud in assessment, and on the part of the state board of equalization. Since the present laws in this subject were enacted, there have been four Democratic governors and five Democratic legislatures; but none of them has found fraud, nor felt that these statutes needed revision. The total taxes on Ohio railroads last year averaged $433.30 a mile, an increase of 22 per cent over the previous year. Besides the taxes on their property all railroads pay an excise tax to the state of 1 per cent on their gross earnings. It is difficult to find a substantial basis for the charge that they are not paying their share of Ohio taxes. The Johnson cry for two cents a mile fare, curiously enough, meets the fact that the average rate received by the railroads from all their passengers last year was exactly two cents per mile.

Col. Herrick set forth, clearly and correctly, the fact that the only real taxation issue is whether we shall retain the same general system of taxation as at present, which is common to all the states, differing only in matters of detail, or whether we shall abandon all the experience of the past and enter upon a new and untried plan, based upon Henry George's imaginings. Johnson is an avowed advocate of the "single tax." This means that all taxes shall be based upon land, and land alone. The improvements thereon are not to be taxed. The man with $20,000 worth of buildings on his farm of 160 acres is to pay no more tax than the farmer with 160 acres and only a log cabin thereon.

It is time the honest voters of Ohio realized the sinister schemes of this socialist, Johnson, that they may administer a deserved rebuke at the polls next November.

Hon. Warren G. Harding, Republican candidate for lieutenant governor, gave a splendid example of his powers. In one terse statement he set forth the Republican issues in the Ohio campaign—"Practice rather than pretense; performance rather than promise; facts, rather than fads, fancies and frauds; records of things accomplished for the betterment of the people."

Mr. Harding meets the Democratic appeal to state issues in a succinct resume of Republican accomplishment. The Republican state administrations have changed the reficit in the state treasury left by the last Democratic one to a balance of three millions on hand. They have paid nearly two millions of state bonds and extinguished that debt. They have added six million dollars to the improvement of state charitable and educational institutions; and there is not even a hint of extravagance or misappropriation.

The Johnson cry of tax reform is shown to have no adequate basis of fact. There is no well-founded charge on which to appeal for a change. During the present administration of Governor Nash, there has been a tax reduction of three million dollars on realty and personal property. Under this new taxation legislation of last year, more than half the state taxation was lifted from the homes and farms of the people by shifting the burdens where it should go. The purpose is to complete the work of abolishing all taxes on real estate and personalty for state purposes, leaving local taxes only. The limitations of the state constitution stand in the way to an extent; but the proposed constutitional amendment in this subject, if ratified by the people, will open the way for this, and for an equalization of taxation.

Senator Hanna said in part:

"Our ticket this fall, my friends, is well chosen. The personnel of that ticket never has been excelled by either party since I have known anything about state politics.

"As his running mate we have for Colonel Herrick, another young man who has risen by his own individual efforts and ability and secured for himself a position in this state as a legislator second to none. A man who will honor the position and who will make such a record and return to the people who send him there as that they will want to give him something higher next time. (Great applause.)

"Mr. Clarke, whether he did it thoughtlessly or intentionally, in a public utterance at Akron, I believe it was, made this statement: 'This country is on the verge of a financial and industrial collapse.' He sounded that note of danger. Why, God only knows. But to my mind it was a criminal act, because it is not true. As far as the financial and industrial interests of this country are concerned, they never have been in any better shape than today. There is nothing to interfere with the onward progress of this development, except one thing, and that one thing is to shake the confidence of the people in the principles and policies exercised by the party in power. (Great applause.)

"Either Mr. Clarke knows absolutely nothing about business affairs or else that single utterance, standing alone, as affecting the results of this campaign, should condemn him and the party he represents to oblivion forever.

"It is worse than criminal. A man who assumes to speak for a great party and who has at heart the best interests of the men who have been associated with that party and who are inclined to take the utterances that fall from the lips of their leaders as truth, is, I say, worse than a criminal to thus deceive ignorant men.

"Mr. Clarke qualifies his position on the tariff by saying that he would take the tariff entirely off every article manufactured by trusts. What does that mean? Every iron and steel industry in the United States, everything connected with the metal trades, with the cotton trades, and in fact nearly all of our great industries would come within the scope of his proposition.

"Absolute free trade, through all the schedules of our tariff, would shut up 75 per cent of the industrial institutions of the United States until we could get labor down to the price where we could compete with Europe. That is what you are up against, boys.

"I say the whole country has its eyes upon Ohio, knowing that this is the skirmish battle for 1904, and I join with Senator Foraker in making the appeal to our people, under these circumstances, to send a word of greeting and confidence to the young president at Washington, and let him know that Ohio never falters in the right, and will not this time, and that we will lead in the campaign of 1904." (Long continued applause.)

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

The Republican campaign opening at Chillicothe on Saturday was characterized by harmony, earnestness and enthusiasm. The issues of the campaign were ably stated by Senators Foraker and Hanna, State Senator Warren G. Harding, and Gubernatorial Candidate Myron T. Herrick. There was no disposition shown to dodge or evade, but instead a vigorous determination to attack the enemy in every vulnerable spot and to carry on a vigorous warfare. The Republican position is impregnable. The record of the party in the state is the best possible argument in favor of continuing the party in power. The state election in Ohio this fall is a most important one, and its results will go far toward foreshadowing the results in the national election in 1904. Overwhelming victory for the entire state ticket, the adoption of the important constitutional amendments and the re-election of Senator Hanna to the United States senate are certain. The extent of the majority for the Republican ticket will depend upon the extent to which the voters are aroused. It rests with the people to say whether the majority shall be sweeping or feeble. A decreased Republican plurality for the head of the ticket will inspire the Democracy, now putting forth its most strenuous efforts, to renewed exertion another year. It will also encourage Democrats in other states than Ohio. The whole country is watching the Buckeye state Republicans. If they do their duty and turn out and vote as they can and ought, Tom Johnson and his gang will be buried past all hope of resurrection. The Republicans should make the short campaign a hot and earnest one. Victory is assured, but we ought to make the victory so sweeping as to leave the enemy no ground on which to rally for another assault.

The navy department has officially declared the "Star Spangled Banner" to be the national anthem, and officers and men are to stand at "attention" when it shall be played. Whether the war department will follow the naval example, as to a national anthem for the army, remains to be seen. Probably it will. The anthem has been in use since 1814 and is as captivating now as it was then.

The Johnson cry of tax reform is based on nothing. The Republicans of Ohio have been the only tax reformers the state has ever had, and their work has progressed so well that the state is out of debt and the burdens of state tax almost entirely lifted from the shoulders of the people. No state controlled by Democrats can point to such a record.

Out at Kenosha, Wis., a school principal has declared that no boy who smokes cigarettes shall attend school, and the school board is backing him. They consider it wasted effort to try to educate boys who have so little sense as to take up the cigarette habit, and refuse to let go.

If accounts are to be trusted, something over 50,000 Macedonian inhabitants have been massacred by the Turks. How many Turkish people have been massacred in retaliation is not announced. And still Europe looks on without making a move.

Very appropriately, the Beaver Falls papers always speak of their town as "this place." Until a town has climbed out of the "place" class and become either a city or a village there is little hope for it.

Our friends in the Sixteenth congressional district have an interesting problem to solve. But whatever their solution, a strong Republican will continue to represent the district in congress.

Wall street is credited with a determination to defeat Roosevelt for the presidency. Wall street is powerful, but it does only a small part of the voting.

Shocking news reached Wellsville this morning when a telegram was received stating that John Lyth, formerly connected with the Lyth Sewer pipe works, the Perpetual Savings & Loan company and many other enterprises had died on Saturday at Angola, N. Y., where he has been living since leaving Wellsville several years ago. A number of Wellsville's prominent citizens left for Angola this afternoon to attend the funeral.

The deceased was one of the most prominent men of Wellsville and was widely known throughout the county. He was 48 years of age and had been sick but a short time when he died. Mr. Lyth was manager of the sewer pipe plant at Azelda.

Mrs. Ephraim Holloway.

Lisbon, September 21.—(Special)—Mrs. Prosine Holloway, wife of Ephraim Holloway, died at her home near Church Hill, in Elk Run township, at 11:30 o'clock last night. STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

Not one time in 500 does Mi-o-na fail to cure dyspepsia. It is because of its remarkable power to cure this disease that Will Reed is able to sell it in the following unusual way.

With every 50c box he gives a signed guarantee bond to refund the price if the purchaser can honestly tell him that it has not given freedom from stomach troubles, increased flesh, and restored health. The risk is all Mr. Reed's as the following bond which he signs fully shows:

GUARANTEE BOND.

I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles. WILL REED.

Mi-o-na is not a mere digestive that simply gives temporary relief.

While it helps the food to digest, it also has a positive strengthening action upon the digestive organs and puts the whole system in proper physical condition. It restores power to the nerves of the stomach and in this way gives that important organ the power to digest food. In this way natural flesh is regained and health restored.

Remember that you risk nothing in buying Mi-o-na. The bond protects you, so that if it fails to give the desired effect, Will Reed will return your money without question and without argument.

MISSIONARY LIFE IN DARKEST AFRICA

Rev. Willis Hotchkiss Tells of the Trials That Beset Gospel Teachers.

HIS LIFE WAS IN PERIL

On Numerous Occasions, But He Kept on at His Work—God Protects His People — Duty of Christians to Spread Light And Joy.

Rev. Willis Hotchkiss, a missionary from Africa, talked to a large congregation at the First U. P. church yesterday. He was introduced by Dr. Taggart and gave a most interesting discourse. In part he said:

"What the world wants is angels here on earth, as well as in heaven. There is so much squalor, sin, darkness and despair here below that there is need of great labor. A man willing all his property to institutions for good cannot atone for a long life of sin. There is a fountain for the foulness of the world and in all parts of the earth men are conscious of God. In the meanest hut in Africa the occupants are constantly striving to answer the question, 'What shall I do to be saved?' Superstitious rites and forms of idols are testimonials to the universal sense of the need of God. Robert Ingersoll, the world's greatest infidel, standing over his dead brother, uttered these words: 'Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry alone and the only answer is the echo of our wailing cry. My brother, mistaking the approach of death for the return of health, whispered with his last breath, "I am better now."'

"Let us believe in spite of doubts and fears and tears and creeds and dogmas that these dear words are true of all the countless dead—that they are better now. In the night of death hope sees a star and listening love can hear the rustle of a wind."

The speaker then told of his life in Central Africa. "I was 600 miles in the interior and about 60 miles from Lake Victoria. The tribe of Negroes with whom I labored number one million. They wear absolutely no clothing, shave the hair from their heads and file their teeth and live in miserable huts of grass and mud. The entrance to the huts is so small that the owners and occupants have to crawl into them." Rev. Mr. Hotchkiss related how he was called one night to attend a sick man and found him lying in one of these huts with eleven other persons and 15 goats—the hut being less than a dozen feet in diameter. "A man becomes like his associates and no wonder of the sin and filth and nakedness of Africa?"

Several times the life of the missionary was attempted. Once at a council of war, or palaver, he was given three days to leave the country. He did not go and the reason the natives did not take his life he attributes to the protecting power of God. Then an edict was issued that he should be starved to death and any one caught taking him food was to be summarily dealt with. For months an old woman, who worked in the fields, dropped a tapioca root near his hut and upon the soup of that he existed until the order for his starvation was revoked. He was 30 times stricken with the terrible fever of the place. He related one incident when a huge lioness was bounding toward himself and a companion, their shots having no effect in the ferocious beast. When their ammunition was exhausted they kneeled on the ground and with upraised hunting knives awaited the final leap of the infuriated animal. When about 70 feet from them the lioness turned and going in another direction was soon lost to view.

Rev. Mr. Hotchkiss closed with an appeal for the people "to treat Christ right" by giving of their goods and wealth sufficiently that the light and joy of the gospel might be carried to the remotest regions of the earth."

THE HARVEST HOME AT ST. JOHN'S CHURCH

Impressive And Beautiful Services. Excellent Music And Eloquent Sermons.

St. John's Lutheran church was beautifully decorated yesterday and an impressive musical program, along with excellent preaching and other impressive exercises were features of the Harvest Home celebration. Rev. Mr. Reinartz preached a grand sermon in the morning from the text, "Seek ye first the kingdom of God and His righteousness."

In the evening the pastor took for his text "The Harvest Is Past, the Summer Is Ended And Many Souls Are Not Saved," the immortal words found in Jeremiah viii:10. He spoke of the endurance of early impressions and the impulses of youth, showing that when the seed is planted in the home training, the sowing time, there would be a fruitful harvest if it were watched and nourished in the early days. Without a foundation it is hard to build, and it is necessary at all times that the child be nourished in the way of the Lord. The minister eloquently pointed out the harvest time when too late, habits and impressions having been formed, the man sees the error of his way. His sermon was scholarly, logical and intensely interesting.

A large offering was taken for home missions, the people responding with a liberality seldom seen. In particular can this be said of the childen. It was a wonderful series of services.

On the Wages of Sin.

Rev. C. G. Jordan preached a strong sermon at the First Presbyterian church last evening from the text, "The Wages of Sin Is Death." A fast life fills an early grave. Men's sins find them out, and business and professional men and politicians who lead sinful lives fail of true success and invite a miserable fate. Rev. Mr. Jordan will preach his farewell sermon here next Sunday.

Gospel Meetings Continue.

So great is the interest in the gospel meetings in the tent on Fifth street that they will continue another week with bible readings every afternoon at 2:30 o'clock and preaching at 7:30 every night. Rev. Mr. Taylor will remain here during the entire week.

FIVE PRETTY GAMES COMING THIS WEEK

Homestead Will Contest With the Y. M. C. A.—Strong Local Lineup.

That the lovers of base ball are going to have the opportunity to witness five of the prettiest games ever played in this vicinity before the end of the week is evidenced by the lineup that has been arranged for by the management of the local team. The visiting teams will be Homestead on Tuesday and Wednesday and Warren the last three days of the week.

Everyone knows the reputation of the visiting aggregations and with the following lineup against them, the locals will surely give the independent professionals a hard rub: Klintworth, of Wheeling, catcher; Miller, of Wheeling, known and admired by every local fan, pitcher; Godwin, East Liverpool's pride, short stop; Rising, who is admired by everyone who has had the chance to see him play, in middle; Fred Heckathorn, first base. Webb, second; Brown, third; Gibson, left; Wallace, right.

WELLSVILLE

THE VICTIM OF TERRIBLE ASSAULT

KNOCKED DOWN AND LEFT UNCONSCIOUS ON THE TRACK.

Albert Baddeley Murderously Attacked By Unknown Thugs at Wellsville.

As the result of a vicious assault made upon him by highwaymen, Alfred Baddeley, aged 25, married, who has been employed at the plant of the Wellsville China company, lies at his home on Eleventh street, Wellsville, suffering terrible agony with the chances somewhat against his recovery.

Baddeley was found in an unconscious condition on the C. & P. railroad track, near the Vulcan brick works, about 3 o'clock Sunday morning. A long, deep gash in the top of his head caused immediate suspicion of attempted murder and after the apparently inanimate body was removed to the office of a physician the Wellsville police officers instituted a search for those who had committed the deed. While they were working on the case Baddeley recovered consciousness for a few minutes and muttered a few words, stating that he had been attacked by negroes. The officers then went to the quarters of a gang of negroes in the West End and arrested three men, giving as their names Al Jones, Ben Carter and J. H. Lee, on suspicion.

It was thought yesterday that the injured man could not possibly recover. The physicians could not give any hope for him and as he did not become conscious the report gained wide circulation many times that he had died. However, he rallied this morning and there is a possibility of his winning in the desperate struggle against death.

Though rational at times today Baddeley was unable to give an account of the dastardly assault, telling only that negroes committed the deed. He drew $25 Saturday night and it is supposed that the men who felled him so cowardly robbed him and then threw him on the track. This it is thought was done because they feared they had killed Baddeley and they wanted to divert suspicion of murder by having the train grind him into numberless pieces.

BOTH LEGS CRUSHED BY LOCOMOTIVE

Brakeman Jordan Run Down While Trying to Evade a Freight Train and Terribly Mangled.

E. A. Jordan, a brakeman on the Cleveland & Pittsburg road, was struck by a switch engine in the yards here at 7 o'clock this morning and seriously injured, both of his legs having been cut off.

Jordan was walking along the main track, and in an attempt to get out of the way of an approaching engine, he stepped directly in front of a moving switch engine, which struck him down and both of his legs were cut off at the knee.

He was carried to the Twelfth street station by brakemen, and Dr. Noble was called. The remaining portion of the legs were carefully dressed. He was taken to the Alliance hospital, and is not likely to recover.

For Paving of Third and Steubenville Streets—A. B. Clark May Get Contract.

At the special meeting of the board of public service held at noon Saturday, bids were opened on the contract for the paving of Third and Steubenville streets, adjacent to the Burgess company stilt works.

The bids received were as follows: A. B. Clark, $1.25 per square yard; Rinehart Bros., $1.50 per square yard. It is believed that Mr. Clark's bid will prove the lowest of the two bids.

WEDGWOOD TAKEN TO A HOSPITAL

INSANE MAN CAUSED ALARM AND WAS LOCKED UP.

His Condition Believed to Be Due to the Loss of a Large Sum of Money.

Hopelessly insane Thomas Wedgwood, who was arrested at Beaver Falls on Friday and brought to this city Saturday evening, was taken to Lisbon this afternoon by relatives. Thinking that through medical treatment he may become some better the relatives are going to place him under the care of physicians at the hospital at Lisbon for a few days, and if medical science fails to bring about the desired result, the unfortunate man will be taken before the probate court and subsequently to the Massillon asylum. Dr. C. B. Ogden thinks that his case is incurable for the present at least.

It will be remembered that Wedgwood became violently insane at Beaver Falls. Word was received by Mayor Weaver Saturday to the effect that Wedgwood was arrested at Beaver Falls and the mayor immediately communicated with Thomas Copestick, a son-in-law of Wedgwood, who left at once for the Pennsylvania town. He experienced no difficulty whatever in getting Wedgwood to return and upon their arrival in the city the unfortunate man was escorted to the home of his daughter in the East End. Wedgwood on Saturday evening gave the members of the household no trouble, sleeping soundly, but yesterday he began to rave, and at about 12 o'clock last night it was decided best to have him locked up at central station. After he had been committed to a cell Dr. C. B. Ogden was summoned and he administered a sedative. Dr. Ogden appeared at the city hall early this morning and after another examination pronounced Wedgwood in a bad condition. While talking to Dr. Ogden the demented man spoke of having been a candidate for president of the United States. At other times he labored under many different hallucinations, and to his many friends who have known him for the 23 years of his existence in this city, his case is a sad one.

It is said that Wedgwood's insanity is the result of the ill-advised expenditure of some $2,000 which he had received from selling a piece of property.

Asking For Her Hand.

SOUTH SIDE

A BIG HONOR GIVEN TO CHESTER

This Town Gets the Next State Council of the Junior American Mechanics.

The next meeting of the state council Jr. O. U. A. M. of West Virginia, will be held in Chester. At the last convention, held at Martinsburg, there were half a dozen candidates for the next annual meeting. Among the most aggressive of these were Morganstown, Wheeling, Charleston and Chester.

The claims of Chester to the honor of the next convention city were presented by State Councilor O. O. Allison and the delegation from the Panhandle. Chester won the final vote with eight to the good.

Preparations will be made for the entertainment of about 200 delegates and visitors. The work will fall upon the members of the Chester council, and it will be commenced early enough that nothing will be omitted. It is expected that hotel accommodations will have to be arranged for in East Liverpool and Wellsville, and these matters will be left in the hands of competent committees. The business sessions will probably be held in the Jr. Mechanics' new hall.

SPEED ORDINANCE IS OBJECTED TO

Panhandle Railroad Will Oppose a Measure Proposed By Town of Chester.

Officials of the Panhandle Railroad company are preparing to oppose an ordinance which the council intends to enact within the next few weeks. The measure is calculated to regulate the speed of trains within the corporation, to declare it a misdemeanor to make flying switches and to cease certain other irregularities in the manner of running trains through the city.

The railroad people claim they have carried over 50,000 people into Chester during the present season, and not an accident has occurred. It will be remembered that a boy from Canonsburg fell from an excursion train while it was in motion and sustained a broken collar bone. The representatives of the Pennsylvania company claim the tracks through Chester are perfectly safe and will fight any attempt to restrict the running of trains.

Will Drill for Gas.

Drilling machinery is being placed on the ground at the James Murray property at Louisiana avenue and Fifth street. Mr. Murray means to develop the land near his home, with a view to securing sufficient gas to supply his own needs. The gentleman is a man of wide experience in the oil and gas business and will give the territory a thorough test. He is of the opinion there is both oil and gas in Chester and will go ahead with the work at once.

Ready for a New Well.

Harry Conkle, one of the best known oil men in Hancock county, went to Collier's this morning, where he will dress tools for the Stewart interests in the well they are about to drill there. Edward Stewart will leave this afternoon for Collier's and has with him all the drilling apparatus necessary for the development of the field. It will be set up at once and the drilling commenced.

Nimrods' Poor Success.

R. S. Brown, manager of the bridge, and T. R. Williams were hunting in the vicinity of Fredericktown Saturday. Each had informed the other that he was a hunter and both had expected to come home loaded down with game. When they got to town Saturday evening the only thing they bagged was a "grinny," and the men kept that in the background.

Broke His Shoulder.

A serious accident befell Benjamin Cochran Saturday evening. The gentleman is very old, and has been a cripple for years. While stepping from the doorstep at his home on Carolina avenue he accidentally fell, breaking his shoulder blade. Owing to his advanced age it is feared the accident will prove serious.

Gas for Congo.

The residents of Congo have at last been given the assurance that the gas mains will be extended to that town, and all are congratulating themselves in consequence. The pipes will be connected for the Congo supply near the Howard homestead, and work upon the line will be commenced at once.

Contract Let.

The contract has been let for the erection of a fine new dwelling house for Freshwater Bros., on Fifth street. The building will be completed within a few weeks.

CHESTER NOTES.

Charles Brandon is grading in front of his property on Carolina avenue.

Mrs. Phil Marshall, who lives in the country is ill with stomach trouble.

Rev. Mr. Potter, of Brilliant, preached to the Presbyterian congregation yesterday afternoon.

Quarterly meeting will be held at the M. E. church next Thursday evening. Presiding Elder Meecham will be present to deliver a sermon.

Mr. and Mrs. Gibson Woodworth have left Chester for Portland, Ore., where they will make their future home.

William Wright, who has been in Chester for several days, departed today for Detroit, Mich., where he is engaged in business.

John Wesley Johnston began work this morning up extensive repairs to his residence south of town. Mr. Johnston's son arrived home last Saturday and he is now engaged in having the repairs made.

E. S. Good and wife, who have been spending two weeks at Atlantic City and other eastern points, have returned to their home in Chester. At the suggestion of several of his neighbors an attempt was made to secure an interview with Officer Good, but it was unsuccessful.

Decided Against Mrs. Deemer.

Lisbon, September 21.—(Special.)—Clerk of Courts Hanley received notice today from Judge George M. Robinson, of Ravenna, to the effect that he has given a decision dissolving a temporary injunction in the case of Mrs. Caroline Deemer, of Columbiana, versus the First National bank of that city. On the theory of long usage, Mrs. Deemer claimed a prescriptive right to a stairway, but the court decides against her.

Hunter Shot by Game Warden.

Wilkesbarre, Pa., Sept. 21.—E. W. Campbell, of West Pittston, one of the game wardens of Luzerne county, shot Roman Dalos, aged 35 years, near Campbell's ledge, two miles from Pittston, while resisting arrest for hunting on Sunday. Campbell gave himself up to the authorities. Dalos' injuries are serious.

WAYNESBURG WON THE THIRD GAME

A Strenuous Battle Which Resulted in Defeat For the Y. M. C. A.

VASBINDER WAS RATTLED

And the Visitors Had Things Pretty Much Their Own Way After They Got Onto His Curves — The Local Lineup Not Strong.

In the presence of more than 800 shivering fans, Capt. Reark and his aggregation of local ideals fell hard before Waynesburg Saturday afternoon in West End park, losing by the score of 12 to 3. It was the unkindest fall of all. Such a crowd of royal enthusiasts, nearly every man within the gates representing two bits, has never graced the bleechers or grand stand during the season, and for them to be greeted with the exhibition which followed the fifth inning is a rank shame.

Overflowing with joyous anticipation of the hardest fought contest ever pulled off in West End park, every man in the city with even the ear marks of sporting blood in his veins filed to the play ground. They knew that the first two games of the series were par excellence and thought that the last would be a most bitter struggle.

That the game was not what it should have been was due primarily to Vasbinder, who, notwithstanding that he did all within his power to prevent it, exerting himself to the utmost and going into the game with the determination of shutting the visitors out, went into the air in the sixth inning. He made a desperate attempt to regain his composure, but all his strenuousness amounted to naught. The visitors seemingly landed on his delivery at will. He increased his speed at every toss, but the Pennsylvanians had found him and they, like a tenacious bull terrier, hung on until just eight hits were scored against the pride of Salineville, and nearly as many runs. Not alone was Vasbinder responsible for the sudden turn of conditions. The management comes in for a share of the criticism. The lineup placed against the visitors was the worst by many points of the series. The infield was weakened to a great extent, the batting bunch was missing and in fact the aggregation went onto the grounds defeated. Had they won, it would have been a case of "pork."

The air encircling the park was biting cold. The fans stood and sat as close together as possible to counteract the merciless winds and when the game was called the umpire's voice was hardly audible for the chattering of molars and the cracking of knees. For the first four innings a run was not scored by either side, one hit only was made by the locals and only two by the visitors. Everyone was beginning to think that it was the Pittsburg Nationals against New York. In the fifth there was a slight deviation, the visitors coming to the front with a single and a run and the locals made it two runs and one more hit.

When the sixth was started Grandpa Heckathorn was heard to chirp, "At him old man, you can't tell what might happen." It is dollars to doughnuts that if the locals had been aware of what was really going to happen the game would have been called immediately on the account of cold weather. Comfort started the avalanche by getting a free pass. Haller steps forth and places a pretty little hit out in center. Reark fell around in every conceivable direction and before the ball was finally settled Comfort had scored. L. McKeown singled. Morehead did the same stunt. He was followed with a two bagger by J. McKeown, which sent three runs bounding over the plate. The runs were being scored seemingly by the dozen. Vasbinder was all in, hits were dropping in all corners of the lot and Reark commenced to think something should be done. Emmerling retired after having his first finger on the right hand badly mutilated. Webb was sent in to take his place. Reark went to second, Gibson trotted out to middle and a moment later to left, while Jarvis went to short and Barker took the slab. The lightning change had some effect, the next two men up going down in order, but that did nit end it. Three more hits in rapid succession were made with as many runs before Morehead put one into the hands of Gibson. At the conclusion of that inning it was all day for the locals. They could not recover even to a small degree. The visitors had their batting eyes well trimmed for any old thing that started across the plate and though Barker did great work, he was pounded. In the eighth the visitors piled up four more runs and then all the interest, if there was any left after the sixth, disappeared.

Notes on the Game.

Christy Matthewson could not have stopped the avalanche of runs and hits after the first four men in the sixth made their stunts.

Vasbinder never tried harder in his life to win. He deserves credit for his loyal efforts. Being accustomed to a raised pitcher's box was the cause of his inability to furnish the goods.

With Rising and Houser out of the game it was all off for the locals. Both will appear this week, thank goodness, and a different tale may be related.

The fans were rejoiced to see Barker in harness. He has the prettiest delivery of any twirler that ever appeared on a local diamond and his numberless friends hailed his appearance with loud applause.

After suffering two defeats, Waynesburg telegraphed Youngstown that they could not play on Monday and Tuesday, owing to a crippled team. After winning Saturday's game they telegraphed that their men had recovered and they would fill the dates.

Smith's Ferry Won.

The Pleasant Heights base ball club, one of the strongest aggregations in the city, made the trip to Smith's Ferry Saturday afternoon, where a game was played with the team at that place. The game was one of the best ever played on the Smith's Ferry grounds, and had the umpire been strictly on the square the Pleasant Heights boys would have won easily. As it was the judgment was poor and some of the decisions of the rankest character. The Smith's Ferry team won by a score of 9 to 6. The favored team realized their opponents were being given much the worst of the deal, and for that reason refused to arrange for another game. A plan is under way just now, however, whereby a final contest may be arranged and if it succeeds the game will be played on the Pleasant Heights grounds.

Athletics Beat Salem.

The closing game of the season on the Salem grounds was played Saturday afternoon between East Liverpool Athletics and Salem, and was a fair game. Score:

	R.	H.	E.
Liverpool	3	0	0 1 0 0 0 0 0 1—5	9	2
Salem	0	0	0 1 0 0 0 0 0 0—1	9	5

Batteries—East Liverpool, G. Emmerling and Emmerling; Salem, Faulk and Jones.

May Finish With Waynesburg.

Harry Barker left with Waynesburg Saturday to play with that team against the Ohio Works, of Youngstown. He will pitch. He may finish the season with Waynesburg.

The Monarchs Won.

The Monarchs on Saturday afternoon beat the Northside Stars in a game at Park place, 8 to 3. Batteries, Walsh and Purinton, Grim and Kelly.

Empire on Top.

The Marines lost to Empire by a score of 9 to 9. The East Liverpool boys claim the umpire was not square.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections, item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Sultan Assures Ambassadors Excesses by Troops Will Not Be Repeated.

GUILTY ONES TO BE PUNISHED

Prince Ferdinand Gives Dinner to American Representative—Bulgaria Explains Recent Note to Powers. Turkish Garrison Besieged.

Constantinople, Sept. 21.—At an audience with M. Zinovieff, the Russian ambassador, Friday, the sultan expressed his regret at the excesses committed by the Turkish troops in the vilayets of Monastir and Adrianople. He said that orders had been sent to the authorities concerned to prevent their repetition and he gave the Russian ambassador to understand that the guilty parties would be punished.

The German ambassador, Baron Marschall Von Bieberstein, also had an audience with the sultan, who showed himself most optimistic, declaring that the insurrection was drawing to a close. In fact, it had already been suppressed in some districts and the porte would, therefore, immediately issue proclamations announcing the resumption of the application of the reform scheme.

Misunderstanding Explained.

Sofia, Bulgaria, Sept. 21.—Some apprehension having apparently been created owing to a misunderstanding in regarding the precise meaning of Bulgaria's last note to the powers, explanations have been given to some diplomatic agents here that the memorandum was not intended as an ultimatum, but was rather in the nature of an appeal for the intervention of the great powers before that intervention should be too late. The Bulgarian ministry, it was stated, was determined to maintain its attitude of neutrality up to the last moment, but it feels the impossibility of standing by indefinitely while the Turks exterminated the Bulgarian element in Macedonia.

The government's position is rendered increasingly difficult by the attitude of the Macedonian population in Bulgaria, which, vigorously backed up by the revolutionary committees, is persistently endeavoring to force the government's hand and provoke hostilities with Turkey.

American Guest at Dinner Party.

Prince Ferdinand Saturday evening gave a dinner party at the palace in honor of J. B. Jackson, who had presented his credentials as the first American diplomatic agent to Bulgaria. The guests included F. E. P. Elliot, the British diplomatic agent and the Bulgarian ministers and high officials. Prince Ferdinand proposed the health of President Roosevelt, speaking in English. Great satisfaction is expressed at America's action in establishing diplomatic relations with Bulgaria. The belief prevails that a great opportunity exists for developing a profitable export and import trade with the United States.

A dispatch from the monastery of Rila, Bulgaria, says the condition of the Turkish garrison of Melnik is believed to be critical. It is besieged by bands of insurgents under the leadership of Yankoff, Stoyanoff, Darvinghoff and Zograhoff, all of whom were formerly Bulgarian officers. The insurgents number 1,500, while the garrison is believed to consist of only one battalion.

Quiet During Absence of Troops.

Melnik is a very important strategic point in the mountains, commanding the road between Demirhissar and Razlog. The Turks have withdrawn nearly all their forces from the districts of Danaoumaia and Razlog to send to the relief of Melnik. As a consequence unusual tranquility prevails throughout the district of Razlog where the authorities, lacking the support of the troops, have ceased their policy of persecution and the boys are even furnishing bands with food. The Turkish population is described as being in a state of great consternation.

A company of Turkish soldiers and Bashi-Bazouks recently found the hiding place of a hundred families of refugees from the villages of Dupeni and Echla, near Resen. They captured the party, violated the women and committed other atrocities.

Forecasts Fearful Future.

London, Sept. 21.—The Daily Mail's correspondent at Sofia telegraphs: One of the revolutionary chiefs have informed me that the revolutionists are massing thousands of men at various points on the frontier and their laboratories are working incessantly to replenish their stock of bombs and explosives. They do not count much on war between Turkey and Bulgaria, but on the day they hear that the meeting between the czar and Emperor Francis Joseph has not had the desired result for Macedonia the world will witness the beginning of massacres, burnings and destruction compared with which the Turkish atrocities will seem child's play. "The banner of revolution," my informant says, "will be unfurled in all the border districts. Every city and village, whether the inhabitants are friends or foes, will be destroyed and such a state of anarchy will be caused that the Turks will step out voluntarily and leave the country to the Macedonian survivors. We have selected the frontier districts for the final operations so that Europe may hear the despairing cries of the dying nation which the Turks will settle."

DECAPITATED BY CAR.

Peculiar Accident Which Befell Michigan National Guardsmen.

Grand Rapids, Mich., Sept. 21.—John Delater had his head cut off and John Manni was fatally injured by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, Michigan national guard, and were returning from rifle practice at Berlin, riding on a Muskegon interurban line combination baggage and passenger coach.

They were sitting in the doorway of the baggage compartment swinging their feet when the car ran onto the bridge. Delater's feet caught on the iron work of the bridge and he was suddenly jerked from the doorway and thrown beneath the wheels of the car. He was decapitated. In falling he clutched at Manni and partially dragged him from the car. Manni had one leg broken and received other injuries that will be fatal.

Broken Levee Causes Flood.

Portage, Wis., Sept. 21.—The city levee on the west side of the Wisconsin river broke and the entire district on the west side of the bridge and the Baraboo river, covering a space of six miles, is one sea of water. Seven hundred feet of newly-built levee was washed away. Farm residences in the district are entirely surrounded. Hundreds of acres of potatoes, corn and millet are ruined.

Settle With Government for Land.

Pueblo, Col., Sept. 21.—The coal land contest between the government and the Colorado Fuel and Iron company, which has occupied the attention of the Pueblo land office and the Washington authorities for the last four months, has been settled by compromise. The steel company will pay $20 per acre, the price asked for the coal land, instead of $2.50 paid for timber and stone land claims. It is understood the Colorado Fuel and Iron company will pay about a half million dollars. The Victor Fuel company has also settled with the government on the same basis on a large number of coal land claims taken up under the timber and stone act.

Filipinos Detained at San Francisco.

San Francisco, Sept. 21.—The 31 Filipinos who arrived on the transport Sherman on their way to St. Louis, where they were to be employed in the construction of the Filipino houses and other buildings at the exposition are detained on board the transport by the immigration authorities because they are apparently liable to become public charges. Although armed with letters of identification from Manila, the Filipinos are all in poor financial straits and appear poorly equipped to continue on their journey to St. Louis.

Fatally Injured by Pitched Ball.

St. Paul, Sept. 21.—In a game of baseball between the Winnipeg team and the Algona (Ia.) team of colored players, W. W. Kelley, second baseman of the Winnipegs, was hit in the head by a pitched ball and probably fatally injured. He is at St. Joseph's hospital and is not expected to survive. Kelley is a brother of Manager Mike Kelley, of the St. Paul American association team, and his home is at Gardiner, Mass.

NEW LEASE OF LIFE

May Be Extended to Canal Negotiations With Colombian Government.

HAY-HERRAN TREATY IS DEAD

Interest Centers in Communications Submitted to State Department—Officials Cannot Make Matter Public. Treaty Favored by Panama.

Washington, Sept. 21.—Interest in the Panama canal situation now centers in the communication which Dr. Herran, the Colombian charge, recently submitted to the state department from his government. Just what the nature of this is Dr. Herran and the state department officials decline to say on the ground it is of a confidential character, but it is understood that it is in the nature of a proposition which will keep alive the canal negotiations with the Colombian government after the expiration of Sept. 22, at which time the existing treaty expires by limitation. Unless there should be a considerable revolution of feeling in the Colombian senate in favor of the Hay-Herran agreement, that is believed to be dead by Minister Beaupre at Bogota and by South American diplomats in Washington.

Panama, Sept. 21.—Senator Obaldia Sunday took over the functions of governor of Panama. The event was the occasion for great popular demonstrations by all parties. It is thought that the appointment of Governor Obaldia may perhaps exert influence against secessionist ideas, not only because he is a native of Panama, which fact engages for him the sympathies of all, but because his appointment apparently is part of a general plan, the result of which will be the election of General Reys to the presidency and the approval of a canal treaty satisfactory to the United States.

Governor Obaldia, in reply to Dr Florentine Goenaga, president of the high court of justice, said:

"I maintain, because they were well meditated, the sincere opinions I expressed as a senator of the republic. I consider that the interests of the world urgently demand the construction of a canal and they have a right to ask our co-operation. The concessions, the object of which is to serve these interests, though they may imply a sacrifice of sovereignty, are not against the national dignity. We cannot deny civilization what it requires from us to continue its victorious marches."

All the speeches delivered, not only by isthmians but by natives of the rest of the republic, demonstrated that all the inhabitants of Panama are in favor of the treaty.

El Paso, Tex., Sept. 21.—The new $50,000 bull ring at Juarez, on the Mexican border, was formally opened in the presence of 10,000 people, chiefly Americans. Six bulls were tortured and put to death and several horses were slain by the bulls. Cervera, the famous Spanish bull fighter, is at the head of the troupe.

Coffee Men Organize.

San Juan, Sept. 21.—The coffee men of Porto Rico have organized themselves for trade purposes. The meeting—the first coffee convention in the history of the island—brought together 200 men interested in the industry, every bank being represented. All pledged themselves to aid the movement to bring about better conditions.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Injured Tourists Identified.

Havre, France, Sept. 21.—The American tourist, who with his wife was slightly injured in an automobile accident in Bolbec, has been identified as James Van Fleet Scudder, of Boston, Mass.

KILLED BY POLO BALL.

Blow on Player's Temple During Game Ends Fatally.

Chicago, Sept. 21.—Nathan Swift, son of Louis F. Swift, the packer, is dead from the effects of a blow on the temple with a polo ball at Onwentsia field during a game. The accident was at first thought to be trifling. Mr. Swift was playing in a contest in which his companions were Frederic McLaughlin, W. W. Rathbone, Walter Farwell, Sidney Love, Walter Keith, R. R. McCormick and Charles Garfield King.

The ball which struck Mr. Swift was one that went high in the air and from the mallet of Mr. Love. When the ball hit him he did not fall from his saddle and he was at first inclined to make light of the injury. He was induced to dismount, but walked without aid from the field. Arriving at home he complained of dizziness and later he went into a delirium which was followed by his death.

Posses Searching for Outlaw.

Chinook, Mont., Sept. 21.—Posses are scouring every section of the country in the vicinity of Bear Paw mountains after "Kid" Curry, the leader of the gang which held up two Great Northern express trains in July, 1901, and who escaped from Knoxville, Tenn., jail while awaiting transportation to the Ohio penitentiary to serve out a 20-years' sentence for forging signatures to the stolen bank bills obtained in the robbery. Curry has many friends in the country through which he is passing, and they will aid him to reach the rendezvous of his gang, where he will be safe in the fastnesses of the Bear Paw mountains from pursuit or capture.

Negro Convicts Escape from Jail.

Frankfort, Ky., Sept. 21.—A daring jail delivery was accomplished here. Squire Hibler, Clayton Day and Frank Chenault, negroes, the first a convict and the others ex-convicts, all awaiting sentence to prison for murder and robbery, made good their escape. To accomplish it Chenault split the head of Deputy Jailer Merrit Williams with a bottle, seriously injuring him, and opened the doors for the others.

Girls Escape from State Home.

Trenton, N. J., Sept. 21.—Four inmates of the state home for girls in this city escaped from the institution. Two were captured at Bristol and the others are still at large. The home authorities say there was no occasion for the girls running away.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

SSS S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

Seriously Hurt—Mr. and Mrs. D. O. Webb, of 135 Avondale street, while returning from Canada, had an exciting experience near Jamestown, N. Y. Their automobile came in contact with a harse and buggy and Mrs. Webb had her side pierced by a thill and has since been suffering from shock.

New Books Received—A number of new books have been received in the high school library, among them being a set of Francis Parkman's American History, 18 volumes, and 10 volumes of the library of the World's Best Orations. These will be added to the large collection of reference books already in the high school.

Candidate for Adjutant General.

Columbus, September 21.—(Special)—Major A. B. Critchfield, commander of the third battalion of the Eighth regiment, is being touted as the successor of Adjutant General George R. Cyger, in the event of Col. Myron T. Herrick's election as governor. He is one of the oldest officers in the Ohio Guard, having been connected with the Eighth for almost 20 years.

An Unlucky Fall.

Lisbon, September 21.—(Special)—Elmer Henderson, of Washington street, this city, had a bad fall yesterday afternoon, while throwing down some hay from a mow. He was leaning against the door which gave way and precipitated him to the ground 20 or 30 feet below. No bones were broken but he was badly bruised and shaken up.

AT THE THEATER

The Robison Stock company opens its engagement at the new Grand opera house tonight in "Salome," a southern romance of the civil war. The story of the play is one of love, war and intrigue, and in places is very thrilling, but not of the blood and thunder type. The period of 1861 to 1863 gives ample opportunity for pretty costuming, showing the quaint gowns worn at that time, and the scenic effects are equally as beautiful, the company carrying all their own scenery and accessories. Judging from the flattering press notices the attraction has received at Parkersburg and Newark during the past two weeks, the company is equal in every way to any repertoire organization on the road. The advance sale gives evidence of a large audience tonight.

PROPOSED NEW RULES TO GOVERN PRIMARIES

To Be Acted Upon at a Meeting of the County Committee on October 3.

RADICAL CHANGES FROM PRESENT SYSTEM

A call has been issued by County Chairman McNutt for a meeting of the Republican county central committee to be held at Lisbon October 3.

The committee appointed some time ago to revise the rules and change the manner of selecting party candidates has made its report, and it will be submitted to the county committee on the date mentioned.

The members of the county central committee are divided as to their approval of the rules, and the meeting promises to be an unusually interesting one. The new plan submitted by the special committee is as follows:

First—Primary elections for the selection of delegates to a county convention to nominate candidates for county and district offices and to select delegates to district and state conventions, and for the selection of three central committeemen for each election precinct shall be held on Friday, ——— ——, between the hours of 11:30 a. m. and 5:30 p. m., central time, in the different election precincts in the county.

THE ASSESSMENTS UPON CANDIDATES

Second—All prospective candidates at such convention shall file their names with, and pay an assessment of $25 each to the secretary of the county Republican executive committee by the noon hour of ——— ——.

Third—Committeemen of each election precinct shall take charge of and deliver the poll books and tally sheets to the secretary of the county executive committee, who shall deliver them to the secretary of the county convention which shall be held in Lisbon at 10 a. m. on the Saturday following the date of the primary.

Fourth—The convention shall be called to order by the county chairman and shall at once proceed to the election of a president, vice president, secretary and assistant secretaries and the election of committees on credentials, rules and order of business and resolutions.

Fifth—A majority of all the delegates to the convention shall be necessary to nominate any candidate for county office or to select delegates to district and state conventions.

Sixth—The county executive committee shall apportion the delegates to the different townships and precincts on the basis of one delegate for each fifty votes or fraction over twenty-five votes cast for the head of the Republican ticket at the preceding general election.

THE SELECTION OF THE DELEGATES

Seventh—The required number of canidates for delegates receiving the highest number of votes in any precinct shall be the accredited delegates for such precinct, and shall receive their credentials from the chairman of the township central committee.

Eighth—At least 10 days' notice of

EXPERT'S REPORT ON CITY LIGHTS

It Is Said to Be Decidedly Favorable to the United Power Company.

CONTRACT LIVED UP TO

Council at its regular meeting tomorrow evening will have an unusually large amount of business to dispose of. Action will be called for on the report of the expert electrician on the electric lights of this city, the contract with the Sanitary Reduction company will be brought up and the body will be implored to make an appropriation for the benefit of several municipal funds.

Though it has not been given out officially, the report on the light question, which has been the subject of endless comment for many months, will amount to very little. It is understood that the electrician employed by the board of public service to determine whether or not the city was getting that for which it paid, in his report, favors the United Power company. It is said that after a careful examination he concluded that the lights are equal to the provisions of the contract and that they are furnished with the required amount of voltage, the only fault discovered in connection with them being the kind of a shade overhanging them and the negligence of the lamp cleaner. The expert thinks that a different shade would have a wonderful effect and that if the lamp cleaner would keep the globes in perfect condition there would be but little room for objection. Whether or not council will accept the report as final is not known.

City Auditor Davidson states that action is expedient by council relative to the appropriation of money for the several funds. The police, fire, street, garbage and health funds are all considerably short and something must be done if council wishes to prevent a re-currence of conditions that existed a short time ago when the officials of the city were compelled to go for weeks without receiving their money. However, council will find it a difficult task to re-imburse the funds with only $7,000 to draw from. That is the amount left at the disposal of the body, and there will be none at hand before the first of January. For this reason it is also urged that the members take immediate action on the sale of the $92,925 worth of bonds. With that money in their hands the councilmen can give relief to all funds and save the city many a dollar, that is being paid daily for interest.

The garbage contract has been drafted and will no doubt be fully considered.

DENIAL ENTERED

Senator Hanna Will Not Retire as Republican National Chairman.

Cleveland, September 21.—(Special.)—Senator Hanna denies the report that he is to resign as chairman of the Republican national committee on account of ill health.

THE WIFE IS ACCUSED OF EXTREME CRUELTY

Lisbon, September 21.—(Special.)—The usual order of divorce suits is reversed in a petition filed here today by Thomas Pierce, of East Liverpool, in which the plaintiff asks legal separation from Laura Pierce on grounds of extreme cruelty, habitual drunkenness and infidelity.

They were married three years ago in East Liverpool and have no children. The husband charges that on September 30, 1900, just two months after their marriage, while he was asleep in bed at their home in East Liverpool, his wife came home in an intoxicated condition and struck him several times on the body, head and arms, breaking the little finger of his left hand, and again on July 4, 1902 at Cleveland, with the assistance of a man unknown to him, she beat him on the head, cutting his ear, blacking his eye and otherwise injuring him. She is also alleged to have been unfaithful at Cleveland with a man whose name is not known to the plaintiff.

Mr. Pierce says he has not been living with his wife for two years and her place of residence is not known. McGarry & McGarry, of East Liverpool, are the plaintiff's attorneys.

THE PUBLIC BUILDING SITE

Brunt Property, Fifth Street and Broadway, Decided Upon—Building Work Cannot Start Before Spring of 1905.

Washington, September 21.—(Special)—The supervising architect of the treasury today accepted as a site for the public building at East Liverpool the property at the corner of Fifth and Broadway, containing 13,000 square feet, and offered to the government by William Brunt. The price is $30,000.

The procedure from this point is for Mr. Brunt to forward to the United States district attorney at Cleveland the deeds and title of the property and he will send it on to the department of justice, where it will be passed upon by the attorney general. If the papers are found to be all right and a clear title to the land is shown the attorney general will certify these facts to the secretary of the treasury and the money will be paid to Mr. Brunt.

The matter of appropriating money for a building will come before the next congress. At present provision only for the site has been made. But supposing an appropriation is made at the first session of this coming congress, it will not be possible for the supervising architect of the treasury to begin work upon the building before the spring of 1905, and possibly not until the fall of that year.

There are now about 150 public buildings authorized in various sections of the country, and they are taken up in the order that title is obtained to the sites. But although the site at East Liverpool may be transfered to the government this fall, there being no money appropriated for the building, nothing can be done in the way of preparing plans, etc., until congress authorizes the expenditure of the money.

East Liverpool is not alone in this matter as there are many other cities in the same fix, and though the sites are provided the preparation of plans cannot begin until congress makes appropriations for building.

The selection of the Brunt site was strongly urged by most of the business interests of East Liverpool and the decision will be hailed with general satisfaction. After the announcement was made of the date on which the matter was ti be decided, scores of letters were written by local business men and firms, urging the treasury department to choose the Brunt property.

SUIT FOR $10,000 HAS BEEN BEGUN

JAMES DEAKIN'S ACTION AGAINST UNITED POWER COMPANY.

Says He Was Knocked Down By a Street Car and Permanently Injured.

Lisbon, September 21.—(Special)—Another heavy damage suit against the United Power company, of East Liverpool, was filed here today, the plaintiff, James Deakin, asking $10,000 for injuries sustained May 7 last.

The plaintiff says that on the date named he was crossing East Market street in East Liverpool when he was run into by one of the company's cars and knocked down on the track, the wheels passing over his right foot and necessitating amputation. Deakin charges that the accident was due solely to the negligence of the street car company and its employes. In the consideration of the long suffering, expense, loss of time and impaired ability to work, resulting from the accident, the plaintiff thinks he has been damaged to the amount sued for. He is a potter and can no longer follow that occupation.

Hill & Davidson are the plaintiff's attorneys.

OFFICER JAY FISHER BITTEN BY A DOG

The Animal Was Supposed to Be Mad And the Wound Is a Serious One.

Officer Jay Fisher, of the East End, will probably leave for Pittsburg this evening, where he will undergo treatment to prevent blood poisoning, which it is thought possible as the result of his being bitten by a mad dog Saturday afternoon.

Fisher was called to the McClure home on Andrews avenue to assist in dispatching a dog which was supposed to be mad. He had the dog muzzled and together with Mr. McClure started toward the river bank to kill the animal. The animal suddenly sprang at the officer and bit a piece of flesh, the size of a dollar, from the calf of his right leg. The officer had a most exciting experience in loosing the dog from its hold. He beat it repeatedly on the head with his mace before it let go. The dog was shot. The officer then went to the office of Dr. Marshall and had the wound cauterized. Friends advised him to go to Pittsburg to take the Pasteur treatment and he has decided to go.

First of 13 to Die.

Lisbon, September 21.—(Special)—The funeral of Mrs. Thomas D. Stewart, at Bethel Presbyterian church in Wayne township, Saturday afternoon, was largely attended. Rev. Mr. Stewart, pastor of the United Presbyterian churches at Leetonia and West Beaver, officiated. Interment was in the cemetery at the church. Mrs. Stewart was aged 73 years and 7 months. She was the eldest of a family of six sons and seven daughters and was the first of 13 to pass away.

MAYOR WEAVER WILL BE PRESENT

Accepts the Invitation to Address the Ohio State Liquor League.

BIG CONVENTION EXPECTED

The opening of the twelfth annual convention of the Ohio State Liquor League at Turner hall tomorrow morning at 10 o'clock promises to be most auspicious. Every arrangement is complete for the affair and the local members of the league who have had the preparation in hand feel that not a stone has been left unturned that would assist in any manner with the success of the gathering.

It is expected that nearly 150 members of the league from every section of the state will be present when President John Koerber, of Akron, calls the meeting to order. After this duty has been performed Mayor W. A. Weaver will make the address of welcome, having been accorded the invitation by the local committee, which carried out a custom that has been in vogue with the league since its organization. The remarks of the Prohibition mayor will no doubt be full of interest.

Delegates from all over the state commenced to arrive in the city this morning and it is thought that before night at least 100 will be present. They are being met at the depot by the reception committee, Joseph Turnbull, Ambrose Weber, T. O. Carman and Fred Oeschmann, who have made it a point to escort them to the places designated for them as their places of abode while within the city.

The convention will be in session until Wednesday evening, Thursday having been set as the date for the delegates to return to their homes. On Wednesday evening the delegates will be handsomely entertained by the local members at Turner hall by a banquet, for which money and care have not been spared. It is the object of local members to make this the most enjoyable feature of the convention, and it will not be their fault if the anticipations are not carried out. While the mass of delegates are in the city they will be entertained in numerous ways, a committee having arranged for an extensive program.

The committee on arrangements to whom the visitors will be particularly obligated is composed of Joseph W. Geon, W. E. Morrow, A. J. Kenney, William Dailey, John Ecker, Robert Maxwell and David Barnhart. The local delegates to the convention are: Joseph W. Geon, W. E. Morrow, A. J. Kenney, T. O. Carman. The alternates are David Barnhart, John Rigot, Robert Sodaker, Robert Dorsey and Henry Hetzel. While the above are the delegates, practically every member of the association living in the city is expected to attend.

The executive officers of the league,

THE DELEGATES FOR EVANSVILLE

THOSE TO REPRESENT THE CITY AT RIVER CONVENTION.

Seven Prominent Men Chosen By the Mayor for the Important Mission.

Mayor Weaver announced the following names this morning as those selected by him to represent the city of East Liverpool at the convention of the Ohio River Improvement association to be held at Evansville, Ind., October 14 and 15: W. H. Surles, W. E. Wells, W. L. Thompson, W. L. Smith, Col. J. N. Taylor, Dr. R. J. Marshall and Gus Martindill.

The mayor states that he has heard favorably from Hon. R. W. Tayler, who will likely accompany the local delegation. It is thought that Hon. James Kennedy will also attend.

THE FOOTBALL TEAM WILL BE A STRONG ONE

Manager Brown, of the Y. M. C. A., Proposes to Have It Embrace the Best Material.

Manager Charles Brown, of the Y. M. C. A. football team, has requested all candidates for positions on the eleven to report at the association parlors at 8 o'clock tonight. It is the hope of the manager to get a line on the best players in the city at this meeting so that he can proceed with the preparations for the opening of the season.

It is the intention of the Y. M. C. A. to place the strongest possible eleven in the field this fall and arrange a number of games with the elevens of nearby towns. The success of the base ball season just closen has proved that athletic contests conducted under the direction of the association are popular with the lovers of sports.

HIGHER WAGES FOR SCHOOL TEACHERS

Commissioner Bonebrake Proposes to Fix the Minimum Wage At $40.

Columbus, September 21.—(Special)—State School Commissioner L. D. Bonebrake says that the wages of the school teachers of Ohio are too low, and he intends to frame a bill, which he will offer to the next legislature, fixing a standard of wages for teachers commensurate with the services given.

The minimum will be fixed at $40, which is what it is in West Virginia.

Few Arrests Made.

Though Chief Wyman and his corps of policemen applied themselves vigorously during Saturday night and Sunday, but three arrests were made, the victims being Frank Sheridan, of Wellsville, James Boski and Adam Booth. The first two were charged with drunkenness and the latter with being disorderly at his home on Third street. Frank Booth, a son of Adam, was arrested today on a similar charge.

THE STATE CAMPAIGN AUSPICIOUSLY OPENED

Tocsin Sounded and Republicans Called to Battle for Good Government and Progress.

HOLLOW PRETENSES OF THE JOHNSON CROWD

Chillicothe, September 21.—There were distinctive features in connection with the opening meeting of the Republican state campaign here Saturday outside of those which always mark meetings of such a character. While thousands cheered the distinguished guests, while bands tooted and filled the air with melody, and while a parade displayed political clubs from every portion of the state, the real significant feature of it all was the underlying, but visible, unanimity of purpose and belief which was seen and heard on every hand—a purpose to carry on a vigorous, clean, manly campaign, free from those things which have already marked the Democratic fight, and belief in a sweeping, overwhelming victory. In these things the Republican leaders who met here found cause for congratulation and reason for mutual joy.

The meeting was held in Yocatonge park, at which Governor Nash presided, and speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor; Warren G. Harding, candidate for lieutenant governor, and others. Scott Bonham, president of the Ohio League of Republican clubs, who were here taking part in the demonstrations, said that special invitations were sent to over 300 clubs after Chairman Dick had written them, "that the only fear this year was the spirit of over-confidence prevalent among Republican workers in Ohio," and in response the demonstration was the largest in the history of the Ohio league. The decorations were as elaborate as at the recent Ohio Centennial celebration.

Hon. Albert Douglas acted as temporary chairman and introduced Governor George K. Nash in a happy style and in turn the latter introduced Colonel Myron T. Herrick, Senator Hanna, Senator Foraker and Hon. Warren G. Harding.

Senator Foraker was the first speaker introduced. He said:

"We are to elect a governor and other important state officials, and elect a legislature that will choose a United States senator. It would be enough to make this election important if nothing more were involved than merely a choice of men for these responsible posts of duty. But more important by far than the question of what man shall hold any one of these places is the great, broad question of a choice between political parties. Is Ohio to go Democratic or Republican is what everybody wants to know, not only here, but all over the country? What we do this year will indicate what we are likely to do next year. A vote for Herrick now means a vote for Roosevelt then. Herrick's election will mean that this great central commonwealth with its vast influence upon the politics of the country, approves and supports the policies of the Republican party now, in the election

SEEKS TO RECOVER VALUABLE PROPERTY

Widow of a Salem Man Enters Suit For Dower Interest in the Estate.

Lisbon, September 21.—(Special)—Mrs. Rebecca Bossert, widow of the late Jeremiah Bossert, of Salem, is plaintiff in a suit filed here today by her attorneys, Potts & Wells, of Lisbon, asking that her dower interest in valuable real estate left by her husband be assigned to her. The defendants named in the petition are Martin L. and Mary Bossert, Blanche Royer, Ora Green, Grace Bossert, Jeremiah Bossert, an infant, Harriet Fawcett, Isabella Green, Charles Fawcett and Judge J. C. Boone, the latter as executor of the estate.

Mrs. Bossert says that on September 12, 1882, she was married to Mr. Bossert, who died in June last, and that during their married life he became the owner of two tracts of real estate by inheritance, a lot in the city of Salem and 402.80 acres in Salem township. It is alleged that coal is being mined from the second tract at the rate of 4,000 tons a month. This coal is being taken from what is known as No. 3 vein, while below it lies vein No. 4. Mrs. Bossert alleges that vein No. 3 is worth $5,000, but that all of the property in question is claimed by the executor, Judge Boone, who is holding it in trust for the defendants.

TELEPHONE WAR GROWING LIVELY

Columbiana Cuts the Bell's Figures Ten Per Cent at Lisbon.

AT AN INTERESTING STAGE

Lisbon, September 21.—(Special.)—The telephone controversy promises to assume a new and interesting phase in Lisbon today which may compel the members of the business association to have two 'phones in their places of business. Four solicitors for the Columbiana Telephone company are expected here this afternoon to commence at once a canvass of the city, with an offer of telephone service which will go the Bell company's figures better by a 10 per cent rebate. The Columbiana solicitors will offer a rate of $24 to business houses and $18 to residences; which, when the 10 per cent rebate is taken advantage of by early payment of dues, will be reduced to $21.60 and $16.20, respectively. This contract will provide for a strictly local service, the same as the Bell company's contract provides for.

FOUR OF THE ARBITRATORS ON POTTERS' WAGE SCALE

The arbitrators who, under the terms of the agreement reached at the hiladelphia conference between the operatives and manufacturers are to settle the two questions in the wage scale the two committees could not agree upon, have been selected and announcement to this effect was made this morning.

The arbitrafors are James S. Hilbert, Rev. C. G. Jordan and Justice H. P. McCarron, of this city, and Circuit Judge John M. Cook, of Steubenville. None of them are connected with the potting industry either as operatives or manufacturers.

The gentlemen named received notice of their appointment this morning, and it is thought all of them will accept. Two of them have already signified their intention of doing so.

The first meeting of the arbitrators will be held some night this week, probably tomorrow, when they will select the fifth arbitrator. The meetings to consider the questions at issue will be arranged later.

The personnel of the committee warrants the assertion that both sides will receive the fairest of treatment.

News and Notes About The Potteries

CARROLLTON NOTES.

Two kilns of saggers were fired this week.

Will Hackney, the mouldmaker, has been on the sick list the past week.

There are now 35 potters employed and 10 more will be added to the payroll by the first of next week.

During the past week over 20 persons from Lisbon, East Liverpool and Sebring have arrived here in quest of work.

The first biscuit kiln will be placed Monday. It will contain about 1,800 saggers, and each sagger will contain on an average of six pieces.

John Clark and his assistants will be here the first of the coming week to complete the lining of the decorating kilns, the fire brick having arrived.

The mule pulleys have not arrived yet, but the foreman, "Big Bill" Kane, was equal to the emergency and rigged up some substitute which will answer until the real things arrive.

The pottery committee states that there is still due about $5,000 on the loan, and the subscribers are earnestly requested to "make good" at the earliest possible moment. The money is needed. The pottery officials have done more than their part, and the subscribers should take pleasure in "whacking."

IMPROVEMENTS AT BURFORD'S.

Burford Brothers are spending several thousands of dollars in improvements to their plant and when the work now in progress is completed they will have one of the best arranged potteries in the city. Up until a short time ago the clay bins and slip departments were at the east side of the building and could not be reached except through a narrow alley, causing a great deal of labor and expense in unloading cars of clay and other material. When it was found impossible to build a switch so that cars could be set in near the bins the firm decided to devise some arrangement whereby the cost of unloading could be lessened. The plan decided upon was the construction of an elevator at the west side of the building and a tramway across the roof of the building to the bins. This work has been completed and the tram is in successful operation. The firm is using coal for biscuit kiln firing and a device may be arranged by which the fuel can be transported from the cars to the kiln shed.

SEWER PIPE MAN ARRESTED.

On the affidavit of Mr. McCombe, of the American Sewer Pipe company's office at Pittsburg, filed before 'Squire Robert Love, of Steubenville, William H. Chatten has been arrested on a charge of embezzlement of $5,000. Chatten has been for eight or 10 years past connected with the office of the Central Sewer Pipe company at Steubenville, and recently purchased the business of the company from the directors, and while no information is given out as to what the embezzlement consists of, it is understood to be in connection with the bank account of the company.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for billousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

PROPOSED NEW RULES TO GOVERN PRIMARIES

Continued from First Page.

the primary elections shall be published in some Republican newspaper printed and of general circulation in said county, stating the authority by which it is published, the purpose, time, manner, conditions and places of holding of such elections, and prescribing the qualification of the persons entitled to vote at such election.

Ninth—The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "County Delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precinct; the ballots for each election precinct shall be put up in pads securely fastened together.

HOW THE ELECTIONS SHALL BE CONDUCTED

Tenth—At the hour appointed for the poll to open, the officers being present shall open the room in which the election is to be held, prepare the ballot box by placing it in a position in plain view of each voter, see that the box is securely locked and the booths in proper condition; they shall have charge of all matters connected with receiving and counting the votes; they shall deliver to each qualified elector who requests the same, one ballot; the voter shall forthwith and without leaving the room, retire alone to one of the voting shelves and without undue delay unfold and mark his ballot; no elector shall be allowed to occupy a voting shelf already occupied by another, or to occupy a shelf for more than five minutes; all marks on the ballot must be made by black lead pencil; if any elector soil or deface a ballot so that it cannot be used, he may obtain another, providing he return the ballot soiled or defaced, which shall be immediately destroyed.

The elector shall observe the following rules in marking his ballot:

(a) Make an X mark to the left of and opposite the name of each and every candidate for whom he desires to vote, in the blank space provided therefor, or

(b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.

NONE BUT OFFICIAL BALLOTS ARE LEGAL

After marking his ballot, he shall carefully fold the same so as to conceal the marks thereon, but show the endorsement and fac simile signatures of the proper offices and keep the same so folded until he has delivered the ballot to the election judge. The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.

No elector shall be allowed to take any ballot from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

Eleventh—After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge who will examine it and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the person voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors present and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names on the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.

ELECTION OFFICERS AND THEIR DUTIES

Twelfth—The election officials shall certify the result in their precinct and promptly seal and send certificate to the secretary of the committee calling the primary, and shall forthwith deliver a copy of the certificate of the result in their precinct to the chairman of the township central committee, who shall immediately issue credentials to the delegates elected.

Thirteenth—No person shall act as judge or clerk whose name appears on the ticket as a candidate for any office except central committeemen.

Fourteenth—No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.

Fifteenth—All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.

Sixteenth—No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.

Seventeenth—At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.

Eighteenth—In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.

MANNER OF HOLDING PRECINCT CAUCUSES

The precinct central committeemen shall advertise said caucus by publication or by posting at least five notices in different conspicuous places, stating the place of holding the caucus and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons so selected to the secretary of the county central committee and such names appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow the voters the privilege of voting for others.

When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.

Nineteenth—There shall be three central committeemen elected in each precinct at the county primary each year, the committeemen so elected in all the precincts of the county shall constitute the county central committee.

The central committee of each township shall organize by the election of a chairman, secretary and treasurer.

The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.

Twentieth—Any central committeeman may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.

THOSE QUALIFIED TO VOTE AT PRIMARIES

Twenty-first—Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.

Twenty-second—Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.

Twenty-third—No person shall loiter or solicit votes within 75 feet of the polling place.

Twenty-fourth—The central committee for each precinct shall provide the room, booths and ballots for each polling place in their respective precincts. All other supplies for county primaries shall be furnished by the county central committee.

Twenty-fifth—These rules shall govern all Republican primaries in the county so far as applicable.

Twenty-sixth—Amendments to these rules must be presented in writing signed by two or more members of the county central committee, and can only be adopted by a majority vote at a regularly called meeting of such committee.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

of a governor, and intends to do the same thing next year in the election of a president.

"Under the administration of Governor Nash the last dollar of our state debt has been paid. Our public institutions have been conducted with economy and efficiency and our taxes for state purposes have been reduced to the lowest rate that we have ever known.

"There may not be the same unanimity with respect to national affairs, but there should be, for all must concede that under Republican policies we are enjoying the most satisfactory results. We are having unexampled prosperity. We have never before experienced such universal business activity. It pervades all sections, and dispenses its rich rewards to all classes of people. Our revenues were never so ample, nor ever so little burdensome. The American name was never so honored throughout the world. Our wealth and our strength are everywhere acknowledged and our diplomacy is everywhere successful. It has commanded the good will and excited the admiration of all the peoples of the earth.

"Instead of voting for a change, Ohio should "stand pat." The election of Col. Herrick will not only insure a continuation of the wise and satisfactory administration of Governor Nash, but it will place at the head of our state one of the ablest and most deserving of our fellow citizens, who has ever been a staunch and faithful representative of the highest and best type of Republicanism; and a Republican legislature will insure to the nation for another term the invaluable services of Senator Hanna.

"We have never had a representative in the United States senate who has better earned this honor. His defeat would be a national disappointment and a state humiliation. With victory this year for Herrick and Hanna, Ohio will then be ready to head the column for Roosevelt next year."

Colonel Myron T. Herrick, Republican candidate for governor this year in his opening speech of the campaign gives a luminous exposition of the tax laws of Ohio. He dwelt especially upon railway taxation, as this is a fad of his opponent, Tom Johnson.

Regarding railway taxation, the average citizen who has been listening to the Johnsonian lucubrations will be surprised to find how little basis there is for charges to fraud in assessment, and on the part of the state board of equalization. Since the present laws in this subject were enacted, there have been four Democratic governors and five Democratic legislatures; but none of them has found fraud, nor felt that these statutes needed revision. The total taxes on Ohio railroads last year averaged $433.30 a mile, an increase of 22 per cent over the previous year. Besides the taxes on their property all railroads pay an excise tax to the state of 1 per cent on their gross earnings. It is difficult to find a substantial basis for the charge that they are not paying their share of Ohio taxes. The Johnson cry for two cents a mile fare curiously enough, meets the fact that the average rate received by the railroads from all their passengers last year was exactly two cents per mile.

Col. Herrick set forth, clearly and correctly, the fact that the only real taxation issue is whether we shall retain the same general system of taxation as at present, which is common to all the states, differing only in matters of detail, or whether we shall abandon all the experience of the past and enter upon a new and untried plan, based upon Henry George's imaginings. Johnson is an avowed advocate of the "single tax." This means that all taxes shall be based upon land, and land alone. The improvements thereon are not to be taxed. The man with $20,000 worth of buildings on his farm of 160 acres is to pay no more tax than the farmer with 160 acres and only a log cabin thereon.

It is time the honest voters of Ohio realized the sinister schemes of this socialist, Johnson, that they may administer a deserved rebuke at the polls next November.

Hon. Warren G. Harding, Republican candidate for lieutenant governor, gave a splendid example of his powers. In one terse statement he set forth the Republican issues in the Ohio campaign—"Practice rather than pretense; performance rather than promise; facts, rather than fads, fancies and frauds; records of things accomplished for the betterment of the people."

Mr. Harding meets the Democratic appeal to state issues in a succinct resume of Republican accomplishment. The Republican state administrations have changed the reficit in the state treasury left by the last Democratic one to a balance of three millions on hand. They have paid nearly two millions of state bonds and extinguished that debt. They have added six million dollars to the improvement of state charitable and educational institutions; and there is not even a hint of extravagance or misappropriation.

The Johnson cry of tax reform is shown to have no adequate basis of fact. There is no well-founded charge on which to appeal for a change. During the present administration of Governor Nash, there has been a tax reduction of three million dollars on realty and personal property. Under this new taxation legislation of last year, more than half the state taxation was lifted from the homes and farms of the people by shifting the burdens where it should go. The purpose is to complete the work of abolishing all taxes on real estate and personalty for state purposes, leaving local taxes only. The limitations of the state constitution stand in the way to an extent; but the proposed constutitional amendment in this subject, if ratified by the people, will open the way for this, and for an equalization of taxation.

Senator Hanna said in part:

"Our ticket this fall, my friends, is well chosen. The personnel of that ticket never has been excelled by either party since I have known anything about state politics.

"As his running mate we have for Colonel Herrick, another young man who has risen by his own individual efforts and ability and secured for himself a position in this state as a legislator second to none. A man who will honor the position and who will make such a record and return to the people who send him there as that they will want to give him something higher next time. (Great applause.)

"Mr. Clarke, whether he did it thoughtlessly or intentionally, in a public utterance at Akron, I believe it was, made this statement: 'This country is on the verge of a financial and industrial collapse.' He sounded that note of danger. Why, God only knows. But to my mind it was a criminal act, because it is not true. As far as the financial and industrial interests of this country are concerned, they never have been in any better shape than today. There is nothing to interfere with the onward progress of this development, except one thing, and that one thing is to shake the confidence of the people in the principles and policies exercised by the party in power. (Great applause.)

"Either Mr. Clarke knows absolutely nothing about business affairs or else that single utterance, standing alone, as affecting the results of this campaign, should condemn him and the party he represents to oblivion forever.

"It is worse than criminal. A man who assumes to speak for a great party and who has at heart the best interests of the men who have been associated with that party and who are inclined to take the utterances that fall from the lips of their leaders as truth, is, I say, worse than a criminal to thus deceive ignorant men.

"Mr. Clarke qualifies his position on the tariff by saying that he would take the tariff entirely off every article manufactured by trusts. What does that mean? Every iron and steel industry in the United States, everything connected with the metal trades, with the cotton trades, and in fact nearly all of our great industries would come within the scope of his proposition.

"Absolute free trade, through all the schedules of our tariff, would shut up 75 per cent of the industrial institutions of the United States until we could get labor down to the price where we could compete with Europe. That is what you are up against, boys.

"I say the whole country has its eyes upon Ohio, knowing that this is the skirmish battle for 1904, and I join with Senator Foraker in making the appeal to our people, under these circumstances, to send a word of greeting and confidence to the young president at Washington, and let him know that Ohio never falters in the right, and will not this time, and that we will lead in the campaign of 1904." (Long continued applause.)

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

The Republican campaign opening at Chillicothe on Saturday was characterized by harmony, earnestness and enthusiasm. The issues of the campaign were ably stated by Senators Foraker and Hanna, State Senator Warren G. Harding, and Gubernatorial Candidate Myron T. Herrick. There was no disposition shown to dodge or evade, but instead a vigorous determination to attack the enemy in every vulnerable spot and to carry on a vigorous warfare. The Republican position is impregnable. The record of the party in the state is the best possible argument in favor of continuing the party in power. The state election in Ohio this fall is a most important one, and its results will go far toward foreshadowing the results in the national election in 1904. Overwhelming victory for the entire state ticket, the adoption of the important constitutional amendments and the re-election of Senator Hanna to the United States senate are certain. The extent of the majority for the Republican ticket will depend upon the extent to which the voters are aroused. It rests with the people to say whether the majority shall be sweeping or feeble. A decreased Republican plurality for the head of the ticket will inspire the Democracy, now putting forth its most strenuous efforts, to renewed exertion another year. It will also encourage Democrats in other states than Ohio. The whole country is watching the Buckeye state Republicans. If they do their duty and turn out and vote as they can and ought, Tom Johnson and his gang will be buried past all hope of resurrection. The Republicans should make the short campaign a hot and earnest one. Victory is assured, but we ought to make the victory so sweeping as to leave the enemy no ground on which to rally for another assault.

The navy department has officially declared the "Star Spangled Banner" to be the national anthem, and officers and men are to stand at "attention" when it shall be played. Whether the war department will follow the naval example, as to a national anthem for the army, remains to be seen. Probably it will. The anthem has been in use since 1814 and is as captivating now as it was then.

The Johnson cry of tax reform is based on nothing. The Republicans of Ohio have been the only tax reformers the state has ever had, and their work has progressed so well that the state is out of debt and the burdens of state tax almost entirely lifted from the shoulders of the people. No state controlled by Democrats can point to such a record.

Out at Kenosha, Wis., a school principal has declared that no boy who smokes cigarettes shall attend school, and the school board is backing him. They consider it wasted effort to try to educate boys who have so little sense as to take up the cigarette habit, and refuse to let go.

If accounts are to be trusted, something over 50,000 Macedonian inhabitants have been massacred by the Turks. How many Turkish people have been massacred in retaliation is not announced. And still Europe looks on without making a move.

Very appropriately, the Beaver Falls papers always speak of their town as "this place." Until a town has climbed out of the "place" class and become either a city or a village there is little hope for it.

Our friends in the Sixteenth congressional district have an interesting problem to solve. But whatever their solution, a strong Republican will continue to represent the district in congress.

Wall street is credited with a determination to defeat Roosevelt for the presidency. Wall street is powerful, but it does only a small part of the voting.

Y., where he has been living since leaving Wellsville several years ago. A number of Wellsville's prominent citizens left for Angola this afternoon to attend the funeral.

The deceased was one of the most prominent men of Wellsville and was widely known throughout the county. He was 48 years of age and had been sick but a short time when he died. Mr. Lyth was manager of the sewer pipe plant at Azelda.

STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

Sarah Mildred, the 25-months-old daughter of Mr. and Mrs. Willis Sloan, of Eighth street, died at 8:15 o'clock this morning of catarrhal fever. The little one had been ill but a few days and her death was a shock to the many friendsof the parents. She was a bright child and her untimely death is deeply regretted by all. The parents have the sympathy of all in their affliction, and it is particularly sad since the deceased was an only child. Detailed arrangements have not yet been made for the funeral, but it will probably take place at 2 o'clock Wednesday afternoon.

H. P. Wilson.

H. P. Wilson, aged 85 years, died this morning at his home near Smith's Ferry from the infirmities of age. The funeral services will be held tomorrow morning at 10 o'clock. SIGNS BOND AND TAKES ALL RISK

Will Reed Has Such Faith in Mi-o-na the Flesh-Forming Food, He Sells It Under Guarantee.

Not one time in 500 does Mi-o-na fail to cure dyspepsia. It is because of its remarkable power to cure this disease that Will Reed is able to sell it in the following unusual way.

With every 50c box he gives a signed guarantee bond to refund the price if the purchaser can honestly tell him that it has not given freedom from stomach troubles, increased flesh, and restored health. The risk is all Mr. Reed's as the following bond which he signs fully shows:

GUARANTEE BOND.

I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles. WILL REED.

Mi-o-na is not a mere digestive that simply gives temporary relief.

While it helps the food to digest, it also has a positive strengthening action upon the digestive organs and puts the whole system in proper physical condition. It restores power to the nerves of the stomach and in this way gives that important organ the power to digest food. In this way natural flesh is regained and health restored.

Remember that you risk nothing in buying Mi-o-na. The bond protects you, so that if it fails to give the desired effect, Will Reed will return your money without question and without argument.

MISSIONARY LIFE IN DARKEST AFRICA

Rev. Willis Hotchkiss Tells of the Trials That Beset Gospel Teachers.

HIS LIFE WAS IN PERIL

On Numerous Occasions, But He Kept on at His Work—God Protects His People — Duty of Christians to Spread Light And Joy.

Rev. Willis Hotchkiss, a missionary from Africa, talked to a large congregation at the First U. P. church yesterday. He was introduced by Dr. Taggart and gave a most interesting discourse. In part he said:

"What the world wants is angels here on earth, as well as in heaven. There is so much squalor, sin, darkness and despair here below that there is need of great labor. A man willing all his property to institutions for good cannot atone for a long life of sin. There is a fountain for the foulness of the world and in all parts of the earth men are conscious of God. In the meanest hut in Africa the occupants are constantly striving to answer the question, 'What shall I do to be saved?' Superstitious rites and forms of idols are testimonials to the universal sense of the need of God. Robert Ingersoll, the world's greatest infidel, standing over his dead brother, uttered these words: 'Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry alone and the only answer is the echo of our wailing cry. My brother, mistaking the approach of death for the return of health, whispered with his last breath, "'I am better now."'

"Let us beneve in spite of doubts and fears and tears and creeds and dogmas that these dear words are true of all the countless dead—that they are better now. In the night of death hope sees a star and listening love can hear the rustle of a wind."

The speaker then told of his life in Central Africa. "I was 600 miles in the interior and about 60 miles from Lake Victoria. The tribe of Negroes with whom I labored number one million. They wear absolutely no clothing, shave the hair from their heads and file their teeth and live in miserable huts of grass and mud. The entrance to the huts is so small that the owners and occupants have to crawl into them." Rev. Mr. Hotchkiss related how he was called one night to attend a sick man and found him lying in one of these huts with eleven other persons and 15 goats—the hut being less than a dozen feet in diameter. "A man becomes like his associates and no wonder of the sin and filth and nakedness of Africa?"

Several times the life of the missionary was attempted. Once at a council of war, or palaver, he was given three days to leave the country. He did not go and the reason the natives did not take his life he attributes to the protecting power of God. Then an edict was issued that he should be starved to death and any one caught taking him food was to be summarily dealt with. For months an old woman, who worked in the fields, dropped a tapioca root near his hut and upon the soup of that he existed until the order for his starvation was revoked. He was 30 times stricken with the terrible fever of the place. He related one incident when a huge lioness was bounding toward himself and a companion, their shots having no effect in the ferocious beast. When their ammunition was exhausted they kneeled on the ground and with upraised hunting knives awaited the final leap of the infuriated animal. When about 70 feet from them the lioness turned and going in another direction was soon lost to view.

Rev. Mr. Hotchkiss closed with an appeal for the people "to treat Christ right" by giving of their goods and wealth sufficiently that the light and joy of the gospel might be carried to the remotest regions of the earth."

THE HARVEST HOME AT ST. JOHN'S CHURCH

Impressive And Beautiful Services. Excellent Music And Eloquent Sermons.

St. John's Lutheran church was beautifully decorated yesterday and an impressive musical program, along with excellent preaching and other impressive exercises were features of the Harvest Home celebration. Rev. Mr. Reinartz preached a grand sermon in the morning from the text, "Seek ye first the kingdom of God and His righteousness."

In the evening the pastor took for his text "The Harvest Is Past, The Summer Is Ended And Many Souls Are Not Saved," the immortal words found in Jeremiah viii:10. He spoke of the endurance of early impressions and the impulses of youth, showing that when the seed is planted in the home training, the sowing time, there would be a fruitful harvest if it were watched and nourished in the early days. Without a foundation it is hard to build, and it is necessary at all times that the child be nourished in the way of the Lord. The minister eloquently pointed out the harvest time when too late, habits and impressions having been formed, the man sees the error of his way. His sermon was scholarly, logical and intensely interesting.

A large offering was taken for home missions, the people responding with a liberality seldom seen. In particular can this be said of the childen. It was a wonderful series of services.

On the Wages of Sin.

Rev. C. G. Jordan preached a strong sermon at the First Presbyterian church last evening from the text, "The Wages of Sin Is Death." A fast life fills an early grave. Men's sins find them out, and business and professional men and politicians who lead sinful lives fail of true success and invite a miserable fate. Rev. Mr. Jordan will preach his farewell sermon here next Sunday.

Gospel Meetings Continue.

So great is the interest in the gospel meetings in the tent on Fifth street that they will continue another week with bible readings every afternoon at 2:30 o'clock and preaching at 7:30 every night. Rev. Mr. Taylor will remain here during the entire week.

KNOCKED DOWN AND LEFT UNCONSCIOUS ON THE TRACK.

Albert Baddeley Murderously Attacked By Unknown Thugs at Wellsville.

As the result of a vicious assault made upon him by highwaymen, Alfred Baddeley, aged 25, married, who has been employed at the plant of the Wellsville China company, lies at his home on Eleventh street, Wellsville, suffering terrible agony with the chances somewhat against his recovery.

Baddeley was found in an unconscious condition on the C. & P. railroad track, near the Vulcan brick works, about 3 o'clock Sunday morning. A long, deep gash in the top of his head caused immediate suspicion of attempted murder and after the apparently inanimate body was removed to the office of a physician the Wellsville police officers instituted a search for those who had committed the deed. While they were working on the case Baddeley recovered consciousness for a few minutes and muttered a few words, stating that he had been attacked by negroes. The officers then went to the quarters of a gang of negroes in the West End and arrested three men, giving as their names Al Jones, Ben Carter and J. H. Lee, on suspicion.

It was thought yesterday that the injured man could not possibly recover. The physicians could not give any hope for him and as he did not become conscious the report gained wide circulation many times that he had died. However, he rallied this morning and there is a possibility of his winning in the desperate struggle against death.

Though rational at times today Baddeley was unable to give an account of the dastardly assault, telling only that negroes committed the deed. He drew $25 Saturday night and it is supposed that the men who felled him so cowardly robbed him and then threw him on the track. This it is thought was done because they feared they had killed Baddeley and they wanted to divert suspicion of murder by having the train grind him into numberless pieces.

BOTH LEGS CRUSHED BY LOCOMOTIVE

Brakeman Jordan Run Down While Trying to Evade a Freight Train and Terribly Mangled.

E. A. Jordan, a brakeman on the Cleveland & Pittsburg road, was struck by a switch engine in the yards here at 7 o'clock this morning and seriously injured, both of his legs having been cut off.

Jordan was walking along the main track, and in an attempt to get out of the way of an approaching engine, he stepped directly in front of a moving switch engine, which struck him down and both of his legs were cut off at the knee.

He was carried to the Twelfth street station by brakemen, and Dr. Noble was called. The remaining portion of the legs were carefully dressed. He was taken to the Alliance hospital, and is not likely to recover.

WEDGWOOD TAKEN TO A HOSPITAL

INSANE MAN CAUSED ALARM AND WAS LOCKED UP.

His Condition Believed to Be Due to the Loss of a Large Sum of Money.

Hopelessly insane Thomas Wedgwood, who was arrested at Beaver Falls on Friday and brought to this city Saturday evening, was taken to Lisbon this afternoon by relatives. Thinking that through medical treatment he may become some better the relatives are going to place him under the care of physicians at the hospital at Lisbon for a few days, and if medical science fails to bring about the desired result, the unfortunate man will be taken before the probate court and subsequently to the Massillon asylum. Dr. C. B. Ogden thinks that his case is incurable for the present at least.

It will be remembered that Wedgwood became violently insane at Beaver Falls. Word was received by Mayor Weaver Saturday to the effect that Wedgwood was arrested at Beaver Falls and the mayor immediately communicated with Thomas Copestick, a son-in-law of Wedgwood, who left at once for the Pennsylvania town. He experienced no difficulty whatever in getting Wedgwood to return and upon their arrival in the city the unfortunate man was escorted to the home of his daughter in the East End. Wedgwood on Saturday evening gave the members of the household no trouble sleeping soundly, but yesterday he began to rave, and at about 12 o'clock last night it was decided best to have him locked up at central station. After he had been committed to a cell Dr. C. B. Ogden was summoned and he administered a sedative. Dr. Ogden appeared at the city hall early this morning and after another examination pronounced Wedgwood in a bad condition. While talking to Dr. Ogden the demented man spoke of having been a candidate for president of the United States. At other times he labored under many different hallucinations, and to his many friends who have known him for the 23 years of his existence in this city, his case is a sad one.

It is said that Wedgwood's insanity is the result of the ill-advised expenditure of some $2,000 which he had received from selling a piece of property.

Asking For Her Hand.

He—Now, if I only had three hands I could get through life so much better.

She—Well?

He—I was just wondering if you wouldn't give me one of yours.

SOUTH SIDE

A BIG HONOR GIVEN TO CHESTER

This Town Gets the Next State Council of the Junior American Mechanics.

The next meeting of the state council Jr. O. U. A. M. of West Virginia, will be held in Chester. At the last convention, held at Martinsburg, there were half a dozen candidates for the next annual meeting. Among the most aggressive of these were Morganstown, Wheeling, Charleston and Chester.

The claims of Chester to the honor of the next convention city were presented by State Councilor O. O. Allison and the delegation from the Panhandle. Chester won the final vote with eight to the good.

Preparations will be made for the entertainment of about 200 delegates and visitors. The work will fall upon the members of the Chester council, and it will be commenced early enough that nothing will be omitted. It is expected that hotel accommodations will have to be arranged for in East Liverpool and Wellsville, and these matters will be left in the hands of competent committees. The business sessions will probably be held in the Jr. Mechanics' new hall.

SPEED ORDINANCE IS OBJECTED TO

Panhandle Railroad Will Oppose a Measure Proposed By Town of Chester.

Officials of the Panhandle Railroad company are preparing to oppose an ordinance which the council intends to enact within the next few weeks. The measure is calculated to regulate the speed of trains within the corporation, to declare it a misdemeanor to make flying switches and to cease certain other irregularities in the manner of running trains through the city.

The railroad people claim they have carried over 50,000 people into Chester during the present season, and not an accident has occurred. It will be remembered that a boy from Canonsburg fell from an excursion train while it was in motion and sustained a broken collar bone. The representatives of the Pennsylvania company claim the tracks through Chester are perfectly safe and will fight any attempt to restrict the running of trains.

Will Drill for Gas.

Drilling machinery is being placed on the ground at the James Murray property at Louisiana avenue and Fifth street. Mr. Murray means to develop the land near his home, with a view to securing sufficient gas to supply his own needs. The gentleman is a man of wide experience in the oil and gas business and will give the territory a thorough test. He is of the opinion there is both oil and gas in Chester and will go ahead with the work at once.

Ready for a New Well.

Harry Conkle, one of the best known oil men in Hancock county, went to Collier's this morning, where he will dress tools for the Stewart interests in the well they are about to drill there. Edward Stewart will leave this afternoon for Collier's and has with him all the drilling apparatus necessary for the development of the field. It will be set up at once and the drilling commenced.

Nimrods' Poor Success.

R. S. Brown, manager of the bridge, and T. R. Williams were hunting in the vicinity of Fredericktown Saturday. Each had informed the other that he was a hunter and both had expected to come home loaded down with game. When they got to town Saturday evening the only thing they bagged was a "grinny," and the men kept that in the background.

Broke His Shoulder.

A serious accident befell Benjamin Cochran Saturday evening. The gentleman is very old, and has been a cripple for years. While stepping from the doorstep at his home on Carolina avenue he accidentally fell, breaking his shoulder blade. Owing to his advanced age it is feared the accident will prove serious.

Gas for Congo.

The residents of Congo have at last been given the assurance that the gas mains will be extended to that town, and all are congratulating themselves in consequence. The pipes will be connected for the Congo supply near the Howard homestead, and work upon the line will be commenced at once.

Contract Let.

The contract has been let for the erection of a fine new dwelling house for Freshwater Bros., on Fifth street. The building will be completed within a few weeks.

CHESTER NOTES.

Charles Brandon is grading in front of his property on Carolina avenue.

Mrs. Phil Marshall, who lives in the country is ill with stomach trouble.

Rev. Mr. Potter, of Brilliant, preached to the Presbyterian congregation yesterday afternoon.

Quarterly meeting will be held at the M. E. church next Thursday evening. Presiding Elder Meecham will be present to deliver a sermon.

Mr. and Mrs. Gibson Woodworth have left Chester for Portland, Ore., where they will make their future home.

William Wright, who has been in Chester for several days, departed today for Detroit, Mich., where he is engaged in business.

John Wesley Johnston began work this morning up extensive repairs to his residence south of town. Mr. Johnston's son arrived home last Saturday and he is now engaged in having the repairs made.

B. S. Good and wife, who have been spending two weeks at Atlantic City and other eastern points, have returned to their home in Chester. At the suggestion of several of his neighbors an attempt was made to secure an interview with Officer Good, but it was unsuccessful.

REALM OF SPORTS

WAYNESBURG WON THE THIRD GAME

A Strenuous Battle Which Resulted in Defeat For the Y. M. C. A.

VASBINDER WAS RATTLED

And the Visitors Had Things Pretty Much Their Own Way After They Got Onto His Curves—The Local Lineup Not Strong.

In the presence of more than 800 shivering fans, Capt. Reark and his aggregation of local ideals fell hard before Waynesburg Saturday afternoon in West End park, losing by the score of 12 to 3. It was the unkindest fall of all. Such a crowd of royal enthusiasts, nearly every man within the gates representing two bits, has never graced the bleechers or grand stand during the season, and for them to be greeted with the exhibition which followed the fifth inning is a rank shame.

Overflowing with joyous anticipation of the hardest fought contest ever pulled off in West End park, every man in the city with even the ear marks of sporting blood in his veins filed to the play ground. They knew that the first two games of the series were par excellence and thought that the last would be a most bitter struggle.

That the game was not what it should have been was due primarily to Vasbinder, who, notwithstanding that he did all within his power to prevent it, exerting himself to the utmost and going into the game with the determination of shutting the visitors out, went into the air in the sixth inning. He made a desperate attempt to regain his composure, but all his strenuousness amounted to naught. The visitors seemingly landed on his delivery at will. He increased his speed at every toss, but the Pennsylvanians had found him and they, like a tenacious bull terrier, hung on until just eight hits were scored against the pride of Salineville, and nearly as many runs. Not alone was Vasbinder responsible for the sudden turn of conditions. The management comes in for a share of the criticism. The lineup placed against the visitors was the worst by many points of the series. The infield was weakened to a great extent, the batting bunch was missing and in fact the aggregation went onto the grounds defeated. Had they won, it would have been a case of "pork."

The air encircling the park was biting cold. The fans stood and sat as close together as possible to counteract the merciless winds and when the game was called the umpire's voice was hardly audible for the chattering of molars and the cracking of knees. For the first four innings a run was not scored by either side, one hit only was made by the locals and only two by the visitors. Everyone was beginning to think that it was the Pittsburg Nationals against New York. In the fifth there was a slight deviation, the visitors coming to the front with a single and a run and the locals made it two runs and one more hit.

When the sixth was started Grandpa Heckathorn was heard to chirp, "At him old man, you can't tell what might happen." It is dollars to doughnuts that if the locals had been aware of what was really going to happen the game would have been called immediately on the account of cold weather. Comfort started the avalanche by getting a free pass. Haller steps forth and places a pretty little hit out in center. Reark fell around in every conceivable direction and before the ball was finally settled Comfort had scored. L. McKeown singled. Morehead did the same stunt. He was followed with a two bagger by J. McKeown, which sent three runs bounding over the plate. The runs were being scored seemingly by the dozen. Vasbinder was all in, hits were dropping in all corners of the lot and Reark commenced to think something should be done. Emmerling retired after having his first finger on the right hand badly mutilated. Webb was sent in to take his place. Reark went to second, Gibson trotted out to middle and a moment later to left, while Jarvis went to short and Barker took the slab. The lightning change had some effect, the next two men up going down in order, but that did nit end it. Three more hits in rapid succession were made with as many runs before Morehead put one into the hands of Gibson. At the conclusion of that inning it was all day for the locals. They could not recover even to a small degree. The visitors had their batting eyes well trimmed for any old thing that started across the plate and though Barker did great work, he was pounded. In the eighth the visitors piled up four more runs and then all the interest, if there was any left after the sixth, disappeared.

Notes on the Game.

Christy Matthewson could not have stopped the avalanche of runs and hits after the first four men in the sixth made their stunts.

Vasbinder never tried harder in his life to win. He deserves credit for his loyal efforts. Being accustomed to a raised pitcher's box was the cause of his inability to furnish the goods.

With Rising and Houser out of the game it was all off for the locals. Both will appear this week, thank goodness, and a different tale may be related.

The fans were rejoiced to see Barker in harness. He has the prettiest delivery of any twirler that ever appeared on a local diamond and his numberless friends hailed his appearance with loud applause.

After suffering two defeats, Waynesburg telegraphed Youngstown that they could not play on Monday and Tuesday, owing to a crippled team. After winning Saturday's game they telegraphed that their men had recovered and they would fill the dates.

RACES AT SALEM

Big Entry List and Promise of Fast Going Cause Much Interest in Meeting.

The entry list for the driving meeting to be held at Salem for four days, commencing tomorrow, is the largest in years, and the racing promises to be unusually fast and interesting. Manager P. J. Brennan expects the track records to be broken. The events follow:

Smith's Ferry Won.

The Pleasant Heights base ball club, one of the strongest aggregations in the city, made the trip to Smith's Ferry Saturday afternoon, where a game was played with the team at that place. The game was one of the best ever played on the Smith's Ferry grounds, and had the umpire been strictly on the square the Pleasant Heights boys would have won easily. As it was the judgment was poor and some of the decisions of the rankest character. The Smith's Ferry team won by a score of 9 to 6. The favored team realized their opponents were being given much the worst of the deal, and for that reason refused to arrange for another game. A plan is under way just now, however, whereby a final contest may be arranged and if it succeeds the game will be played on the Pleasant Heights grounds.

Athletics Beat Salem.

The closing game of the season on the Salem grounds was played Saturday afternoon between East Liverpool Athletics and Salem, and was a fair game. Score:

										R.	H.	E.
Liverpool	3	0	0	1	0	0	0	0	1	5	9	2
Salem	0	0	0	1	0	0	0	0	0	1	9	5

May Finish With Waynesburg.

Harry Barker left with Waynesburg Saturday to play with that team against the Ohio Works, of Youngstown. He will pitch. He may finish the season with Waynesburg.

The Monarchs Won.

The Monarchs on Saturday afternoon beat the Northside Stars in a game at Park place, 8 to 3. Batteries, Walsh and Purinton, Grim and Kelly.

Empire on Top.

The Marines lost to Empire by a score of 9 to 9. The East Liverpool boys claim the umpire was not square.

SPORTING MISCELLANY.

Dan Patch, the great pacer, has been assessed at a valuation of $261.

Edge Hill, 2:25½, the famous old trotter and sire, died at Youngstown Friday.

Will Lyman, a well known Kent ball player, and Miss Helena Hessert, of Ravenna, were married at the bride's home.

In the Pittsburg-Brooklyn game at Pittsburg Saturday Paul Kruger was struck by a pitched ball and rendered senseless. He is in a hospital in a serious condition.

According to statements made by G. W. Bement, Jr., president of the Central league, South Bend will be awarded the pennant when the directors meet at Fort Wayne on October 3.

Major Delmar made another endeavor to lower his trotting record of 2:00¼ at the Philadelphia driving park Friday. The track was in fair shape, but the best he could do was 2:06½.

"Young Corbett," the world's featherweight champion, and Tim Callahan, the Philadelphia featherweight, are matched to meet in a six-round contest in the Quaker City the first week in October. They will meet at 128 pounds.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any serious results from an attack of bowel complaint during the summer months. PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of, a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

MASSACRES TO END

Sultan Assures Ambassadors Excesses by Troops Will Not Be Repeated.

GUILTY ONES TO BE PUNISHED

Prince Ferdinand Gives Dinner to American Representative—Bulgaria Explains Recent Note to Powers. Turkish Garrison Besieged.

Constantinople, Sept. 21.—At an audience with M. Zinovieff, the Russian ambassador, Friday, the sultan expressed his regret at the excesses committed by the Turkish troops in the vilayets of Monastir and Adrianople. He said that orders had been sent to the authorities concerned to prevent their repetition and he gave the Russian ambassador to understand that the guilty parties would be punished.

The German ambassador, Baron Marschall Von Bieberstein, also had an audience with the sultan, who showed himself most optimistic, declaring that the insurrection was drawing to a close. In fact, it had already been suppressed in some districts and the porte would, therefore, immediately issue proclamations announcing the resumption of the application of the reform scheme.

Misunderstanding Explained.

Sofia, Bulgaria, Sept. 21.—Some apprehension having apparently been created owing to a misunderstanding in regarding the precise meaning of Bulgaria's last note to the powers, explanations have been given to some diplomatic agents here that the memorandum was not intended as an ultimatum, but was rather in the nature of an appeal for the intervention of the great powers before that intervention should be too late. The Bulgarian ministry, it was stated, was determined to maintain its attitude of neutrality up to the last moment, but it feels the impossibility of standing by indefinitely while the Turks exterminated the Bulgarian element in Macedonia.

The government's position is rendered increasingly difficult by the attitude of the Macedonian population in Bulgaria, which, vigorously backed up by the revolutionary committees, is persistently endeavoring to force the government's hand and provoke hostilities with Turkey.

American Guest at Dinner Party.

Prince Ferdinand Saturday evening gave a dinner party at the palace in honor of J. B. Jackson, who had presented his credentials as the first American diplomatic agent to Bulgaria. The guests included F. E. P. Elliot, the British diplomatic agent and the Bulgarian ministers and high officials. Prince Ferdinand proposed the health of President Roosevelt, speaking in English. Great satisfaction is expressed at America's action in establishing diplomatic relations with Bulgaria. The belief prevails that a great opportunity exists for developing a profitable export and import trade with the United States.

A dispatch from the monastery of Rila, Bulgaria, says the condition of the Turkish garrison of Melnik is believed to be critical. It is besieged by bands of insurgents under the leadership of Yankoff, Stoyanoff, Darvinghoff and Zograhoff, all of whom were formerly Bulgarian officers. The insurgents number 1,500, while the garrison is believed to consist of only one battalion.

Quiet During Absence of Troops.

Melnik is a very important strategic point in the mountains, commanding the road between Demirhissar and Razlog. The Turks have withdrawn nearly all their forces from the districts of Danaoumaia and Razlog to send to the relief of Melnik. As a consequence unusual tranquility prevails throughout the district of Razlog where the authorities, lacking the support of the troops, have ceased their policy of persecution and the beys are even furnishing bands with food. The Turkish population is described as being in a state of great consternation.

A company of Turkish soldiers and Bashi-Bazouks recently found the hiding place of a hundred families of refugees from the villages of Dupeni and Echia, near Resen. They captured the party, violated the women and committed other atrocities.

Forecasts Fearful Future.

London, Sept. 21.—The Daily Mail's correspondent at Sofia telegraphs: One of the revolutionary chiefs have informed me that the revolutionists are massing thousands of men at various points on the frontier and their laboratories are working incessantly to replenish their stock of bombs and explosives. They do not count much on war between Turkey and Bulgaria, but on the day they hear that the meeting between the czar and Emperor Francis Joseph has not had the desired result for Macedonia the world will witness the beginning of massacres, burnings and destruction compared with which the Turkish atrocities will seem child's play. "The banner of revolution," my informant says, "will be unfurled in all the border districts. Every city and village, whether the inhabitants are friends or foes, will be destroyed and such a state of anarchy will be caused that the Turks will step out voluntarily and leave the country to the Macedonian survivors. We have selected the frontier districts for the final operations so that Europe may hear the despairing cries of the dying nation which the Turks will settle."

DECAPITATED BY CAR.

Peculiar Accident Which Befell Michigan National Guardsmen.

Grand Rapids, Mich., Sept. 21.—John Delater had his head cut off and John Manni was fatally injured by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, Michigan national guard, and were returning from rifle practice at Berlin, riding on a Muskegon interurban line combination baggage and passenger coach.

They were sitting in the doorway of the baggage compartment swinging their feet when the car ran onto the bridge. Delater's feet caught on the iron work of the bridge and he was suddenly jerked from the doorway and thrown beneath the wheels of the car. He was decapitated. In falling he clutched at Manni and partially dragged him from the car. Manni had one leg broken and received other injuries that will be fatal.

Broken Levee Causes Flood.

Portage, Wis., Sept. 21.—The city levee on the west side of the Wisconsin river broke and the entire district on the west side of the bridge and the Baraboo river, covering a space of six miles, is one sea of water. Seven hundred feet of newly-built levee was washed away. Farm residences in the district are entirely surrounded. Hundreds of acres of potatoes, corn and millet are ruined.

Settle With Government for Land.

Pueblo, Col., Sept. 21.—The coal land contest between the government and the Colorado Fuel and Iron company, which has occupied the attention of the Pueblo land office and the Washington authorities for the last four months, has been settled by compromise. The steel company will pay $20 per acre, the price asked for the coal land, instead of $2.50 paid for timber and stone land claims. It is understood the Colorado Fuel and Iron company will pay about a half million dollars. The Victor Fuel company has also settled with the government on the same basis on a large number of coal land claims taken up under the timber and stone act.

Filipinos Detained at San Francisco.

San Francisco, Sept. 21.—The 31 Filipinos who arrived on the transport Sherman on their way to St. Louis, where they were to be employed in the construction of the Filipino houses and other buildings at the exposition are detained on board the transport by the immigration authorities because they are apparently liable to become public charges. Although armed with letters of identification from Manila, the Filipinos are all in poor financial straits and appear poorly equipped to continue on their journey to St. Louis.

Fatally Injured by Pitched Ball.

St. Paul, Sept. 21.—In a game of baseball between the Winnipeg team and the Algona (Ia.) team of colored players, W. W. Kelley, second baseman of the Winnipegs, was hit in the head by a pitched ball and probably fatally injured. He is at St. Joseph's hospital and is not expected to survive. Kelley is a brother of Manager Mike Kelley, of the St. Paul American association team, and his home is at Gardiner, Mass.

NEW LEASE OF LIFE

May Be Extended to Canal Negotiations With Colombian Government.

HAY-HERRAN TREATY IS DEAD

Interest Centers in Communications Submitted to State Department—Officials Cannot Make Matter Public. Treaty Favored by Panama.

Washington, Sept. 21.—Interest in the Panama canal situation now centers in the communication which Dr. Herran, the Colombian charge, recently submitted to the state department from his government. Just what the nature of this is Dr. Herran and the state department officials decline to say on the ground it is of a confidential character, but it is understood that it is in the nature of a proposition which will keep alive the canal negotiations with the Colombian government after the expiration of Sept. 22, at which time the existing treaty expires by limitation. Unless there should be a considerable revolution of feeling in the Colombian senate in favor of the Hay-Herran agreement, that is believed to be dead by Minister Beaupre at Bogota and by South American diplomats in Washington.

Panama, Sept. 21.—Senator Obaldia Sunday took over the functions of governor of Panama. The event was the occasion for great popular demonstrations by all parties. It is thought that the appointment of Governor Obaldia may perhaps exert influence against secessionist ideas, not only because he is a native of Panama, which fact engages for him the sympathies of all, but because his appointment apparently is part of a general plan, the result of which will be the election of General Reys to the presidency and the approval of a canal treaty satisfactory to the United States.

Governor Obaldia, in reply to Dr Florentine Goenaga, president of the high court of justice, said:

"I maintain, because they were well meditated, the sincere opinions I expressed as a senator of the republic. I consider that the interests of the world urgently demand the construction of a canal and they have a right to ask our co-operation. The concessions, the object of which is to serve these interests, though they may imply a sacrifice of sovereignty, are not against the rational dignity. We cannot deny civilization what it requires from us to continue its victorious marches."

All the speeches delivered, not only by isthmians but by natives of the rest of the republic, demonstrated that all the inhabitants of Panama are in favor of the treaty.

New Bull Ring Inaugurated.

El Paso, Tex., Sept. 21.—The new $50,000 bull ring at Juarez, on the Mexican border, was formally opened in the presence of 10,000 people, chiefly Americans. Six bulls were tortured and put to death and several horses were slain by the bulls. Cervera, the famous Spanish bull fighter, is at the head of the troupe.

Coffee Men Organize.

San Juan, Sept. 21.—The coffee men of Porto Rico have organized themselves for trade purposes. The meeting—the first coffee convention in the history of the island—brought together 200 men interested in the industry, every bank being represented. All pledged themselves to aid the movement to bring about better conditions.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Mauly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Injured Tourists Identified.

Havre, France, Sept. 21.—The American tourist, who with his wife was slightly injured in an automobile accident in Bolbec, has been identified as James Van Fleet Scudder, of Boston, Mass.

Roosevelt Has Quiet Sunday.

Oyster Bay, Sept. 21.—President Roosevelt passed a quiet Sunday at Sagamore Hill with his guest, President Nicholas Murray Butler, of Columbia university.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr Fowler's Extract of Wild Strawberry.

KILLED BY POLO BALL.

Blow on Player's Temple During Game Ends Fatally.

Chicago, Sept. 21.—Nathan Swift, son of Louis F. Swift, the packer, is dead from the effects of a blow on the temple with a polo ball at Onwentsia field during a game. The accident was at first thought to be trifling. Mr. Swift was playing in a contest in which his companions were Frederic McLaughlin, W. W. Rathbone, Walter Farwell, Sidney Love, Walter Keith, R. R. McCormick and Charles Garfield King.

The ball which struck Mr. Swift was one that went high in the air and from the mallet of Mr. Love. When the ball hit him he did not fall from his saddle and he was at first inclined to make light of the injury. He was induced to dismount, but walked without aid from the field. Arriving at home he complained of dizziness and later he went into a delirium which was followed by his death.

Posses Searching for Outlaw.

Chinook, Mont., Sept. 21.—Posses are scouring every section of the country in the vicinity of Bear Paw mountains after "Kid" Curry, the leader of the gang which held up two Great Northern express trains in July, 1901, and who escaped from Knoxville, Tenn., jail while awaiting transportation to the Ohio penitentiary to serve out a 20-years' sentence for forging signatures to the stolen bank bills obtained in the robbery. Curry has many friends in the country through which he is passing, and they will aid him to reach the rendezvous of his gang, where he will be safe in the fastnesses of the Bear Paw mountains from pursuit or capture.

Negro Convicts Escape from Jail.

Frankfort, Ky., Sept. 21.—A daring jail delivery was accomplished here. Squire Hibler, Clayton Day and Frank Chenault, negroes, the first a convict and the others ex-convicts, all awaiting sentence to prison for murder and robbery, made good their escape. To accomplish it Chenault split the head of Deputy Jailer Merrit Williams with a bottle, seriously injuring him, and opened the doors for the others.

Girls Escape from State Home.

Trenton, N. J., Sept. 21.—Four inmates of the state home for girls in this city escaped from the institution. Two were captured at Bristol and the others are still at large. The home authorities say there was no occasion for the girls running away.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

SSS S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Firemen Called Out—A small fire occurred this morning at about 5 o'clock in the barn of John McLaughlin, West End. The fire department was summoned but before it arrived the flames, which had originated by the upsetting of a lamp on a bale of hay, had been extinguished.

Seriously Hurt—Mr. and Mrs. D. O. Webb, of 135 Avendale street, while returning from Canada, had an exciting experience near Jamestown, N. Y. Their automobile came in contact with a harse and buggy and Mrs. Webb had her side pierced by a thill and has since been suffering from shock.

New Books Received—A number of new books have been received in the high school library, among them being a set of Francis Parkman's American History, 18 volumes, and 10 volumes of the library of the World's Best Orations. These will be added to the large collection of reference books already in the high school.

Candidate for Adjutant General.

Columbus, September 21.—(Special)—Major A. B. Critchfield, commander of the third battalion of the Eighth regiment, is being touted as the successor of Adjutant General George R. Cyger, in the event of Col. Myron T. Herrick's election as governor. He is one of the oldest officers in the Ohio Guard, having been connected with the Eighth for almost 20 years.

An Unlucky Fall.

Lisbon, September 21.—(Special)—Elmer Henderson, of Washington street, this city, had a bad fall yesterday afternoon, while throwing down some hay from a mow. He was leaning against the door which gave way and precipitated him to the ground 20 or 30 feet below. No bones were broken but he was badly bruised and shaken up.

It Is Not the Mission of This Store.

To lecture you upon your duties to yourself. Your own observation must have taught you that he is most respected, who most respects himself. You may bewail your fate—think your neighbor is playing in better luck—yet, your neighbor may have less mechanical skill or less business tact. The business man—the successful business man, unconsciously or consciously judges your qualifications by your clothes; but that is a long story.

now equipped to handle only 100 local 'phones; which, should the entire 260 subscribers of the Columbiana company go over to the Bell company would necessitate a delay of perhaps three months before the remaining 160 could be supplied with service. As the business association has taken action adopting the Bell 'phones its members may be forced to use both if the Columbiana solicitors meet with the success anticipated.

AT THE THEATER

The Robison Stock company opens its engagement at the new Grand opera house tonight in "Salome," a southern romance of the civil war. The story of the play is one of love, war and intrigue, and in places is very thrilling, but not of the blood and thunder type. The period of 1861 to 1863 gives ample opportunity for pretty costuming, showing the quaint gowns worn at that time, and the scenic effects are equally as beautiful, the company carrying all their own scenery and accessories. Judging from the flattering press notices the attraction has received at Parkersburg and Newark during the past two weeks, the company is equal in every way to any repertoire organization on the road. The advance sale gives evidence of a large audience tonight.
